At least 22 crocodiles were rescued in Vadodara on Thursday, August 8. Foresters from the forest department went to Navlakhi pond, which is adjacent to a residential area in the city. They were able to rescue one of the crocodiles after a morning attempt to rescue another crocodile failed. The water level in the pond had risen due to heavy rainfall, making it difficult for the rescuers to enter the water. The rescuers had to use ropes to pull the crocodile out of the water and onto land. The crocodile was then taken to the forest department's enclosure for further care. The forest department has been monitoring the crocodiles in the area and is taking steps to relocate them to a suitable habitat.
