Creating value with a green future

As the global energy industry increasingly shifts towards adopting renewable energy, India is also gearing up to add 500 GW of renewable energy to its electricity grid by 2030, in a bid to reduce the impact of Greenhouse Gases (GHGs) in its cities. Supporting this mission is Adani Green Energy Limited (AGEL), which has been making major strides in delivering clean energy while maintaining reliability and affordability.

We are committed to this objective of the nation and we constantly endeavour to add capacities to support the country's gradual progression towards renewable energy. Our consistent efforts have made us one of the largest renewable energy players in India.

Over the years, we have invested in resources and business insights to build a unique integrated model across the value chain. Safety and sustainability form the backbone of all our activities. We have taken on challenges of the business and have transformed them into opportunities for growth and development.

Today, with presence across 11 states in India, a healthy mix of wind and solar energy and long-term offtake agreements, we have set the pace to achieve our longstanding goal of being at the forefront of investing in cleaner, greener technologies.

Our promise is to continue creating sustainable value for all our stakeholders, while promoting a greener environment and creating a better India for our communities.

Introducing Adani Green Energy Limited

Building a better future with cleaner energy

Adani Green Energy Limited (AGEL) is one of the largest renewable companies in India, with a current project portfolio of 4,560 MW. AGEL is part of the Adani Group's promise to provide a better, cleaner and greener future for India. Driven by the Group's philosophy of 'Growth with Goodness', the Company develops, builds, owns, operates and maintains utility-scale grid-connected solar and wind farm projects. The electricity generated is supplied to central and state government entities and government-backed corporations.

On the back of long-term Power Purchase Agreements (PPAs) of 25 years with central and state government entities, AGEL has leveraged its capabilities and expanded its presence across 11 Indian states. The Company deploys the latest technologies in its projects to power India with clean and sustainable energy. With a portfolio of 46 operational projects and 18 projects under construction, AGEL is driving India on its renewable energy journey.

Group overview

AGEL is promoted by Adani Group, one of the largest business conglomerates with interests across resources (coal mining and trading), logistics (ports, shipping and rail), energy (renewable and thermal power generation, transmission and distribution), agricultural commodities and ancillary industries.

Over the years, the Group has been guided by a set of core values that define the way we do business. These values represent the core priorities in organisation's culture and inspire efforts to create a successful organisation.

Our values

Courage

- » We shall embrace new ideas and businesses
- » Take calculated risks in pursuing new and big business opportunities
- » Dare to achieve
- » Own up to our decisions

Trust

- » We shall believe in our employees and other stakeholders
- » Show faith in the capability of our employees
- » Empower our employees to go beyond the call of duty to deliver results
- » Encourage employees to turn disappointments into learning opportunities
- » Listen to and include the perspectives of our vendors, investors and other stakeholders

Commitment

- » We shall stand by our promises and adhere to high standards of business
- » Be Reliable – 'Do what you say' and 'Say what you will do'
- » Consistently deliver on business goals and targets
- » Consistently demonstrate high standards of professionalism

Our business strengths

- » Largest private sector solar power developer in India
- » Part of a vertically integrated energy and infrastructure conglomerate
- » Predictable and high-quality revenue stream on the back of long-term offtake agreements
- » Long life assets
- » Reputation and track record of execution excellence – Design & Engineering, Project Management, Land Acquisition and Strategic Sourcing
- » Operations and Maintenance (O&M) expertise, delivering committed plant performance at industry-leading benchmarks
- » Market-leading financing terms
- » Skilled and experienced senior management
- » Clear visibility of sites rich in solar and wind resource capable of accommodating ~15 GW future projects

Our culture

Passion

Performing with enthusiasm and energy

Results

Consistently achieving goals

Integration

Working across functions and businesses to create synergies

Dedication

Working with commitment in the pursuit of our aims

Lighting up the nation with clean energy

Kamuthi Solar Project

- » AGEL developed a 648 MW_{AC} solar power plant, the then world's largest at a single location, spread over 2,340 acres situated in Kamuthi, Tamil Nadu
- » It was a mammoth execution undertaken in less than nine months, of which two months were affected with the worst floods in Tamil Nadu's recent history. The next largest solar project in the world is in California (550 MW_{AC}) that took over 3.25 years to execute
- » Due to the exceptional execution, the project was featured on National Geographic's Megastructures episode as 'India's Solar Power House'

Punjab 100 MW Solar Project

- » Commissioned India's largest single-axis tracker-based solar PV project in Bathinda Punjab
- » Spread over 641 acres of land, the plant features power evacuation through 132 kV double-circuit transmission lines connected to the State Transmission Utility (STU)
- » The plant uses technologically superior Tier-1 solar PV modules with polycrystalline silicon cells and employs the Horizontal Single Axis Tracker (HSAT) technology to capture maximum energy from the sun and power thousands of homes in the state of Punjab

Operational Highlights

Setting us apart

- » Average availability of solar plants of 99.6% in FY19
- » Won new projects for 925 MW wind and 675 MW solar
- » Won 390 MW hybrid power project in India's first tender for renewable power projects
- » Implemented RONC adopting cutting-edge technology enabling operational excellence for our projects
- » Bhadla solar park with capacity of 500 MW commissioned
- » Fatehgarh solar park of 1,500 MW construction started

ESG highlights

- » Avoided emission of ~3.6 million tonnes Co₂ equivalent
- » Undertook environment protection through rainwater harvesting and waste management across the business
- » Provided direct and indirect employment opportunities to ~2,800 people
- » Strong governance and disclosures

Social health, environment and safety management

- » Environment and Social Impact Assessment (ESIA) conducted prior to project implementation
- » ISO 14001 (Environment Management System) and ISO 45001 (Safety Management System) being implemented at all sites
- » EHS training conducted for employees and workers – 16,966 hours
- » Continuous safe man-hours recorded – 5.74 million
- » Social impact considered a major factor in design and development of projects
- » Ensured land procurement based on willing buyer-seller arrangement, fairness of pay and negotiation for land price, in good faith
- » Human Resources, Grievance Redressal Mechanism (GRM), Anti-Fraud, Anti-Bribery, and Ethics Procedure and Policies as per World Bank Group and International Labour Organisation
- » Won silver safety award 2018 for best practices in occupational health and safety management from M/S Greentech
- » Regular Environment, Health and Safety (EHS) inspections and audits (internal and external)
- » Environment Social Management System (ESMS) developed and implemented
- » Built long term mutually beneficial relationship with local stakeholders by organising structured meeting at regular interval

Financial Highlights

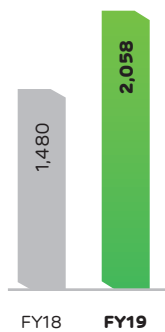

Energising our progress

AGEL has built positive momentum across its portfolio and is delivering value for all stakeholders. We integrate economic success with responsible business conduct to achieve sustainable financial performance and ensure transparency and reliability of financial information. We are committed to fair, timely and on-going disclosures as a means to achieve high levels of management transparency.

Chairman's Review

Building momentum for future growth

Dear Shareholders,

Greetings! We live in interesting times. India continues to be the world's fastest growing economy. We expect India to become the world's fifth largest economy by the end of this year. Our country is expected to see an investment of a trillion dollars in infrastructure, split fairly between public and private sector resources and is on its way to becoming a five trillion dollar economy over the next five years.

India at an Inflection Point

In the recently concluded General Elections, the mandate received by the Government is an indication that the citizens of our country have voted for stability in support of a vision that addresses large segments of the society in a fashion and scale that will radically change India's development trajectory. In an analysis published earlier this year, the World Economic Forum predicted that India will lift 2.5 crore more households out of poverty over the next decade. This will reduce the share of households below the poverty line to 5%. For the country of our size, these are staggering statistics and a harbinger of hope and optimism. Undoubtedly, there will be challenges and uncertainties in the whole process. However, we cannot deny the fact that the ambitions of our nation are taking shape in a transformative and exciting manner and India is at an Inflection point.

The Transformation of the Adani Group

For the Adani Group FY19 has also been a year of Inflection. Each one of our six publicly traded Group companies delivered record financial performance and made tangible progress in further consolidating their positions as industry leaders in every segment we operate in. Each one of the Group companies are now growth platforms, that while mutually independent, draw upon the management and leadership synergies that exist in the Group.

India - Leading a Global Vision on Renewable Power

Strategic policy interventions and the Government's thrust to raise renewables-based power generation capacity target to 227 GW by 2022 from the initial target of 175 GW has been a guiding force that makes India a world leader in the renewables space. It is also pertinent to note that the adoption and development of a low-cost, deflationary and low-emission technology for power generation is not only crucial for economic and social development agenda, but also critical for India in delivering its commitments under the Paris Accord.

India made three primary commitments as part of the Intended Nationally Determined Contribution (INDC) to be achieved by 2030: lowering greenhouse gas emission intensity of its GDP by 33-35%; 40% of power generation capacity to be based on non-fossil fuels, create an additional 'carbon sink' of 2.5-3 billion tonnes of CO₂ equivalent by increasing forest and tree cover. Our country has continued to stick to its promises. Recent government report suggests that we are well on track to meet two of the three targets i.e. target for emission-intensity of the economy and share of non-fossil fuel-based power capacity, much ahead of 2030.

Recent estimates suggest that India's solar potential is 10,000+ GW and wind potential is 2,000+ GW. To effectively capitalise on this opportunity, the central and state governments will need to look beyond current programmes and policies and engage all power sector participants and stakeholders. AGEL is well aligned with the government's recent renewable energy generation target which comprises 114 GW of Solar and 67 GW of Wind.

AGEL - Dual Role of Power Provider and Environmental Stewardship

India faces a dual challenge of not only providing power to its 1.3 billion citizens, especially to the 300 million without access to electricity but simultaneously

ensuring that it takes its position as one of the key global leaders driving the adoption of renewable power. In this context, availability of reliable and adequate power in India assumes unprecedented importance. Despite being one of the fastest growing economies in the world, India continues to be at the bottom, when it comes to per capita power consumption.

In FY19, India's peak power demand increased by about 8% while generation capacity additions lagged at 3.5%. While thermal power continues to be the dominant source of energy and will remain so in the foreseeable future, renewables are poised to play a critical role in satiating India's appetite for the next phase of clean growth that our nation requires.

AGEL is therefore targeting 15-20 GW capacity by the year 2025. AGEL is investing in developing capabilities to provide reliable, sustainable, round the clock green power for India's power needs. The scale will drive efficiency due to larger plant sizes and hence lower costs as well as enhance a deeper understanding of the technology landscape.

AGEL - Leading India's Renewable Energy Transformation

We currently have ~2.02 GW under operation and ~3.29 GW that is under various stages of implementation. Given our growth over the past three years, AGEL is currently ranked as one of the top 10 fastest growing global renewable energy companies. The platform for further accelerating our growth in both the Solar and Wind sectors are well in place to make us one of the top renewable energy players in the world.

In our short history, AGEL has created much higher shareholder value vis-à-vis its competitors. Our focus on capability - development, and our focus on scale and operational efficiencies will continue to help AGEL in further strengthening its leadership position.

Environment, Social Responsibility and Governance

Along with our focus on the financial and operational performance, we are equally committed to continue to strengthen our corporate governance practices. In line with this, we have implemented a strict policy for related party transactions. We include assessments by internal business teams, review through an external agency and due diligence by an Executive Committee consisting of Board of Directors, to ensure transparency and arm's length nature of all transactions. These steps are in addition to the existing regulatory requirements. As part of our group's focus on water conservation, AGEL is looking to invest in technologies that can reduce the water consumption to near zero level. I am confident that we will lead the efforts in the country and achieve such goal before our target date, March 2025.

Adani Foundation continues to go about its objective of making a difference to the lives of the various communities the Group touches. Our foundation initiatives now reach across 18 states and 2,250 villages and towns touching over 5,00,000 families. Along with the growth of the business, it is this goodness that makes our efforts meaningful.

Growth with Goodness

I thank all our stakeholders for their continued support and conviction in our philosophy of Growth with Goodness. We are committed to continue our exciting journey of growth with the support and guidance of our customers, employees, shareholders, bankers, governments and the Board. We shall continue to remain an active contributor to nation building, adding value to our product portfolio and exploring new opportunities that contribute to the growth of our business and the nation.

Regards,

Gautam Adani
Chairman, Adani Group

CEO's Message

Creating value with a green future

Dear Shareholders,

It gives me great pleasure in presenting our performance for the year gone by, which marked a new journey for our company with a successful public listing. With this listing, our Company became the first domestically listed renewable energy player of this scale in India. I convey my gratitude to our shareholders for expressing their confidence in our story. I believe that this journey will be value accretive and rewarding.

India is one of the fastest growing major economies of the world with rapid urbanisation. Providing 24x7 electricity has remained the strong focus area for the nation. With growing environmental concerns and India's commitment for a cleaner tomorrow, this increasing demand for energy, needs to be met through reliable and clean power sources. To this end, the Government of India has provided a sustained policy support for development of clean sources of energy i.e. Wind and Solar power plants. Our Company has remained committed to this objective and currently operates the largest portfolio of Solar power plants in the country.

The policy support as well as improved cost competitiveness has helped in increasing the share of Renewable Energy (RE) based capacity in the overall installed power generation capacity to 22% in March 2019 from 12.9% in March 2014. India plans to

add 500 GW of renewable energy to its electricity grid by 2030.

We are committed to create a greener future. Our vision is to have a portfolio of 10 GW of RE projects by 2022. We are investing to tap value-accretive opportunities to deliver on this goal. AGEL is the first Indian company to reach the milestone of 4.5 GW organically. About 60% of this capacity is tied up in PPAs with NTPC and Solar Energy Corporation of India (SECI), and the rest with state DISCOMs. More recently, we have been awarded a wind project of 130 MW and a hybrid project of 600 MW by SECI, taking our overall portfolio to 5.3 GW.

We have also completed a 500 MW Solar Park in Bhadla, Rajasthan in a Joint Venture with Government of Rajasthan. The Joint Venture has started construction of additional 1,500 MW Solar Park in Fatehgarh, Rajasthan.

Year in Retrospect

During FY19, we continued to maintain excellent availability of our solar plants, at 99.63%. Our solar plants generated 3,763 million units of electricity in FY19, up 118% from 1,725 million units in FY18, mainly due to round the year operation of projects commissioned in Q4 of FY18. We recorded a CUF of 22.41% for FY19 vs. 20.21% in FY18. We also recorded a healthy average realisation of ₹ 5.09 per unit sold in FY19.

Our wind power generation capacity increased to 72 MW, from 60 MW in FY18. We commissioned a 12 MW wind power plant in Mundra in Gujarat. Due to certain issues at the end of O&M operator, the availability of our wind plants were down to 79.16% in FY19 against 88.55% in FY18. CUF in FY19 was at 21.22% versus 15.87% in FY18.

During the year, we implemented RONC, connecting all our sites to a cloud-based

platform provided by a European company, allowing us to remotely monitor performance of our projects. With real time data collection and machine learning, our experts located at our centralised command centre, are able to ensure that our plants are in best of the health and we achieve designed performance. Having operationalised over 2 GW of renewable capacity over the years has given us tremendous learning and technical capabilities which enables us to ramp up and stabilise new capacities in shorter time period.

Financial Performance

On the back of higher capacity and electricity generation, our revenue increased 39% y-o-y to ₹ 2,058 crore in FY19. Operating EBITDA stood at ₹ 1,710 crore, up 105% y-o-y. Operating EBITDA margin from power sales was at 90%. Cash profit (EBITDA minus interest and tax) came in at ₹ 792 crore, up 75% year-on-year. On a per share basis, cash profit was ₹ 5.06/- for FY19.

The Company has adopted the written down value method of depreciation, which provides better amortisation of capital cost with more certain near term cash flows as well as more rational economic value realisation. This leads to PAT being negative in initial years post commissioning of projects, although available cash profit remains high. We believe Cash Profit is a better and consistent measure of our performance.

We demonstrated strong ability to secure funding for projects from multiple sources. We recently completed refinancing for major portion of operational projects from domestic financial institutions, and funds, as well as raised a Reg S/144A bond of US\$ 500 million from global debt investors.

Core Growth Factors

At AGEL, shareholder value accretion is core to any project development. This strategic vision drives the investments and value measures are

established. Leveraging our capabilities of site development, in-house design, engineering, procurement and construction, in-house operation and maintenance coupled with disciplined approach to the bidding, have allowed us to deliver industry leading returns from our projects and a healthy organic pipeline of future projects.

We continuously focus on new technology evaluation to optimally configure our plant designs and adopt value-accretive technology advancements in our projects. We engage and develop strategic relationships with our suppliers to provide us with equipment suitable for Indian conditions.

We have a stringent project appraisal process tied with parameters neutral to capital structure which focuses on inherent strength of the projects. We target to pursue those projects where the ratio of total capital expenditure expected and estimated earnings from the project before depreciation, interest and taxes is not more than 6.5 times.

We, at AGEL, believe that our team is vital to the growth of our organisation and to achieve our goals. Their skills and expertise are critical to creating and executing strategies, delivering results, building relationships and securing our Company's reputation. Our human resources management philosophy focuses on empowering employees with learning and development opportunities and enabling their all-round growth.

Safety of our people and stakeholders is part of our core DNA. It is key to our project development and operations philosophy. We continuously work to adopt best practices, train our people and improve processes with ever changing business environment.

We have also rolled out several environment and community related initiatives during the year. For example

implementing waterless cleaning solutions, to reduce usage of water in our operations and implementing rainwater harvesting for a more sustainable environment. Our dedicated teams continue to engage with communities around our operations. We impart trainings for skill improvement and create local employment opportunities within our operations. We work with local groups to improve health, education and nutrition of people around our sites.

Moving Ahead

We plan to commission ~ 800 MW of new capacity of wind and solar projects in FY FY20 and balance of under construction portfolio being commissioned over the coming two years.

We believe that India's renewable energy sector provides us immense opportunity to grow in a value-accretive manner in near future. We have clear visibility for wind and solar resource rich sites of ~15 GW, with land and connectivity tied up for significant portion and balance being tied up. This will enable us to consistently deliver projects with industry leading returns.

AGEL's integrated project planning, focused approach, business and corporate governance practices will generate stable and industry leading returns, delivering enduring value to stakeholders.

I take this opportunity to thank our investors, customers, employees and business partners for reposing their trust in the Company. Your unstinted confidence and support have enabled us to achieve significant milestones. We are confident that it will endow us to not only sustain but also accelerate our growth momentum in the future.

Regards,

Jayant Parimal
Chief Executive Officer

Megatrends

Key trends driving the energy landscape

Renewables are increasingly becoming a preferred source of energy. Several factors – parity with conventional energy, environmental concerns, integration and technology – are driving the increasing adoption of renewables and allowing these alternative sources to compete with conventional forms.

Market dynamics

Over the past two decades, the energy market dynamics have evolved considerably with oil prices staying low due to increased supply and gas prices too not indicating any uptrend. Changing demand patterns, coupled with climate change and global geopolitics, are likely to dictate the market dynamics going forward. Achievement of grid parity by renewables vs. conventional energy in almost all countries in the world has fundamentally changed the energy mix of the globe.

Demographic trends

India is likely to account for more than half the increase in Asia's working age population in the next decade, which is likely to further boost the growing disposable income. With increase in income, consumerism is likely to grow. As white goods and vehicle penetration levels rise, energy demand will largely be shaped by this evolution of the working-class population. Robust economic growth, increase in employment opportunities along the industrial corridors, and the government's focus on building smart cities are likely to accelerate the pace of urbanisation, further boosting demand for power.

Technology

Innovation, advanced materials and improved manufacturing processes are leading to improvement in Solar and Wind equipment, not only in their efficiency but also reducing their cost. This is leading to significantly lower capital cost and higher generation, leading to tariffs that are even lower than conventional sources, thereby pushing the economics towards rapid deployment of renewables. Technology is also playing a critical role in integration of renewables in conventional grids.

Global recognition of climate change

Frequent environmental disturbances and phenomena, caused due to green house gas emissions and resultant global warming, has created more visible adverse impact and experiences. Similarly, air pollution in big cities has become a cause of concern. This has led to general public awareness and the necessary political will to act on climate change and air pollution. Supported by the underlining favourable economics of renewable generation as well as commitment of various nations to the Paris Accord, there is a trend towards rapid adoption for renewables in the energy mix.

Hybridisation of solar and wind energy and emergence of ancillary markets

Variability in Solar and Wind generation has emerged as a concern in large-scale adoption of renewables, especially after it contributes a major share in the energy mix. Hybridisation of wind and solar plant is developing a solution which will reduce this variability due to complementary nature of their generation profile - solar generation is higher during the day, while wind generation can be higher in the night. Hybrid projects would also have much higher capacity utilisation, thus removing the intermittency challenge. Such projects also enjoy the additional benefit of a reduction in costs associated with sharing transmission lines. Peak balancing through gas and hydro generation shifting, demand management, smarter grids, electric vehicles as well as storage solutions including battery, pumped hydro and others are expected to further help out in smoothening out the variability cause due to nature of renewable energy supply.

Move from internal combustion engines to electric vehicles

Around the world, countries are rapidly adopting electric vehicle-related technologies and gradually phasing out fossil fuel-based vehicles as part of their concerted plan to combat climate change and rising pollution in cities. For instance, some European countries plan to phase out all fossil fuel-based cars by 2025 and some intend to stop manufacture of such cars. This initiative is expected to see more than a million electric cars on road by 2030.

On similar lines, India has taken its first stride towards implementing electric mobility solutions. The Government has proposed to discontinue the sale internal combustion engine based vehicles after 2030. This move is going to further increase the demand of electric charging stations consuming more renewable energy.

<ul style="list-style-type: none"> » Cash flow risk management » Counterparty risk management 	<ul style="list-style-type: none"> » Predictable cash flow with 100% contracted business with long-term PPAs (~25 years) » Over 65% (on fully completed basis) with Government of India owned counterparties

Robust Project Execution

Our robust project execution expertise, driven by our superior design, engineering, strategic procurement and project management abilities, have empowered us to continuously scale our execution capabilities and set new benchmarks.

At AGEL, we focus on improving efficiencies and undertaking cost optimisation initiatives to ensure sustained value creation.

Our engineering capabilities help us design cost-efficient projects, which are backed by a thorough analysis of the land, solar radiation, grid connection infrastructure and emerging technologies. Our project design also considers various factors such as the geographical location, climate conditions, temperature and its impact on equipment, local facilities as well as potential maintenance requirements. We thus ensure that all our capital investments are carried out after considering and studying the risks involved.

Our project management team includes members with vast experience in the power sector. Moreover, our efficient systems and processes, and project tracking and control mechanism are efficient in detecting any slippages and in identifying value-accretion opportunities within the project timeline.

This together ensures timely delivery of project equipment, no waiting periods, lower interest costs with minimal inventory as well as the best pricing power for sourcing.

Key strengths

Land acquisition

We leverage our experience in land acquisition and obtaining statutory approvals, having set up large projects, and leverage the vast capabilities and experience of the Adani group in setting up infrastructure projects

Securing land in resource-rich areas near substations to reduce cost of transmission line and optimise generation

Engineering

Strong in-house design team with vast experience in renewables and transmission

Standardisation and optimisation achieved for various technologies and designs adopted for a quick turnaround in engineering activities

Procurement

Leverage on group strength of a large vendor base with long-standing relationship

Influence on suppliers by virtue of large portfolio across group companies

Strong relationship with vendors to procure equipment suited to our business needs with more stringent quality norms as well as control of BoM

Construction

Strong in-house team having a robust knowledge base

Centralised project controls using in-house project management tools (SAP, agile and project management tools)

Direct contracts for higher degree of control on resources, no Engineering, Procurement and Construction (EPC) contracts

High safety standards, Du Pont engaged in framing Group Health, Safety and Environment (HSE) guidelines

Growing with Efficient Operations

We continue to place great emphasis on operational management with focus on moving from conventional reactive maintenance to predictive maintenance.

Operational strategy

- » Cluster-based operating model to ensure adequate support and governance at each site
- » Maintenance and operational excellence based on real-time data analytics
- » Performance analysis by equipment experts at centralised location helped by cloud based RONC and focus on predictive maintenance
- » Feedback loop of findings and improvement opportunities for adoption in future designs and product selection

New technology and innovation

- » RONC for central monitoring of plant performance
- » Dust Detection System (DDS) for measuring soiling loss and optimising module cleaning cycle
- » String level monitoring for operational efficiency improvement
- » Thermal imaging for monitoring module health
- » Use of module level power electronics

Maintenance strategy

- » All equipment classified on criticality, maintenance strategy linked clearly to classification
- » Comprehensive contract management framework for inverters and module
- » Comprehensive AMC for switchyard equipment and associated transmission lines

Spares management

- » Inventory classification on vital, essential and desired depending on criticality
- » Level set in stringent manner ensuring optimum inventory
- » Spares development and indigenisation and introduced the concept of Spares Pooling
- » Adopting Annual Rate Contract for consumable items

We source the highest quality equipment from reputed OEMs. Our solar modules are sourced complying with the industry's strictest quality norms, manufactured on production lines selected by us, using the bill of material approved by us and under the watch of our representatives as well as third-party quality control consultants. Performance of these equipment are further secured by industry-leading performance guarantees and warranties. Similarly, inverters and trackers are sourced from industry-leading suppliers providing best-in-class products at competitive prices and committed after-sales support.

Harnessing Technology and Digitalisation for Operational Excellence

With major thrust on digitalisation as a key enabler for delivering excellence, we have rolled out several initiatives including cloud based RoNC which adopts machine learning, drones for monitoring project progress and digital asset management for asset monitoring, geospatial technologies for surveys and others.

We are leveraging business intelligence tools to improve our O&M practices. We are also utilising Radio Frequency Identification (RFID) and GPS technologies for automated inventory control, asset tracking and maintenance, productivity enhancement and compliance management.

Our customised tools are designed for providing consistent superior performance than industry standards e.g. DDS for measuring soiling loss and optimising module cleaning cycle, measuring

module-level power electronics to identify issues affecting generation and real-time tilt monitoring of plants configured as North South seasonal tracking plants, enabling adoption of multiple tilts to maximise generation beyond the usual 2-3 angles in a year. Some of the key technology adoption initiatives include:

Cloud based RONC implemented at our Head Office

The system is based on cloud-based European technology that collects millions of data points from Supervisory Control and Data Acquisition (SCADA) systems placed at all Adani sites and carries out analysis based on defined KPIs. By setting up the RONC, we have achieved the following:

- » Centralisation of overall management of all Adani sites from a single location
- » Data analytics and machine learning driven decision making
- » World-class operational performance as sustainable competitive advantage

Benefits of RONC

Fully automated operations

Minimal manual intervention reduces maintenance cost and increased margins, Machine Learning enables predictive maintenance

Real-time data availability

Access plant performance data anywhere (desktop and mobile) anytime – both real time and historical data

Business intelligence

Leverage analytics and machine learning to improve operational performance to industry-leading levels

Waterless cleaning system

Reduction of water usage at our solar plants is key for sustainable operations at Adani. We are therefore exploring various technologies involving waterless, semi-automatic and automatic methods of module cleaning. Proof of Concepts (POC) are consistently being conducted

at various plants and are under intricate observation to improve module cleaning quality and save water. We have already deployed the Eccopia-make waterless cleaning system at our Kamuthi Solar Plant in Tamilnadu and semi-automatic module cleaning initiated at Kanasar, Rajasthan. Demonstrations and trials are being undertaken at various sites where indigenous module cleaning systems such as those developed based on site-specific conditions (with regard to undulations and climate) and automatic robotic cleaning systems are being optimised.

Hot spot detection

We use drone-based aerial thermography to detect significant temperature abnormalities such as hot spots and hot areas on the solar panel. We then use this information to detect and replace defective modules on time, thus improving plant performance.

String-level Performance Ratio (PR) monitoring

Daily performance of each string and inverter is analysed for identifying outliers. For outliers beyond threshold, tickets are raised to identify issues in string and preventive or corrective actions are taken. Continuous PR monitoring is undertaken at string level for improvement. For deviations more than 3% from the median, the blocks are analysed and corrective action is taken for improving the PR. Over a period even median also moves higher, thereby assuring superior plant performance.

Standard Operating Procedures (SOPs)

We have over 33 SOPs designed along with third-party agencies with best international practices for O&M of our plants. We have also deployed KPMG and Green-tech Energy (Germany) as consultants to establish world-class sustainable operation and maintenance practices to ensure optimum control and governance.

Over and above these initiatives, the Company has engaged in other new technologies.

Safety

Safety at work is of utmost importance to us. To strengthen safety compliance and improve safety awareness across the organisation, we have developed a robust digital platform for EHS management, which actively involves our vendors and contractors across sites and factories. The EHS dashboard provides real-time statistics of safety compliance.

Integrated Management System

We have adopted Integrated Management System certification, which includes Quality Management System, Energy Management System, Environment Management System, Asset Management System and Occupational Health & Safety Management System.

People

On the back of a skilled workforce

At AGEL, we recognise that our strength lies in our committed and engaged workforce. We are therefore committed to developing a truly inclusive environment where our people can maximise their contribution. Our objective is to enable our team members to reach their highest potential in a rapidly changing, hyper-competitive business environment. We help them polish and upgrade their skills and knowledge to stay ahead of the curve in today's digital world. We strive to reward our team members with satisfying career paths that leverage their individual talents and appropriately incentivise their performances.

Ensuring the safety and wellbeing of our people is of utmost importance to us. Our continued success is rooted in maintaining a truly diverse workforce, where every employee is respected, included, engaged and contributes actively.

Employee engagement

Our success depends on our people performing at their best – and for this, they need to feel motivated, connected and valued. By making sure our employees are engaged, we create a culture of personal responsibility, diversity and innovation. Investing in our people is critical to our success. We manage our human capital investment by attracting and nurturing our talent, as well as their professional growth and personal wellbeing during their career with us. Every employee undergoes regular, formal performance and career development reviews, and we encourage leaders to have frequent informal performance conversations with their team members. Some of the employee engagement activities include monthly birthday celebrations, safety week, World Environment Day celebration, Samhutsav long-service award celebration, knowledge sharing sessions, employee get-togethers and CSR activities at local level at sites.

Training and development

With the rapid technological and market changes in our industry, it is vital for our employees to keep themselves abreast of the latest industry developments and be future-ready. We offer our people a rich and diverse range of training and educational programmes. These programmes focus on personal effectiveness and leadership, as well as technical and functional areas that support our strategic priorities and business needs. This year, we trained 483 employees in activities such as leadership development programme, interviewing skills, essential habits for being successful at work, and many more.

Training to all employees

THEME: **Zero Harm. 'My Sankalp - My Commitment'.**
(~₹ 1 crore spent on training programme)

Safety and wellbeing

At AGEL, we strive to ensure the physical and mental wellbeing of our people. We continue to remind our people to observe workplace safety and exercise personal responsibility and care at all times. We undertake trainings and awareness activities to inculcate the responsibility of self-safety among our people. We believe that working as a team is the best way to achieve our aim of zero accidents and work-related illnesses.

Following are the tools used in AGEL business for the safety and wellbeing.

- » Health and wellbeing programmes with stakeholders' inputs
- » Good communication between all stakeholders.
- » Engage employees with various EHS campaigns

556
Full-time

546
Contract

Employees as on March 31, 2019

34 years
Average age of employees

Environment

Prioritising environmental protection

We conduct our business in a manner that is responsive to the environmental and economic needs of the communities in which we operate. We understand the intrinsic linkage between strong economic performance and environmental sustainability. We believe that progress can be made only if we find a common ground between the two. We are determined to tackle risks posed due to climate change by improving our operations and collaborating with relevant stakeholders. We continuously find ways to improve our environmental stewardship, seeking greater efficiency in the resources we use and minimising our impacts.

Water management

We systematically measure and monitor the quantity of water consumed and identify operations where water conservation techniques can be implemented. We adopt sustainable water management techniques to limit our water footprint and ensure that no water bodies are affected due to our operations. We put concerted efforts to conserve water by creating a high degree of awareness at every level of our operations and implementing various water abatement measures.

Managing our waste

We aim to generate less waste, and strive to reuse and recycle materials for the same purpose or for secondary use. Our sites comply with all applicable EHS requirements to ensure that any materials are sent for disposal in the most environmentally sound manner.

Air emissions

We monitor our air emissions to ensure compliance with local regulations where we operate. Our policies and procedures enable us to notify the local authorities and, when required, to act as soon as possible. In addition, we proactively evaluate innovative technologies throughout our process to reduce air emissions and assess how they can be implemented across our operations.

- » Through clean energy generation, till date, our facility has avoided 35,84,636 tonnes of CO₂ equivalent
- » A rainwater harvesting structure has been developed to recharge groundwater to improve the water table
- » Waste management processes have been initiated across business sites to address the challenges related to environment protection and the health of the population

Corporate Social Responsibility

Care, Compassion and Commitment to Causes that Matter to Us

The Adani Foundation is the CSR, sustainability and community outreach arm of Adani Group. Established in 1996, the Foundation aligns its mission with the Group philosophy of 'Growth with Goodness'. The Foundation is committed to the cause of the deprived and underprivileged and has been working relentlessly across **2,250 villages in 18 states to uplift the lives of 3.2 million people a year with a multi-faceted approach.**

The Adani Foundation works in four key areas –

Education, Health, Sustainable Livelihood Development and Community Infrastructure Development – while aligning with the Sustainable Development Goals (SDGs). Focusing on inclusive and sustainable growth of society, the Foundation emphasises on long-term behaviour change processes through special projects, namely **SuPoshan, Swachhagraha, Saksham and Udaan.**

The Adani Foundation is the CSR, sustainability and community outreach arm of Adani Group. Established in 1996, the Foundation aligns its mission with the Group philosophy of 'Growth with Goodness'. The Foundation is committed to the cause of the deprived and underprivileged and has been working relentlessly across 2,250 villages in 18 states to uplift the lives of 3.2 million people a year with a multi-faceted approach.

The Adani Foundation works in four key areas—Education, Health, Sustainable Livelihood Development and Community Infrastructure Development—while aligning with the Sustainable Development Goals (SDGs). Focusing on inclusive and sustainable growth of society, the Foundation emphasises on long-term behaviour change processes through

special projects, namely SuPoshan, Swachhagraha, Saksham and Udaan.

1. Education

Children are the future of the nation and education is the most effective tool for transformation, and thus the most effective way of developing a better society and a prosperous nation. To contribute to a better, educated India, the Adani Foundation is undertaking the following initiatives:

- » Adani Vidya Mandirs (AVMs) are schools that impart free-of-cost quality education to more than 2,100 underprivileged students annually
- » Adani Public School in Mundra, Adani Vidyalayas in Tirora and

Kawai, Adani DAV Public School in Dhamra and Navchetan Vidyalaya in Hazira provide subsidised quality education to more than 2,600 students annually

- » The Adani Foundation also provides quality education to 100,000 children through 600 schools and balwadis

1.1 NABET Accreditation for Adani schools

NABET under Quality Council of India (QCI) certified Adani Vidya Mandir, Ahmedabad (AVMA) as an 'NABET-Accredited School', thus making AVMA the first cost-free school in India and the first private school in Ahmedabad city to achieve this feat.

AVMs are providing completely cost-free quality education to 2,100

meritorious students from the economically weaker section of the society. These schools are operational in Ahmedabad (Gujarat), Bhadrashwar (Gujarat) and Surguja (Chhattisgarh). The students are also provided with transportation, uniform, textbooks, notebooks and meals, the cost of which are completely borne by the Foundation.

Adani Foundation introduced 'Coding Sandpit' in all the AVMs in partnership with Cambridge University Press, UK. Coding Sandpit is a type of teaching that focuses on problem-solving, computational thinking and critical reasoning skills. This is the first time in India that a structured coding curriculum is launched in schools.

Adani Public School, Mundra is now the first school in Kutch and Saurashtra regions to receive the NABET Accreditation. With this achievement, Adani Schools have created a benchmark in educational excellence for others to follow.

1.2 Project Utthan

The Government of Gujarat approved Adani Foundation's proposal to adopt 17 Government Primary Schools in the Mundra taluka in Gujarat covering seven villages, namely Zarpara, Navinal, Shiracha, Nanakapaya, Tunda, Wandh and Dhrub on 25th May, 2018. For the academic year 2018-19, 2,598 students benefited directly and are a step closer to better careers.

1.3 Gyanodaya Project

In partnership with the District Administration and Eckovation Solutions Pvt. Ltd., the Foundation launched the Gyanodaya Project in August 2018 to promote e-learning through 'smart' classes. The project covers 157 government schools in nine blocks across 200 villages of Godda district of Jharkhand, reaching out to 65,000 students studying in 8th to 12th standards.

2. Community health

The Adani Foundation firmly believes that ensuring and improving the overall health of the citizens can directly result in the economic growth of the nation. Healthy people can leverage the growth opportunities made available to them and charter a better future, while also contributing to the development of the nation. To bring healthcare to the remotest regions of the country, the Foundation has undertaken the following initiatives:

- » 17 Mobile Health Care Units (MHCUs) attending to more than 3,20,000 patients annually
- » 12 rural clinics treating more than 30,000 patients annually
- » Various medical health camps providing diagnostic and treatment facilities to more than 51,000 patients annually
- » Treatments provided to over 4,00,000 people annually

2.1 Mobile health care units

The MHCUs are operated by the Adani Foundation nationally with the objective of providing basic healthcare facilities to the remotest rural areas and underserved communities. These facilities include diagnostics, medicines, free-of-cost consultation and referrals by certified doctors at the doorstep of community members. The efforts made by the Foundation helps patients save cost on consultation fees, medicines and travel, and reduce the possibility of losing livelihood due to weak connectivity to the public healthcare system.

As many as 3,37,853 treatments were provided exclusively through MHCUs.

2.2 Rural clinics

The Adani Foundation also operates numerous Rural Health Clinics where cost-free healthcare services are

provided to the needy people on a daily basis. These clinics, operating in Mundra, Anjar and Mandvi in Gujarat, are an important step by the Foundation to ensure that quality medical services are made accessible to the rural populace. 33,674 treatments were provided through these rural clinics.

2.3 Health cards to senior citizens and medical insurance

The Vadil Swasthya Yojana is a scheme under which health cards are provided to senior citizens from socio-economically marginalised sections. The main objective of this scheme is to make timely healthcare services available to senior citizens. Under this scheme, senior citizens with family income of less than ₹ 2,00,000 per annum are provided with green cards through which they can avail free healthcare services amounting to ₹ 50,000 for a period of three years. Senior citizens with family income of more than ₹ 2,00,000 per annum are given blue cards, which allows them to avail healthcare services at the Adani Hospitals at highly subsidised rates. This scheme is currently offered in Mundra, Gujarat. A total of 10,161 treatments were availed by 8,599 cardholders.

2.4 Medical camps

The Adani Foundation regularly conducts various general and specialised medical camps in and around its operational locations for the benefit of local communities. At these

Corporate Social Responsibility

camps, gynaecologists, orthopaedic surgeons, heart specialists, skin specialists, paediatricians, ophthalmologists and ENT surgeons work round the clock to provide related services to the community members at no cost. During the year, 51,779 patients were treated through the Health Camps.

2.5 Gujarat Adani Institute of Medical Sciences (GAIMS) and G. K. General Hospital (GKGH)

On an average, 1,700 patients avail the medical benefits of the hospital every day. In addition, 48 General Health Camps and Specialty Camps were organised in various interior villages of Kutch; these camps created a magical impact and benefited 25,000 patients with specialised treatments. In order to spread awareness about the services available in the hospital, 11 awareness camps and 293 village-level meetings were organised in rural Kutch.

3. Sustainable livelihood development

The Sustainable Livelihood Development programme envisages empowering lives and broadening people's scope for economic opportunities. The programme is based on community-based approaches. In the villages, several communities are economically sidelined and weaker. They depend on a single income source, which is meagre, or are unemployed. Sustainable livelihood projects have been launched to inculcate financial independence among the economically weaker sections by building local partnerships, providing diverse livelihood avenues, embedding the attitude of establishing savings, equipping them to earn and updating their local skills by making use of existing resources to encourage self-reliant lifestyles.

Participation is encouraged by launching specific projects for fishermen communities, farmers and cattle owners, and youth and women. Some of these projects include:

- » Over 40,000 person-days of work were provided as supplementary livelihood opportunity to fisherfolk families
- » Quality of life of 10,650 fisherfolk families improved with the Adani Foundation's support
- » 5,100 farmers benefited from the SRI technique covering 9,200 acres of land, 900 vermi compost beds and 200 home biogas plants, and 600 farmers were supported for drip irrigation covering 1,600 hectares of land
- » More than 800 women from 114 Self-Help Groups (SHGs) are earning their livelihood through various income generation activities

3.1 Women's Co-operative Mahila Udayami Bahuddheshiy Sahakari Samiti Limited

When women in the communities get successfully engaged in income-generation activities, their roles in reforming the bad habits among the male members become more successful and effective. In the process, the future of the coming generations is also secured.

Mahila Udayami Bahuddheshiy Sahakari Samiti Limited is a rural co-operative whose members include 250 women from 10 villages of Parsa in Surguja district of Chhattisgarh. The co-operative creates more equitable and sustainable development by increasing control over newly generated resources by local women of this area. It also gives the women an opportunity to achieve financial independence.

Under this project, women connected with the co-operative are trained and supported through various livelihood-earning activities.

The various livelihood activities that have been initiated by the women co-operative are:

- » White phenyl production
- » Operation of water filtering plant
- » Mushroom cultivation
- » Stitching uniforms
- » Preparing breakfasts and midday meals

3.2 Project Swavlamban

This project was launched with the blessings and goodwill of the differently-abled people of Mundra taluka. The objectives behind the initiative were to increase awareness about government schemes for Divyang people, widows and senior citizens and connect them with the Social Welfare Department. The Adani Foundation also helped the specially-abled people in getting income generation equipment support and proper training to make them self-reliant in the true sense. This year, 154 beneficiaries were linked up with the pension scheme.

A total benefit worth ₹ 15 lac reached 533 people, including the disabled, widows and senior citizens.

3.3 Machhimar Ajivika Uparjan Yojana

The Ajivika Uparjan Yojana was implemented to promote and support alternative livelihoods among the fisher-folk communities during the non-fishing months. The Adani Foundation introduced Mangrove Nursery Development and Plantation in the area as an alternative income-generating activity for the people of the region. Both men and women received training on mangrove plantation, moss cleaning, and other such areas. The Adani Foundation provided them with employment equivalent to 6,261 person-days. Till date, employment worth 35,787 person-days has been provided.

3.4 Animal husbandry

Cattle are indispensable for a farming community. Most of the families in the villages in and around Hazira keep cows and buffaloes for milk as well as for manure. Since the farmers lacked information about their maintenance and upkeep, the majority of animals in the area had low productivity. This project started with an objective of improving the breed of these animals through various support and services, which include:

- » Artificial insemination
- » Infertility treatment
- » Deworming
- » Feedstock demonstration
- » Vaccinations

A total of six livestock development centres have been established to reach out to the rural cattle breeders, covering more than 10,000 families across four locations.

3.5 Adani Sarguja Football Academy

The Football Academy is a residential academy that provides free training, coaching and medical facilities to the youth from underprivileged

backgrounds so that they get an opportunity to excel in football at the district, state and national levels. These promising players are selected from the district of Surguja by a team of coaches, physiotherapists and support staff at the Academy.

Notable achievements of the Academy this year are:

- » 6 players participated in the National Football Tournament in the U-14 age group
- » 9 players participated in the National Football Tournament in the U-19 age group
- » The Academy was the winner of Surguja Football League for the third time

4. Community infrastructure development

Community infrastructure bears a direct impact on the standard of living and the micro economy of the community. The Adani Foundation has worked towards improving the infrastructure in numerous rural areas.

- » 20 check dams built and 320 ponds deepened, increasing water storage capacity to 34,39,235 m³
- » 8 schools constructed and numerous government schools' infrastructure upgraded
- » More than 683 residential units constructed and repaired for Below Poverty Line (BPL) families and the fisherfolk community
- » Around 330 potable water facilities made available to villagers

4.1 Free residential school for tribal children

The Adani Foundation has joined hands with the Kalinga Institute of Social Sciences (KISS) at Baripada, Odisha in setting up a residential school (from Class I to X) with an aim to provide cost-free quality education for the tribal children of the region. The Foundation has already released its first installment of funds to KISS for the first phase of infrastructure development work. The school is expected to become operational soon.

Corporate Social Responsibility

Special Projects

UDAAN

Project Udaan is an inspiration tour and a learning-based initiative focused on the young minds of our nation. Under this project, an exposure tour is organised where school children are given a chance to visit the Adani Group facilities such as Adani Ports, Adani Power and Adani Wilmar facilities at Mundra, Hazira, Kawai, Tiroda, Dhamra and Udupi, to get an insight into the large-scale business operations and thus get inspired to dream big in life.

Around 3,00,000 young students have visited our facilities so far, across all locations. This year, more than 47,124 children took part in the project. The exercise stimulates the young minds to dream big and help them become entrepreneurs, innovators and achievers of tomorrow, and thus play an active role in the process of nation-building.

SAKSHAM

Adani Skill Development Centre

SAKSHAM

SAKSHAM or the Adani Skill Development Centre (ASDC) is a non-for-profit organisation that was registered in May 2016. It focuses on skill development activities to contribute towards nation-building by bridging the skill gap demand and supply, in the line with Government of India's Skill India Mission. ASDC has partnered with the National Skill Development Corporation (NSDC) and has trained more than 31,030 youth (20,800 in FY19) in over 40 courses at 65 centres across eight states of India. It takes a four-step approach to skilling every individual – Mobilising, Counselling, Training and Post-training support. The job-oriented and hands-on skilling programmes ensured a livelihood generation ratio of about

65%. The Foundation carried out the following activities under SAKSHAM:

- » SAKSHAM Udyamiya Kendra
- » A women entrepreneurship group named Saksham Udyamiya Kendra (SEC) has been successfully running centres at Motiya, Dumariya and Basantpur villages. These centres provide tailoring techniques to the enrolled members of the sewing group with support from the Adani Foundation. During the year, these groups have made a turnover of ₹ 1.76 lac from tailoring.
- » The District Administration, Godda in Jharkhand has entrusted our SAKSHAM trainees with stitching and delivering 3,02,000 pairs of uniform for government schools students between standards I to X for the academic session 2019-20. This is a big step towards making 1,000 trained women economically independent and this has brought a ray of hope in their lives.
- » The Adani Foundation has set up a mass production centre with 100 Industrial Sewing Machines at ITI Siktia to support these women in fulfilling their commitment with the District Education Department. Over 700 women are engaged at 11 Uniform Production cum Training Centres spearheaded by Phoolo Jhano Saksham Aajeevika Sakhi Mandal. These women have collectively earned over ₹ 10,42,542 in FY19 through this initiative.

SWACHHAGRAHA

Swachhagraha, inspired by the Satyagraha movement, is a project dedicated towards creating a culture of cleanliness by bringing about a behavioural change and promoting

anti-littering attitude among the masses. This programme has four major components, the first being the School Intervention Programme (SIP). This component aims at creating a brigade of Swachhagrahis who will influence three generations. Through SIP, we have reached out to 5,700 schools across 19 states and have more than 80,000 swachhagraha dal members, spreading the message further to 26,50,000 students.

The Foundation supports the Youth Intervention Programme in working with university students to spread the Swachhagraha message further.

The integration of Swachhagraha with Adani Group companies and other activities of the Adani Foundation aims at leveraging existing projects and opportunities to reach out to larger masses.

Swachhagraha reached out to 12 crore citizens, encouraging them to take personal responsibility of maintaining cleanliness at public places and be Swachhagrahis.

SUPOSHAN - For a healthy growing nation

Malnutrition and anaemia are intergenerational in nature, which prevents our society from achieving its true potential in many spheres. Malnutrition results from a poor diet, lack of food, poor sanitation and hygiene practices, coupled with low literacy levels, especially among women.

Malnutrition during childhood can lead to long-term health problems and to educational challenges and limited work opportunities in future. Malnutrition and anaemia among

children, adolescent girls and women in India is an alarming phenomenon. This warrants an immediate and multi-pronged approach to tackle the issue and break the vicious chain.

SuPoshan targets children under 0-5 years of age, adolescent girls, pregnant women, lactating mothers and women in the reproductive age, with special emphasis on the latter two target groups. 'SuPoshan Sangini' is a village health volunteer who plays a pivotal role in spreading awareness, giving referrals and promoting behavioural change among the target groups to achieve the project objectives.

Currently, 588 Sanginis are working in 1,209 villages and municipal wards across the country and providing services to 3,00,750 households.

Expansion of Project Suposhan

Encouraged by the success of Project SuPoshan at 14 locations covering approximately 5,00,000 population, the Company decided to double the coverage areas by adding six more locations, namely Tharad and Narmada in Gujarat, Varanasi in Uttar Pradesh, Saoner in Maharashtra, Haldia in West Bengal and Bundi in Rajasthan.

Key achievements of Project Suposhan during the year:

Malnutrition

- » 3,320 children who were identified as SAM are now in MAM
- » 8,562 children who were identified as MAM are now in the Healthy state
- » 6,80 SAM children with signs of complications were referred to NRC
- » 1,037 SAM children without signs of complication were provided with Energy Dense Nutritious Food

Anaemia

- » The anaemia levels of 2,149 adolescent girls has improved
- » The anaemia levels of 3,105 women of the reproductive age group improved

Disaster relief activities: Kerala flood relief

APSEZ contributed ₹ 25 crore to the Kerala Chief Minister's Distress Relief Fund to aid the state in its herculean task of reconstruction and rehabilitation in the aftermath of the devastating floods in August 2018. The cheque was handed over to the Kerala Chief Minister on August 23, 2018.

As soon as heavy rains started pouring in unabated, relief kits were distributed to 1,500 flood affected people in Ranni Taluk of Pathanamthitta. The relief group comprising employees, and Adani Foundation teams and volunteers reached out to the villages of Kakkathode, Mundanplavu, Nellikkampara and Kottampara Kurisadi Junction in Aruvapulam Panchayath; Thekkemala, Vanchipramala, Catholic church and St. George Orthodox Church in Mallappuzhasseri Panchayat; and Mangaram and Maroor villages in Konni. Each relief kit contained rice, rice flakes, biscuits, bathing soap, washing soap, toothpaste, toothbrush, candles, matchbox, lungi, nightclothes and cloth bags.

The Adani Foundation also pressed into service its MUH in Kozhancherry, equipped with a doctor, pharmacist and social worker, besides medicines and stationed it at the relief camps. More than 1,000 patients in different camps were provided medical assistance.

Cleaning residential premises, community places and schools, among others were of paramount importance as the flood water receded. This would prevent spreading of diseases and help the premises become usable again. Cleaning works were carried out in schools, hospitals and pathways with a team of 52 members, including the Adani Foundation team, other Company staff and community volunteers.

Form No. MR-3

SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED ON MARCH 31, 2019

[Pursuant to section 204(1) of the Companies Act, 2013 and rule No.9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
The Members,
Adani Green Energy Limited

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by Adani Green energy Limited (hereinafter called "the Company"). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit. We hereby report that in our opinion, the company has, during the audit period covering the financial year ended on March 31, 2019, complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on March 31, 2019 according to the provisions of:

- (i). The Companies Act, 2013 (the "Act") and the rules made thereunder;
- (ii). The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder:-
- (iii). The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder:-
- (iv). Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings:-
- (v). The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
 - a. The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011:-
 - b. The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015:-
 - c. The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009:-
 - d. The Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999:- **Not Applicable to the company during the Audit period;**
 - e. The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008:- **Not Applicable to the company during the Audit period;**
 - f. The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client:- **Not Applicable to the company during the Audit period;**
 - g. The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009:- **Not Applicable to the company during the Audit period;** and
 - h. The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998:- **Not Applicable to the company during the Audit period.**
 - i. SEBI (Listing Obligations And Disclosure Requirements) Regulations 2015:-

Directors' Report (Contd.)

(vi). Laws specifically applicable to the industry to which the company belongs, as Identified by the management, that is to say:

- a. The Electricity Act, 2003

We have also examined compliance with the applicable clauses of the following:

- a. Secretarial Standards issued by The Institute of Company Secretaries of India;
- b. The Listing Agreements entered into by the Company with Stock Exchange(s):-

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

We further report that, the Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Majority decision is carried through while the dissenting members' views are captured and recorded as part of the minutes.

We further report that there are adequate systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report that

1. Upon the Scheme of Arrangement among Adani Enterprises Limited and Adani Green Energy Limited and their respective shareholders and creditors, coming into effect from April 01, 2018, the Company had issued 761 Equity Shares of ₹ 10/- each to shareholders of Adani Enterprises Limited against every 1,000 Equity Shares held by them. Accordingly, 64,96,89,000 Equity Shares held by Adani Enterprises Limited in the Company alongwith its nominees were cancelled and 83,69,55,473 Equity Shares were issued by the Company on April 08, 2018.

Post allotment and as on March 31, 2019, the paid-up share capital of the Company is ₹ 15,64,01,42,800/- comprising of 156,40,14,280 Equity Shares of ₹ 10/- each.

The Equity Shares of Company got listed on BSE Limited, Mumbai and the National Stock Exchange of India Limited, Mumbai on June 18, 2018.

We further report that following Special Resolution passed at the previous annual General meeting dated August 07, 2018

1. Increase in Authorised Share Capital of the Company to ₹ 2500,00,00,000 and consequently alteration of Clause V of the Memorandum of Association of the Company.
2. Approval of offer or invitation to subscribe to Securities for an amount not exceeding ₹ 5,000 crores.
3. Approval of offer or invitation to subscribe to Non-Convertible Debentures on private placement basis.
4. To create security by way of charges, mortgages, pledge, assignment

This report is to be read with our letter of even date which is annexed as Annexure A and forms an integral part of this report.

Annexure – A

To,
The Members,
Adani Green Energy Limited

Our Secretarial Audit Report of even date is to be read along with this letter.

Management's Responsibility

1. It is the responsibility of the management of the Company to maintain secretarial records, devise proper systems to ensure compliance with the provisions of all applicable laws and regulations and to ensure that the systems are adequate and operate effectively.

Auditor's Responsibility

2. Our responsibility is to express an opinion on these secretarial records, standards and procedures followed by the Company with respect to secretarial compliances.
3. We believe that audit evidence and information obtain from the Company's management is adequate and appropriate for us to provide a basis for our opinion.
4. Wherever required, we have obtained the management representation about the compliance of laws, rules and regulations and happening of events etc.

Disclaimer

5. The Secretarial Audit Report is neither an assurance as to the future viability of the company nor of the efficacy or effectiveness with which the management has conducted the affairs of the Company.

Directors' Report (Contd.)

Annexure – C to the Directors' Report

Information pursuant to Section 197 of the Companies Act, 2013 read with Rule 5(1) of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014

- i) The ratio of the remuneration of each Director to the median remuneration of the employees of the Company for the financial year 2018-19 and the percentage increase in remuneration of each Director, Chief Financial Officer, Chief Executive Officer, Company Secretary in the financial year 2018-19:

Name of Directors / KMP	Ratio of remuneration to median remuneration of employees	% increase in remuneration in the financial year
Executive Directors:	-	-
Mr. Sagar R. Adani	3.57:1	-
Non-Executive Directors:	-	-
Mr. Gautam S. Adani	-	-
Mr. Rajesh S. Adani	-	-
Dr. Raaj Kumar Sah	-	-
Mrs. Sushama Oza	-	-
Mr. Sandeep Singhi	0.25:1	-
Key Managerial Personnel:	-	-
Mr. Jayant Parimal	26.34:1	-
Mr. Ashish Garg	16.45:1	4.00
Mr. Pragnesh Darji	-	-

- ii) The percentage increase in the median remuneration of employees in the financial year: 6.14%
- iii) The number of permanent employees on the rolls of Company: 334
- iv) Average percentile increase already made in the salaries of employees other than the managerial personnel in the last financial year and its comparison with the percentile increase in the managerial remuneration and justification thereof and point out if there are any exceptional circumstances for increase in the managerial remuneration:
- Average increase in remuneration of employees excluding KMPs: 7.00%
 - Average increase in remuneration of KMPs: 1.38%
 - KMP Salary increases are decided based on the Company's performance, individual performance, inflation, prevailing industry trends and benchmarks
- v) Affirmation that the remuneration is as per the Remuneration Policy of the Company: The Company affirms remuneration is as per the Remuneration Policy of the Company.

Annexure – D to the Directors' Report

CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS AND OUTGO

Information as required under Section 134(3)(m) of the Companies Act, 2013 read with rule 8(3) of the Companies (Accounts) Rules, 2014 are set out as under:

A. Conservation of Energy:

I) Steps taken or impact on conservation of energy:

- Your Company alongwith its subsidiaries is engaged in the business of generation of energy using wind energy and solar energy.
- Your Company has introduced several initiatives which include installation of automatic cleaning robot system, remote operating centralised nerve centre to monitor operations and maintenance, thermal imaging by drones, real time tilt monitoring, string & inverter level PR monitoring and SoPs designed and tested along-with 3rd party agencies to adopt international best practices.
- Most of our plants are connected with State transmission utilities through dedicated lines

and not through shared lines or connected to distribution feeder sub stations, this leads to minimum grid downtime.

II) Steps taken by the company for utilizing alternate sources of energy:

Your Company is already engaged in the business of generation of energy using wind energy and solar energy and thereby using eco-friendly source of generation of energy.

III) Capital investment on energy conservation equipment:

Since most of the plants of the Company are connected with state transmission utilities, the Company is not required to conserve the energy generated out of the power plants.

B. Technology Absorption:

I) Efforts made towards technology absorption:

We have an experienced in-house technology, design and engineering team which constantly evaluates the technological advancements in all major equipment contained in a Solar plant. With this combination, we are able to use cutting edge commercialised

technologies in our plants and these are designed to provide maximum performance for the invested capital.

We have been experimenting with our value engineering approach to make our projects more economically viable to improve efficiency, plant availability and output and, as a result, profitability. We introduced optimal DC:AC ratios at our projects, utilize customized software for forecasting and use bifacial modules to optimize power generation at some of our projects. We will continue to focus on the new technologies to reduce the cost and increase generation.

For Solar Modules, we have tapped the top super league players among the Tier 1 list of Bloomberg New Energy Finance published list, demonstrating our commitment on quality to ensure long term asset performance. Our Solar Modules are sourced complying with industry's strictest quality norms, manufactured on production lines selected by us, using the bill of material approved by us and under vigil of both our representatives as well as third party quality control consultants. Performance of these equipment are further secured by industry leading performance guarantees and warranties.

Similarly both invertors and trackers are sourced from industry leading suppliers willing to provide us best in class products at competitive prices and committed after sales support.

II) Benefits derived like product improvement, cost reduction, product development or import substitution: Reduction in cost and optimization of power generation.

III) In case of imported technology (imported during the last three years reckoned from the beginning of the financial year): Not applicable

IV) Expenditure incurred on Research and Development: Not applicable

C. Foreign Exchange Earnings and Outgo:

The particulars relating to foreign exchange earnings and outgo during the year under review are as under:

Particulars	₹ in Lakhs)	
	2018-19	2017-18
Foreign exchange earned	-	-
Foreign exchange outgo	4,636.36	70.95

Annexure to the Directors' Report

ANNUAL REPORT ON CORPORATE SOCIAL RESPONSIBILITY (CSR) ACTIVITIES AS PER SECTION 135 OF THE COMPANIES ACT, 2013

- A Brief outline of the Company's CSR policy, including overview of projects or programmes proposed to be undertaken and a reference to the web-link to the CSR policy and projects or programmes:**

The Company has framed Corporate Social Responsibility (CSR) Policy which encompasses its philosophy and guides its sustained efforts for undertaking and supporting socially useful programmes for the welfare & sustainable development of the society.

The CSR Policy has been uploaded on the website of the Company at <http://www.adanigreenenergy.com/investor/investordownloads>.

- Composition of Corporate Social Responsibility Committee:**

- Mrs. Sushama Oza, Chairperson
- Mr. Rajesh S. Adani, Member
- Mr. Sandeep Singhi, Member

- Average net profit / (loss) of the Company for last three financial years:**

Average net loss: ₹ 2,852.25 Lakhs on standalone basis.

- Prescribed CSR expenditure (two percent of the amount as in item 3 above):**

In view of average losses, the Company was not required to make mandatory CSR expenditure during the year 2018-19 as per Section 135 of the Companies Act, 2013.

- Detail of CSR spend for the financial year:**

- Total amount spent for the financial year: Not Applicable
- Amount unspent, if any: NIL
- Manner in which the amount spent during the financial year is detailed below: Not Applicable

- In case the Company has failed to spend the two percent of average net profit of the last three financial years or any part thereof: Not Applicable**

- The CSR Committee confirms that the implementation and monitoring of CSR Policy is in compliance with CSR objectives and policy of the Company.

Gautam S. Adani

Chairman
(DIN: 00006273)

Sushama Oza

Chairperson – CSR Committee
(DIN: 07145540)

Management Discussion and Analysis

1. Economic Review

1.1 Global Economy

The cyclical upswing in global economic activity, which began since the last quarter of 2016 continued until the middle of 2018. However, the momentum in global GDP began to wane thereafter, amid broad-based moderation in activity, spanning developed and emerging economies.

According to the International Monetary Fund (IMF), the global economy expanded by 3.6% in 2018. The growth rate was impacted by multiple headwinds, including weaker sentiments in financial markets, escalating trade tensions between the US and China, macroeconomic issues in Argentina and Turkey and volatility in crude prices. The US economy expanded on the back of strong external demand, private investment, neutral unemployment and minimal inflation. The GDP of the US economy grew by 2.9%, a rise of 70 basis points vis-à-vis 2.2% growth registered in 2017.

A strengthening US Dollar, neutral unemployment and minimal inflation were the primary growth catalysts. Eurozone registered a 1.8% GDP growth during the year, down from 2.4% in 2017, largely due to sluggish demand in the domestic market. China's economic engine is gradually losing its steam; at 6.6%, the country's economic growth was lower than the 6.9% level recorded in 2017.

Global growth (%)

Particulars	Actual CY18	Projections	
		CY19	CY20
World Output	3.6	3.3	3.6
Advanced Economies	2.2	1.8	1.7
US	2.9	2.3	1.9
Eurozone	1.8	1.3	1.5
Japan	0.8	1.0	0.5
UK	1.4	1.2	1.4
Other Advanced Economies	2.6	2.2	2.5
Emerging Markets and Developing Economies	4.5	4.4	4.8
China	6.6	6.3	6.1

Source: International Monetary Fund (IMF)

Outlook

Buffeted by multiple downside risks, the global economy is projected to expand by 3.5% in 2019. The International Monetary Fund (IMF) has revised downwards global growth estimates, following tariff uncertainties between the US and China, as well as weaker momentum seen in Europe during the second half of 2018. Additionally, major economies such as Germany and Japan may also be indirectly impacted by trade tensions. Notwithstanding challenges, emerging and developing economies excluding China will continue to steer the world's growth engine. Although Central Banks across the world have largely adopted an accommodative

stance, the investment cycle may remain constrained for the medium term.

Emerging and developing economies excluding China will continue to steer the world's growth engine.

1.2 Indian Economy

Although India remained in the esteemed club of the world's fastest growing major economies in FY2018-19, domestic economic activities remained sluggish in the second half of the year. Unfortunately, when the economy began to gain momentum from the impacts of demonetisation and Goods and Services Tax (GST) related transition, liquidity crisis cast its shadow on consumption demand and market sentiments. The result was that economic growth rate was marginally impacted. As economic activities decelerated towards the end of 2018 due to a slowdown in both public and private consumption, expectations for the real GDP growth were sequentially revised downwards.

Consumer confidence gradually improved, inching up for two straight quarters ending 31 December, 2018 and 31 March, 2019.

Inflation as measured by the Consumer Price Index (CPI) and the Wholesale Price Index (WPI) remained in low single digits for most part of the year. Consequently, the Reserve Bank of India (RBI) reverted to 'neutral' stance from 'calibrated tightening' (briefly adopted between October and December 2018). The apex bank announced a 25 basis points cut in repo rate in its last policy of the financial year to accelerate economic growth and usher in enhanced liquidity in the ecosystem. The Government of India (GoI) adopted prudent policies to restrict fiscal deficit in a narrow band during the year.

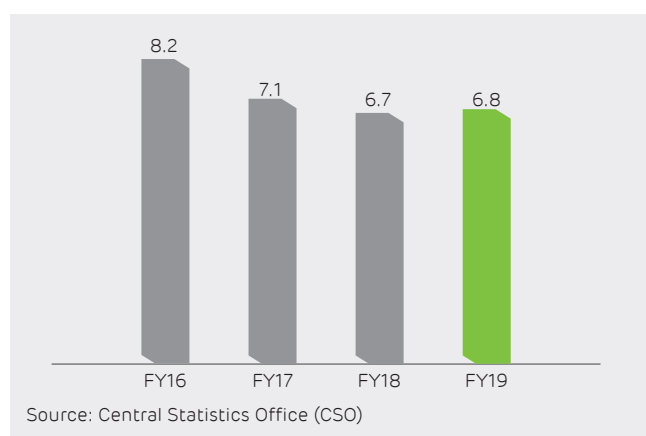

Outlook

Even as global factors will continue to impact the economic landscape, domestic factors such as economic growth, consumption patterns, policy stimulus, inflation and government revenue flow are expected to play an important role in projecting the country's growth trajectory. While paying attention to the requirements of rural areas and agriculture, appropriate measures were announced for reinforcement of important sectors such as infrastructure, healthcare and investments.

Although the RBI is focusing on injecting additional liquidity into the ecosystem, the availability of capital from PSU banks for private investment will remain a challenge. The NPA overhang is expected to continue at least in the near term and the NBFC liquidity position is an issue and will constrain

the availability of funds for infrastructure projects. The fiscal position of the economy is likely to limit the spending on infrastructure. The Union and state governments will need to undertake in-depth study of the industry's capabilities, ensure smooth implementation of policy changes, enable financing and expedite structural reforms to inject life into infrastructure projects.

Annual GDP growth rate (%)

2. Industry Review

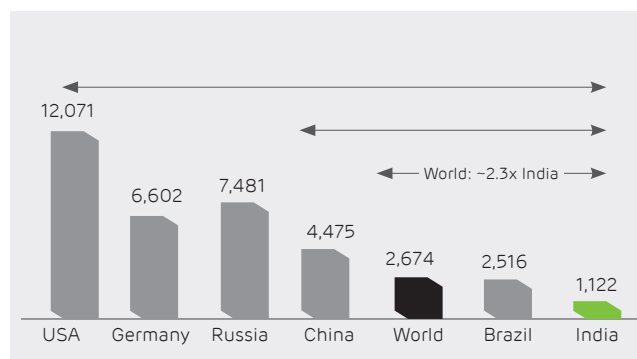

In a rapidly developing economy like India, power remains a crucial facilitator for economic growth and social wellbeing. The demand for power continues to grow as a large proportion of the population aspires for a better quality of life. Interestingly, the country's power sector is one of the most diversified in the world.

Power is generated from conventional sources such as coal, lignite, natural gas, oil, hydro and nuclear power; and from renewable sources such as wind, solar, agricultural and domestic waste. Coal continues to remain the backbone of the power sector and the economy in general, but there is growing focus on green energy,

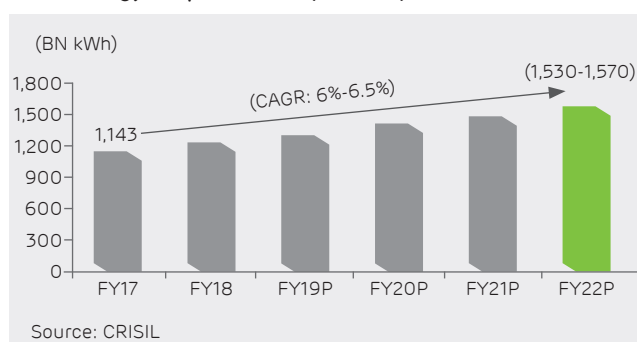

Exponential growth in power demand, coupled with improved access to electricity is catalysing the country's per capita power consumption. It is expected that per capita electricity consumption will increase at 5% CAGR between FY19 and FY23, from 1,149 units in FY18 to 1,450-1,470 units by FY23. This is due to improvement in electricity access in terms of quality and reliability on account of intensive rural electrification and reduction in cost of power supply, resulting in realization of latent demand from the residential segment.

Robust GDP growth is expected at an average of 7.5% to 7.7% from FY19 to FY23. To facilitate this growth, energy requirement is expected to rise at a CAGR of 6.5% to 6.8% during this period.

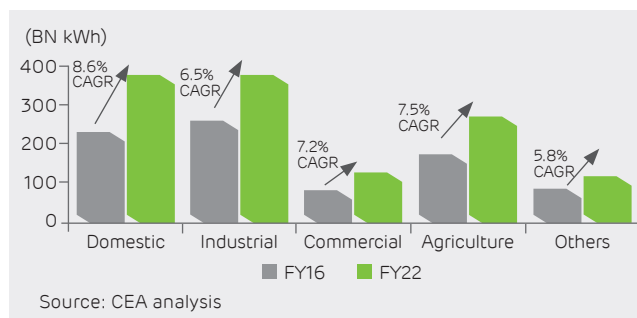

Per capita power consumption 2016 (KWh)

India Energy Requirements (Bn KWh)

Expected Category-wise growth in Electricity Consumption

Per capita electricity consumption is expected to increase at 5% CAGR between FY19 and FY23, from 1,149 units in FY18 to 1,450-1,470 units by FY23.

2.1 Growth of India's renewable energy

Climate change is one of the biggest challenges of the 21st century and India is committed towards the global climate change initiative; and has ratified the Paris Agreement on Climate Change. As part of the Nationally Determined

Contributions (NDC), the country is committed to reduce the emissions intensity of its GDP by 33-35% by 2030 from the 2005 level. The country's renewable energy sector has been at the forefront of growth in capacity development.

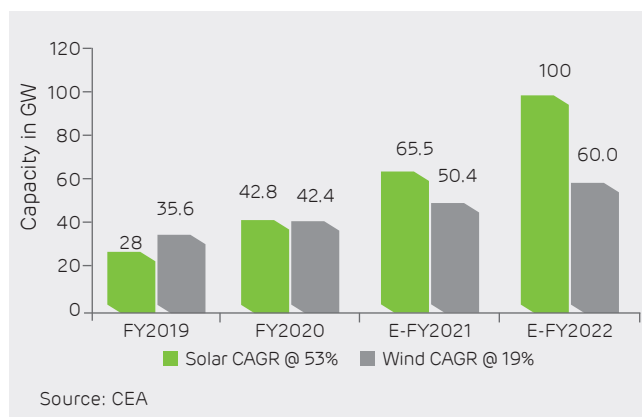

To provide clean and affordable energy to all, the Government of India has set an ambitious target of 175 GW energy from RE sources by 2022. The target is further enhanced to 227 GW. This drive for cleaner energy supply is set against a framework of sweeping economic and demographic change. The country's population is growing fast and by 2025 is likely to overtake China with more people than ever living in urban areas. The convergence of rapid urbanisation and one of the world's fastest economic growth is likely to quadruple India's electricity demand by 2050.

According to CEA, the total installed generation capacity in India as on March 31, 2019 was 356 GW, of which approximately 113 GW of capacity was added in the past five years (FY14 to FY19), with most of this capacity addition coming from new renewable plants. Coal-based installed power generation capacity has maintained its dominant position over the years and accounted for approximately 56% of capacity.

However, renewable energy installations have more than tripled to approximately 78.32 GW capacity as on March 31, 2019, compared with 25 GW as on March 31, 2012, constituting approximately 22% of total current generation capacity. Following the declaration of large hydro as renewable energy source by the Government of India (GoI) on March'19 renewable energy (including Large Hydro i.e > 25 MW) constitutes 34.7 % of total current generation capacity.

Investments in the Indian power sector is expected to continue to grow over the next few years, but with a shift away from conventional power generation towards renewable power generation, transmission and distribution, as illustrated below.

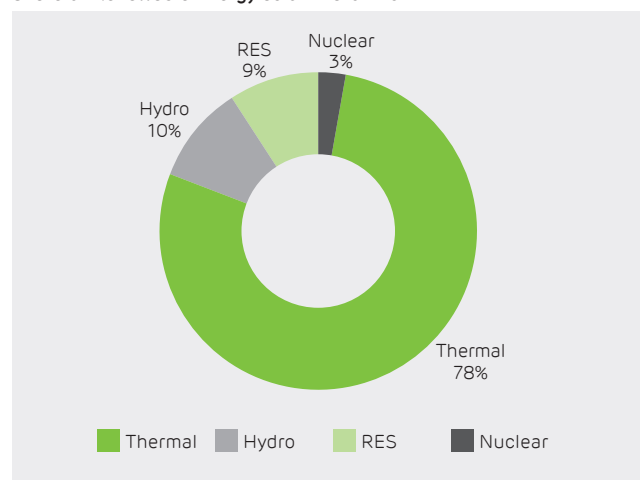

Year Wise Estimated Capacity Addition to Achieve 175 GW Goal

According to CEA, renewables accounted for 9.2% (in energy terms) of India's total power generation in FY19. Non-renewables were responsible for the remaining 90.8%, while their share declined from 94% in FY16. The share of renewable sourced power increased from 5.6% for the same period owing to large capacity additions witnessed in the wind and solar power segments. The country's renewable energy (wind and solar) sector's contribution to the overall power generation mix is expected to cross 10% in FY20 as the country will add 10 giga-watt (GW) generation capacity during the period.

The country plans to have 40% of installed power generation capacity on clean sources by 2030.

Share of Renewable Energy as on March 2019

A total of 8.53 GW of renewable energy capacity was added during the year FY19, taking the cumulative installed renewable energy capacity to 78.31 GW as on March 31, 2019. This comprises 35.63 GW from wind power, 28.18 GW from solar power, 9.91 GW from bio power and 4.59 GW from small hydro power. Further projects of capacity of 67.38 GW were under implementation or already bid out.

As of March 31, 2019, the total installed capacity of all energy sources put together stood at about 356 GW (excluding captive power capacity of 51.5 GW), the thermal sector accounted for 226 GW, followed by renewables at about 78 GW, hydro at 45 GW and nuclear at about 7 GW.

A total of 8.53 GW of renewable energy capacity was added during the year FY19, taking the cumulative installed renewable energy capacity to 78.31 GW as on March 31, 2019.

2.2 Industry Growth drivers

– PPA Tariff for recent Solar & Wind capacities below Average Power Purchase Cost (APPC)

CERC determined the all India APPC for FY20 at 3.60/kWh at the national level as average price for procurement of power by the Power utilities of the nation. This value includes both fixed and variable cost. New solar and wind capacity's PPA tariffs are significantly lower than 3/kWh and these tariffs remain fixed for the next 25 years. This makes it really attractive for Discoms and they are self-incentivised to procure more and more renewable power.

– Commitment to Paris climate change accord

In 2014, the GoI targeted to achieve 175 GW of renewable energy in India, with focus on solar energy (100 GW by FY2022) and wind energy (60 GW by FY2022) in order to achieve its stated Nationally Determined Contribution (NDC) climate action targets according to the Paris Agreement.

Moreover, approximately 60 solar cities will be developed in India as part of Ministry of New and Renewable Energy's Solar Cities program.

– Renewable Purchase Obligations (RPOs) of Discoms:

To ensure increase in renewable penetration, GoI increased the Renewable power purchase obligation (RPO) of Discoms and other obligated entities. It is most important policy driving renewable energy installations and achievement of an aggressive goal of installing 175 GW by 2022 including 100GW of solar power capacity.

Ministry of Power vide its order dated 14th June 2018 issued long term growth trajectory of RPO for Solar and Non-Solar uniformly for all States/Union Territories for a period of 2019-20 to 2021-2022 below.

Long term RPO trajectory

	2018	2019	2020
Non-Solar	10.25%	10.25%	10.50%
Solar	7.25%	8.75%	10.50%
Total	17.50%	19.00%	21.00%

Similarly various State Govts and State regulators have specified a higher RPO share in future enabling higher renewable purchase by Discoms and obligated entities.

– New industrial projects being mandated / incentivised to source power from Renewable Energy

In the preceding couple of years, there's been mainstreaming of solar in large companies. Declining renewable energy costs in recent years, compared with tariffs charged by DISCOMs remains the primary driver for RE installation. Additionally, Indian firms are turning green and sustainable,

and lenders and investors are pushing for renewable, leading to additional demand.

– Integration of Renewable power with current grid infrastructure

The share of renewable energy is likely to more than double from current generation by FY22 and will require substantial investment in grid infrastructure. The government is already taking steps in this direction by constructing green energy corridors and modernising or augmenting transmission infrastructure to evacuate the planned 175 GW by 2022. A network upgrade for Solar and Wind Energy zones of the Country to evacuate ~66.5 GW of RE capacity is already under plans of CEA, with portion of it already under implementation in Phase 1.

Moreover, CEA along with Power Grid conducted a study for large-scale integration of Renewable Power in January 2019, which says that with RE integration there is no congestion in the high voltage national grid.

– Funding constraints for renewable energy to ebb in future

Considering the looming threat of NPAs plaguing the country's banking sector and the fact that sector-specific limit has been hit, capital availability for funding of new projects is becoming a constraint. To encourage public sector banks to lend more for renewable energy (RE) projects and help developers access easy finance, there has been increased representations from the industry participants' to remove priority sector lending limit for the renewable energy sector.

Outlook

India's energy landscape is rapidly evolving to support an expanding economy, accelerate access of electricity to rural areas, fuel the evolution in mobility including EVs and develop the infrastructure required to meet the demands of one of the world's most populated countries. In the last few years, India has evolved from lingering power shortages into a near energy-surplus scenario.

India's energy consumption is expected to grow the fastest among all major economies by 2040. This paradigm change will increasingly influence the development narrative, unfolding across the economy.

According to ICRA, the share of renewable energy in pan-India generation will touch 10% by FY20 and further to 13% by FY22, based on capacity addition forecasts. Large scale capacity addition in Wind and Solar power are expected to continue in foreseeable future.

India's energy consumption is expected to grow the fastest among all major economies by 2040. This paradigm change will increasingly influence the development narrative, unfolding across the economy.

3. Company Profile

We are one of the large renewable companies in India with current 4560-MW project portfolio. We develop, build, own, operate and maintain utility scale grid connected solar and wind farm projects and generate revenue through the sale of electricity to Central and state government entities and government-backed corporations.

We have long-term fixed tariff PPAs of 25 years with Central and state government entities. Leveraging our capabilities, we are expanding our project profile in multiple geographies globally in both the wind and solar sector. Of the total 4,560-MW portfolio as of March 31, 2019, 1,970 MW capacity was operational. The balance capacity of 2,590 MW was under construction and under various stages of development. Another 50 MW Jhansi solar plant was commissioned in May 2019, taking the total operational capacity to 2,020 MW.

We are developing few attractive overseas renewable projects, primarily in the US and Vietnam and are targeting a portfolio of 500-750 MW over the next two to three years with target US\$ returns of about 10% on this planned investment.

FY19 Key highlights

- AGE's equity shares, listed on BSE and NSE in Q1 FY19, makes it the first listed, large scale, pure play renewable power producer in the country
- Won new projects for 925 MW wind and 675 MW solar
- Won 390 MW hybrid power project in India's first tender for renewable power projects
- Implemented Remote Operating Nerve Centre (RONC) adopting cutting edge technology enabling operational excellence for our projects

- Bhadla solar park with capacity of 500 MW commissioned
- Fatehgarh solar park of 1,500 MW construction started

Strengths/Differentiators

1. In house capability for Project Development/ Design/EPC/Land Acquisition/ROW

- We have a strong track record of developing, constructing and operating renewable power projects, driven by in-house teams across all stages of the process.
- Our land acquisition team has extensive experience in identifying and selecting best suited plots of land for development of projects, not only enabling better generation, but also allowing us to deliver our projects in time.
- Our Business development and regulatory team has rich experience in power sector and it continuously evaluates the sector's emerging trends to identify best suited business opportunities and at the same time mitigating inherent risks, delivering better risk adjusted returns.
- We have an experienced in-house technology, design and engineering team, with expertise in selecting the best-suited solar panels, inverters and other equipment along-with best plant configurations so that the performance of the plant is optimised and inherent potential of asset sweating is achieved over asset life.
- Our procurement team constantly evaluates technological advancements for all major equipment, have strategic relationship with major vendors and ensures industry leading quality in equipment procurement
- We have strong Project Management team with experienced civil, electrical and mechanical engineering, who use our internal project tracking system and control mechanism to deliver projects on time and identify value accretion opportunities

2. Adani Group's Strength and Long Experience in Power Industry

- We benefit from the support, vision, resources and experience of our Group, who leads one of India's largest private sector energy and infrastructure conglomerates with assets valued at US\$ 20.11 billion as of March 31, 2019.
- With over three decades of experience in India's energy sector, our Group has built long-standing relationships with key stakeholders.

- Drawing upon the depth of experience, our Group has established a strong track record of executing large-scale projects, which will benefit us across all stages of our project development within India's complex regulatory framework.
- Our Group also brings financial and operational expertise, leveraging long-term relationships with financial institutions to provide us with access to financing in both the domestic and international debt and capital markets

3. Financing Capability

- Our ability to access multiple sources of funding through domestic and global sources i.e. global green bonds, global ECB, domestic development financial institutions, commercial banks and even NBFCs provides us a key competitive advantage
- Owing to strong Leadership in the infrastructure sector, we have the option of intermediate financing through the holding company before financial closure.
- We have demonstrated efficient project refinancing to unlock cashflows, reduce capital cost and elongate debt repayments for our operational projects.

4. Clear visibility of sites for future projects

- We have a strong project site development team which identifies and selects most suitable sites based on multiple objective criteria, for future project development.
- For wind site development, we continuously evaluate various regions of the country for wind resource potential. We have already installed 41 wind-mast in resource rich areas of the country, enabling us to confirm the site wind resource potential and allowing micro siting.
- We have applied for connectivity at selected wind and solar resource rich sites and is in advance stage of land control and acquisition.
- These sites provide us visibility for development of 15 GW wind and solar projects in future at industry leading returns and also reduces our dependence on external wind site providers and land aggregators thereby de-risking our projects.
- We have been successful in securing significant portions of this applied land and connectivity.

5. O&M capability

- Our experienced in-house O&M team is focused on achieving P50 level performance for our projects, reduce plant downtime, extend the lifetime of assets, increase generation availability and optimise the maintenance costs.
- Our robust internal O&M infrastructure includes cloud-based RONC to monitor real-time plant performance and implement a predictive maintenance approach, comprising a centralised head office team and regional cluster teams.
- We have also achieved operational efficiencies by utilising technologies such as automatic cleaning robot system, dust detection system, centralised monitoring and maintenance, thermal imaging through drones and optimal tilt monitoring system.

Our weighted average plant availability for the fiscal year 2018 - 2019 stood at 99.63%

4. Financial Review

Snapshot		(₹ in crore)	
Year	FY19	FY18	Growth (%)
Net Sales	2,058	1,480	39%
EBIDTA	1,710 ¹	834 ¹	105%
EBIDTA %	90% ²	86% ²	-
Cash Profit	792	452	75%

1. Calculation of EBITDA excludes foreign exchange (gain)/loss.

2. EBITDA margin % represents EBITDA earned from Power Sales and excludes other items.

On the back of higher capacity and generation, due to round-the-year operations of commissioned projects, the revenues increased by 39% to ₹ 2,058 crore for FY19.

Our EBITDA was ₹ 1,710 crore, before forex and trading income, which was up 105% compared to that of FY18. Our EBITDA margin from power sales for FY19 stood at 90%. The number is as per our expectation of about 90% EBITDA margin on a full portfolio basis. On the cash profit basis, which is basically our EBITDA less interest cost and tax for the FY19, we were at about ₹ 792 crore, which was again up by 75% y-o-y.

As on 31 March 2019, gross debt was at ₹ 12,236 crore (including ₹ 1,596 crore of debt given by group companies) and net debt was ₹ 10,734 crore (gross debt less cash and cash equivalents including margin money deposits with banks of ₹ 744 crore and trade receivable of ₹ 758 crore).

5. Risk Management

Operating in a dynamic operating scenario, the Company is exposed to various business risks, which may be internal and external. It has put in place a comprehensive risk-management system, tailored to the specific requirements of the business, considering various factors such as size and nature of inherent risks and the Company's regulatory environment.

The risk management system recognises and analyses risks early and takes appropriate action. The Company's senior management regularly reviews the risk management processes for regular effective risk management and mitigation.

The risk management system recognises and analyses risks early and takes appropriate action. The Company's senior management regularly reviews the risk management processes for regular effective risk management and mitigation.

1. Land availability

- Solar and Wind Projects Developers typically look for large land parcels in identified areas ideally closer to evacuation substation, to reduce cost and ensure better resource availability
- We believe that finding appropriate land parcels outside solar or wind parks is generally difficult and land inside these parks would become costlier due to a rise in land purchase costs and scarcity.
- The Company has a dedicated land team with robust system, to identify and secure land parcels close to the evacuation infrastructure and team is developing sites for future projects.

2. Counter Party Credit Risk

- Delayed payments for power purchase has remained a power sector risk due to weak health of some of the Discoms.
- The Ujjwala DISCOM Assurance Yojana (UDAY) programme, which envisages financial turnaround, operational improvements, and reduction in power generation costs, is a prudent step in this direction. Almost all major States in India has adopted the scheme and significant improvement in their financial health is visible.

- Over 60% of our total capacity of long-term PPAs is tied up with high-quality counter parties, majority of whom have ICRA rating A and above. The remaining 35% of our long-term PPA capacity is with DISCOMs, majority of whom have ICRA rating B and above.

Improvement in AT & C losses our PPA counter parties

AT & C Losses

State	FY16	FY17	FY18
Gujarat	15.00%	12.30%	11.70%
Karnataka	14.90%	15.40%	14.50%
Punjab	15.90%	14.50%	17.30%
Tamil Nadu	14.40%	14.50%	14.20%
Madhya Pradesh	24.00%	26.50%	29.70%
Uttar Pradesh	26.50%	30.20%	27.70%

3. Solar Module Performance

- Solar Modules degrade over their life due environmental exposure. An accelerated degradation can be a major risk for a Solar Plant, as Solar PV modules are expected to have a life well beyond the PPA life of 25 years.
- Degradation depends on quality of cells used, manufacturing processes and O&M practices.

To mitigate this risk we do the following:

- We procure modules from Tier-1 manufacturers
- Our O&M practices are aided by string-level analytics in most of our plants and that has made us achieve degradation lower than that mentioned by the manufacturer.
- Generally, at the end of 25 years (design module life), module manufacturers guarantee 80% of nameplate efficiency.
- Analysis in the diagram below provides Solar Module life achieved in some cases as mentioned by various studies, where old Solar modules are still operating (and not replaced for commercial reasons).

1. NREL, CERC, <https://energyinformative.org/lifespan-solar-panels/>

6. Internal Control Systems and Adequacy

The Company has put in place robust internal control systems and best-in-class processes, commensurate with its size and scale of operations. There is a well-established system of multidisciplinary Management Audit & Assurance Services (MA&AS) that comprises professionally qualified accountants, engineers and SAP experienced executives. The team conducts extensive audit throughout the year across all functional areas and submits its reports to the Management and Audit Committee about the compliance with internal controls and efficiency, along with effectiveness of operations and key processes risks.

Some key features of the Company's internal controls system are:

- Adequate documentation of Policies & Guidelines
- Preparation & monitoring of Annual Budgets through monthly review for all operating service functions
- MA&AS department prepares Risk Based Internal Audit scope with the frequency of audit being decided by risk ratings of areas / functions. Risk based scope is discussed amongst MA&AS team, functional heads / process owners / CEO & CFO. The audit plan is formally reviewed and approved by Audit Committee of the Board
- The entire internal audit processes are web enabled and managed on-line by Audit Management System
- The Company has a strong compliance management system which runs on an online monitoring system
- The Company has a well-defined delegation of power with authority limits for approving revenue and capex expenditure which is reviewed and suitably amended on an annual basis

- The Company uses ERP system (SAP) to record data for accounting, consolidation and management information purposes and connects to different locations for efficient exchange of information
- Apart from having all policies, procedures and internal audit mechanism in place, Company periodically engages outside experts to carry out an independent review of the effectiveness of various business processes and invites suggestions for process improvement
- Internal Audit is carried out in accordance with auditing standards to review design effectiveness of internal control system & procedures to manage risks, operation of monitoring control, compliance with relevant policies & procedure and recommend improvement in processes and procedure

The Audit Committee of the Board of Directors regularly reviews execution of Audit Plan, the adequacy & effectiveness of internal audit systems, and monitors implementation of internal audit recommendations including those relating to strengthening of company's risk management policies and systems.

7. Cautionary Statement

Certain statements in the "Management Discussion and Analysis" describing the Company's objectives, projections, estimates and expectations may be 'forward-looking statements' within the meaning of applicable securities laws and regulations. Actual results could differ materially from those expressed or implied. Important factors that could influence the Company's operations include economic developments within the country, demand and supply conditions in the industry, input prices, changes in Government regulations, tax laws and other factors, such as litigation and industrial relations.

Corporate Governance Report

1. Company's Philosophy on Corporate Governance

Corporate Governance is based on the principles of integrity, fairness, equity, transparency, accountability and commitment to values. The Company continues to focus on good Corporate Governance, in line with the best practices in the areas of Corporate Governance. We are firm in the belief that Corporate Governance means commitment for achievement of value based growth and meeting the commitment within the predefined time frame without compromising with ethical standards, set paradigms, transparency in transactions and fixing of accountability.

Courage, Trust and Commitment are the main tenents of our Corporate Governance Philosophy -

- **Courage:** we shall embrace new ideas and businesses. Take calculated risks in pursuing new and big business opportunities.
- **Trust:** we shall stand by our promises and adhere to high standards of business.
- **Commitment:** we shall believe in our employees and other stakeholders.

The Company is in compliance with the conditions of corporate governance as required under the SEBI (Listing Obligations and Disclosures Requirements) Regulations, 2015 ("SEBI Listing Regulations"), as applicable.

2. Board of Directors

At the helm of the Company's Corporate Governance practice is its Board. The Board provides strategic guidance and independent views to the Company's senior management while discharging its fiduciary responsibilities. The Board also provides direction and exercises appropriate control to ensure that the Company is managed in a manner that fulfils stakeholder's aspirations and societal expectations.

The composition of the Board of Directors and the number of Directorships and Committee positions held by them as on March 31, 2019 are as under:

Name, Designation and DIN of Director	Category of Directorship	No. of other Directorships held ¹ (Other than AGEL)	Details of Committees ² (other than AGEL)	
			Chairman	Member
Mr. Gautam S. Adani, Chairman and Director DIN: 00006273	Promoter & Non-Executive	5	-	-
Mr. Rajesh S. Adani, Director DIN: 00006322	Promoter & Non-Executive	6	2	8

a) Composition of the Board

The Company has a balanced Board with optimum combination of Executive and Non-Executive Directors, including independent professionals, which plays a crucial role in Board processes and provides independent judgment on issues of strategy and performance.

The Board currently comprises of 6 (six) Directors out of which 1 (one) Director is Executive Director, 2 (two) are Non-Executive, Non-Independent Directors and remaining 3 (three) are Independent Directors. Independent Directors are Non-Executive Directors as defined under Regulation 16(1)(b) of the Listing Regulations. The maximum tenure of the Independent Directors is in compliance with the Act. All the Independent Directors have confirmed that they meet the criteria as mentioned under regulation 16(1)(b) of the Listing Regulations and Section 149 of the Act. The present strength of the Board reflects judicious mix of professionalism, competence and sound knowledge which enables the Board to provide effective leadership to the Company.

No Director is related to each other except Mr. Gautam S. Adani and Mr. Rajesh S. Adani, who are related to each other as brothers and Mr. Sagar R. Adani who is son of Mr. Rajesh S. Adani.

None of the Directors on the Company's Board is a Member of more than 10 (ten) Committees and Chairman of more than 5 (five) Committees (Committees being, Audit Committee and Stakeholders' Relationship Committee) across all the companies in which he/she is a Director. All the Directors have made necessary disclosures regarding Committee positions held by them in other companies and do not hold the office of Director in more than 10 (ten) public companies as on March 31, 2019.

The composition of the Board is in conformity with the Regulation 17 of the SEBI Listing Regulations.

Name, Designation and DIN of Director	Category of Directorship	No. of other Directorships held ¹ (Other than AGEL)	Details of Committees ² (other than AGEL)	
			Chairman	Member
Mr. Sagar R. Adani, Executive Director DIN: 07626229	Executive Director	1	-	-

Board Meetings and Procedure

The internal guidelines for Board / Committee meetings facilitate the decision making process at the meetings of the Board / Committees in an informed and efficient manner.

Board Meetings are governed by structured agenda. All major agenda items are backed by comprehensive background information to enable the Board to take informed decisions. The Company Secretary in consultation with the Senior Management prepares the detailed agenda for the meetings.

Corporate Governance Report (Contd.)

Agenda papers and Notes on Agenda are circulated to the Directors, in advance, in the defined Agenda format. All material informations are being circulated along with Agenda papers for facilitating meaningful and focused discussions at the meeting. Where it is not practicable to attach any document to the Agenda, the same is tabled before the meeting with specific reference to this effect in the Agenda. In special and exceptional circumstances, additional or supplementary item(s) on the Agenda are permitted. In order to transact some urgent business, which may come up after circulation agenda papers, the same is placed before the Board by way of Table Agenda or Chairman's Agenda. Frequent and detailed deliberation on the agenda provides the strategic roadmap for the future growth of the Company.

Minimum 4 (four) pre-scheduled Board meetings are held every year. Apart from the above, additional Board meetings are convened by giving appropriate notice to address the specific needs of the Company. In case of business exigencies or urgency of matters, resolutions are also passed by way of circulation.

Detailed presentations are made at the Board / Committee meetings covering Finance and operations of the Company, business environment, all business areas of the Company including business opportunities, business strategy and the risk management practices before taking on record the quarterly / half yearly / annual financial results of the Company.

The required information as enumerated in Part A of Schedule II to SEBI Listing Regulations is made available to the Board of Directors for discussions and consideration at every Board Meetings. The Board periodically reviews compliance reports of all laws applicable to the Company as required under Regulation 17(3) of the SEBI Listing Regulations.

The important decisions taken at the Board / Committee meetings are communicated to departments concerned promptly. Action taken report on the decisions taken at the meeting(s) is placed at the immediately succeeding meeting of the Board / Committee for noting by the Board / Committee.

During the year under review Board met 5 (five) times on April 08, 2018, May 07, 2018, August 11, 2018, October 31, 2018 and February 07, 2019. The Board meets at least once in every quarter to review the Company's operations and financial performance and the maximum time gap between any two meetings is not more than 120 days. The necessary quorum was present in all the meetings.

The Companies Act, 2013 read with the relevant rules made thereunder, now facilitates the participation of a Director in Board/Committee Meetings through video conferencing or other audio visual mode. Accordingly, the option to participate in the Meeting through video conferencing was made available for the Directors except in respect of such Meetings / Items which are not permitted to be transacted through video conferencing.

The details of attendance of Directors at the Board Meetings held during 2018-19 and at the last Annual General Meeting held on August 07, 2018 are as under:

Name of Director	No. of Meetings		Attendance at last AGM
	Held during the tenure	Attended	
Mr. Gautam S. Adani	5	4	Yes
Mr. Rajesh S. Adani	5	3	Yes
Mr. Sagar R. Adani ¹	1	1	N.A.
Mrs. Sushama Oza	3	3	Yes
Dr. Raaj Kumar Sah	4	1	No
Mr. Sandeep Singhi ²	2	2	N.A.
Mr. Jay Shah ³	2	1	N.A.
Mr. Jayant Parimal ⁴	2	2	N.A.

1. Appointed as an Executive Director of the Company w.e.f. October 31, 2018.

2. Appointed as an Additional Director of the Company w.e.f. October 29, 2018.

3. Resigned as Director of the Company w.e.f. May 24, 2018.

4. Resigned as a Managing Director of the Company w.e.f. May 07, 2018.

During the year, the Board of Directors accepted all recommendations of the Committees of the Board, which were statutory in nature and required to be recommended by the Committee and approved by the Board of Directors. Hence, the Company is in compliance of

condition of clause 10(j) of schedule V of the SEBI Listing Regulations.

During the year under review, the Board of Directors of the Company has amended / approved changes in

Corporate Social Responsibility policy; Nomination and Remuneration Policy of Directors, Key Managerial Personnel and Other Employees; Policy for determining Material Subsidiaries; Related Party Transaction Policy; Vigil Mechanism / Whistle Blower Policy; Code of Conduct for Board of Directors and Senior Management of the Company; Material Events Policy; Website Content Archival Policy and Code of internal procedures and conduct for regulating, monitoring and reporting of Trading by Insiders to comply with the recent amendments in the Companies Act, 2013 and SEBI Regulations. Accordingly, the updated policies are uploaded on website of the Company at <https://www.adanigreenenergy.com/investors/investor-download>.

Skills / expertise competencies of the Board of Directors:

The following is the list of core skills / competencies identified by the Board of Directors as required in the context of the Company's business and that the said skills are available within the Board Members:

- 1) Embrace the shared vision, mission and values of the organisation;
- 2) Knowledge of industry / sector, policies, major risks / threats and potential opportunities in which the Company operates;
- 3) Technical skills / experience in accounting / finance / government or public policy / economy / human resource management / strategy development and implementation / Capital planning;
- 4) Governance competencies like Director in large organisation, compliance focus, leadership, risk management experience, Business judgement.

Confirmation as regards independence of Independent Directors:

In the opinion of the Board, both the existing Independent Directors and those who are proposed to be re-appointed at the Annual General Meeting, fulfil the conditions specified in the Listing Regulations and are independent of the Management.

Notes on Directors' appointment/re-appointment:

Brief resume(s) of the Directors proposed to be appointed / re-appointed are given in the Explanatory Statement annexed to the Notice convening the Annual General Meeting.

Code of Conduct:

The Board has laid down a Code of Business Conduct and Ethics (the "Code") for all the Board Members and Senior Management of the Company. The Code is available on the website of the Company www.adanigreenenergy.com. All Board Members and Senior Management

Personnel have affirmed compliance of the Code of Conduct. A declaration signed by Chief Executive Officer to this effect is attached to this report.

The Board has also adopted separate code of conduct with respect to duties of Independent Directors as per the provisions of the Act.

3. Committees of the Board

The Board Committees play a vital role in ensuring sound Corporate Governance practices. The Committees are constituted to handle specific activities and ensure speedy resolution of the diverse matters. The Board Committees are set up under the formal approval of the Board to carry out clearly defined roles under which are considered to be performed by members of the Board, as a part of good governance practice. The Board supervises the execution of its responsibilities by the Committees and is responsible for their action.

The minutes of the meetings of all the Committees are placed before the Board for review. As on date, the Board has established the following Committees:

- A. Audit Committee
- B. Nomination and Remuneration Committee
- C. Stakeholders' Relationship Committee
- D. Corporate Social Responsibility Committee

A. Audit Committee

The Audit Committee acts as a link among the Management, the Statutory Auditors, Internal Auditors and the Board of Directors to oversee the financial reporting process of the Company. The Committee's purpose is to oversee the quality and integrity of accounting, auditing and financial reporting process including review of the internal audit reports and action taken report.

Terms of Reference:

The powers, role and terms of reference of the Audit Committee covers the areas as contemplated under SEBI Listing Regulations as amended from time to time and Section 177 of the Companies Act, 2013. The brief terms of reference of Audit Committee are as under:

1. Oversight of the Company's financial reporting process and the disclosure of its financial information to ensure that the financial statement is correct, sufficient and credible;
2. Recommendation for appointment, remuneration and terms of appointment of auditors of the company;

Corporate Governance Report (Contd.)

3. Approval of payment to statutory auditors for any other services rendered by the statutory auditors;
4. Reviewing, with the management, the annual financial statements and auditor's report thereon before submission to the board for approval, with particular reference to:
 - a. Matters required to be included in the Director's Responsibility Statement to be included in the Board's report in terms of Section 134(3)(C) of the Companies Act, 2013;
 - b. Changes, if any, in accounting policies and practices and reasons for the same;
 - c. Major accounting entries involving estimates based on the exercise of judgment by management;
 - d. Significant adjustments made in the financial statements arising out of audit findings;
 - e. Compliance with listing and other legal requirements relating to financial statements;
 - f. Disclosure of any related party transactions;
 - g. Modified opinion(s) in the draft audit report.
5. Reviewing, with the management, the quarterly financial statements before submission to the board for approval;
6. Reviewing, with the management, the statement of uses / application of funds raised through an issue (public issue, rights issue, preferential issue, etc.), the statement of funds utilized for purposes other than those stated in the offer document / prospectus / notice and the report submitted by the monitoring agency monitoring the utilisation of proceeds of a public or rights issue, and making appropriate recommendations to the Board to take up steps in this matter;
7. Review and monitor the auditor's independence and performance, and effectiveness of audit process;
8. Approval or any subsequent modification of transactions of the company with related parties;
9. Scrutiny of inter-corporate loans and investments;
10. Valuation of undertakings or assets of the company, wherever it is necessary;
11. Evaluation of internal financial controls and risk management systems;
12. Reviewing, with the management, the performance of statutory and internal auditors, adequacy of the internal control systems;
13. Reviewing the adequacy of internal audit function, if any, including the structure of the internal audit department, staffing and seniority of the official heading the department, reporting structure coverage and frequency of internal audit;
14. Discussion with internal auditors of any significant findings and follow up there on;
15. Reviewing the findings of any internal investigations by the internal auditors into matters where there is suspected fraud or irregularity or a failure of internal control systems of a material nature and reporting the matter to the board;
16. Discussion with statutory auditors before the audit commences, about the nature and scope of audit as well as post-audit discussion to ascertain any area of concern;
17. To look into the reasons for substantial defaults, if any, in the payment to the depositors, debenture holders, shareholders (in case of non-payment of declared dividends) and creditors;
18. To review the functioning of the Whistle Blower mechanism;
19. Approval of appointment of Chief Financial Officer after assessing the qualifications, experience and background, etc. of the candidate;
20. Reviewing financial statements, in particular the investments made by the Company's unlisted subsidiaries.
21. Reviewing the utilization of loans and/or advances from/investment by the holding company in the subsidiary exceeding rupees 100 crore or 10% of the asset size of the subsidiary, whichever is lower including existing loans / advances / investments.
22. Carrying out any other function as is mentioned in the terms of reference of the Audit Committee.

Review of Information by Audit Committee:

1. The Management discussion and analysis of financial condition and results of operations;
2. Statement of significant related party transactions submitted by management.
3. Management letters / letters of internal control weaknesses issued by the statutory auditors;
4. Internal audit reports relating to internal control weaknesses; and
5. The appointment, removal and terms of remuneration of the Chief Internal Auditor.

6. Statement of deviations:

- a. statement of deviation(s) including report of monitoring agency, if applicable, submitted to stock exchange(s).
- b. annual statement of funds utilized for purposes other than those stated in the offer document / prospectus / notice.

Meetings, Attendance & Composition of the Audit Committee:

During the financial year 2018-19, four meetings of the Audit Committee were held on May 07, 2018, August 11, 2018, October 31, 2018 and February 07, 2019. The intervening gap between two meetings did not exceed one hundred and twenty days

The Composition of the Audit Committee and details of attendance of the members at the meetings held during the year are given below:

Name of Director	Category	No. of Meetings	
		Held during the tenure	Attended
Mr. Sandeep Singhi, Chairman ¹	Non-Executive & Independent Director	2	2
Mr. Rajesh S. Adani, Member ²	Promoter & Non-Executive Director	3	2

During FY2018-19, one meeting of the Nomination & Remuneration Committee was held on October 31, 2018.

The details of the Nomination & Remuneration Committee meeting attended by its members as on March 31, 2019 are given below:

The Composition of the Nomination & Remuneration Committee and details of attendance of the members at the meeting held during the year are given below:

Name and Designation	Category	No. of Meetings	
		Held during the tenure	Attended
Mrs. Sushama Oza, Chairperson ¹	Non-Executive & Independent Director	1	1
Mr. Sandeep Singhi, Member ²	Non-Executive & Independent Director	1	1
Mr. Rajesh S. Adani, Member ³	Promoter & Non-Executive Director	3	2

1. Appointed as Member & Chairperson of the Nomination & Remuneration Committee w.e.f. May 24, 2018.

2. Appointed as Member of the Nomination & Remuneration Committee w.e.f. October 29, 2018.

3. Appointed as Member of the Nomination & Remuneration Committee w.e.f. May 24, 2018.

The Quorum of the Committee is of two members.

The Board of Directors review the Minutes of the Nomination & Remuneration Committee Meetings at its subsequent Board Meetings.

Mr. Pragnesh Darji, Company Secretary and Compliance Officer, acts as a Secretary of the Committee.

Remuneration Policy:

The remuneration policy of the Company is directed towards rewarding performance, based on review of achievements on a periodic basis. The Company endeavours to attract, retain, develop and motivate the high-calibre executives and to incentivize them to develop and implement the Group's Strategy, thereby enhancing the business value and maintain

a high performance workforce. The policy ensures that the level and composition of remuneration of the Directors is optimum.

i) Remuneration to Non-Executive Directors

The remuneration by way of commission to the non-executive Independent Directors is decided by the Board of Directors based on their participation and contribution in the affairs of the Company as well as the valuable time spent on Company's matters. However, the Company is yet to obtain approval of the members for the same. Non-Executive Independent Directors are paid ₹ 50,000/- as sitting fees and actual reimbursement of expenses incurred for attending each meeting of the Board of Director and Audit Committee and

₹ 25,000/- as sitting fees for attending meetings of other Committees.

The Company has also taken a Directors' & Officers' Liability Insurance Policy.

Performance Evaluation Criteria for Independent Directors:

The performance evaluation criteria for independent directors is determined by the Nomination and Remuneration committee. An indicative list of factors that may be evaluated include participation and contribution by a director, commitment, effective deployment of knowledge and expertise, effective management of relationship with stakeholders, integrity and maintenance of confidentiality and independence of behavior and judgement.

ii) Remuneration to Executive Directors

The remuneration of the Executive Directors is recommended by the Nomination and Remuneration Committee based on criteria such as industry benchmarks, the Company's performance vis-à-vis the industry, responsibilities shouldered, performance/track record, macro economic review on remuneration packages of heads of other organisations and is decided by the Board of Directors. On the recommendation of the Nomination and Remuneration Committee, the remuneration paid / payable is approved by the Board of Directors and by the members in the General Meeting in terms of provisions applicable from time to time.

The Executive Directors are not being paid sitting fees for attending meetings of the Board of Directors and its Committee.

Details of Remuneration:

i) Non-Executive Directors:

The details of sitting fees paid to Non-Executive Directors during the financial year 2018-19 is as under:

Name	Sitting Fees	(₹ in Lakhs) Total
Mr. Jay Shah ¹	0.70	0.70

India Ratings has assigned A / Stable Credit Rating for long term facilities of the Company.

Q. Commodity Price Risk / Foreign Exchange Risk and Hedging:

In the ordinary course of business, the Company is exposed to risks resulting from exchange rate fluctuation and interest rate movements. It manages its exposure to these risks through derivative financial instruments. The Company's risk management activities are subject to the management, direction and control of Treasury Team of the Company under the framework of Risk Management Policy for Currency and Interest rate risk

Corporate Governance Report (Contd.)

as approved by the Board of Directors of the Company. The Company's Treasury Team ensures appropriate financial risk governance framework for the Company through appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. It is the Company's policy that no trading in derivatives for speculative purposes may be undertaken. The decision of whether and when to execute derivative financial instruments along with its tenure can vary from period to period depending on market conditions and the relative costs of the instruments. The tenure is linked to the timing of the underlying exposure, with the connection between the two being regularly monitored.

R. Site Locations:

The 12 MW wind power project is set up by the Company at the following site location:

Inox 220 KV sub-station, Village: Sankota, Taluka: Shajapur, District: Shajapur, Madhya Pradesh – 465 001, India.

T. Non-mandatory Requirements:

The non-mandatory requirements have been adopted to the extent and in the manner as stated under the appropriate headings detailed below:

a) The Board:

The Non-Executive Chairman during the financial year 2018-19 was not reimbursed any expenses for maintenance of the Chairman's office or performance of his duties.

b) Shareholders Right:

The quarterly/ half-yearly and annual financial results of your Company are published in newspapers and posted on Company's website www.adanigreenenergy.com. The same are also available on the sites of stock exchanges where the shares of the Company are listed i.e. www.bseindia.com and www.nseindia.com.

c) Modified opinion(s) audit report:

The Company already has a regime of un-qualified financial statements. Auditors have raised no qualification on the financial statements.

d) Separate posts of Chairman and Chief Executive Officer:

Mr. Gautam S. Adani is the Chairman and Mr. Jayant Parimal is a Chief Executive Officer of the Company.

e) Reporting of Internal Auditor:

The Internal Auditor of the Company is a permanent invitee to the Audit Committee Meeting and regularly attends the Meeting for reporting their findings of the internal audit to the Audit Committee Members.

CERTIFICATE ON CORPORATE GOVERNANCE

To
The Members of
Adani Green Energy Limited

We have examined the compliance of Corporate Governance by Adani Green Energy Limited ("the Company") for the year ended on March 31, 2019 as stipulated in applicable regulations of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 of the said Company with the Stock Exchanges.

The compliance of conditions of Corporate Governance is the responsibility of the Management. Our examination was limited to a review of procedures and implementations thereof adopted by the Company for ensuring the compliance of the conditions of Corporate Governance. It is neither an audit nor an expression of opinion on the financial statement of the Company.

In our opinion and to the best of our information and according to the explanations given to us, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in the applicable regulations of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

We further state that such compliance is neither an assurance as to the future viability of the Company nor the Efficiency or effectiveness with which the management has conducted the affairs of the Company.

CERTIFICATION BY CHIEF EXECUTIVE OFFICER (CEO) AND CHIEF FINANCIAL OFFICER (CFO)

We have reviewed the financial statements and the cash flow statements for the year ended March 31, 2019 and that to the best of our knowledge and belief:

1. These statements do not contain any materially untrue statement or omit any material fact or contain statements that might be misleading.
2. These statements together present a true and fair view of the Company's affairs and are in compliance with existing accounting standards, applicable laws and regulations.
3. To the best of our knowledge and belief, no transactions entered into by the Company during the year ended March 31, 2019 which are fraudulent, illegal or violation of the Company's Code of Conduct.
4. We accept responsibility for establishing and maintaining internal control system and that we have evaluated the effectiveness of the internal control system of the Company and we have disclosed to the auditors and the Audit Committee, efficiencies in the design or operation of internal control system, if any, of which we are aware and the steps we have taken or propose to take to rectify these deficiencies.
5. We further certify that we have indicated to the auditors and the Audit Committee:
 - a) There have been no significant changes in internal control system during the year;
 - b) There have been no significant changes in accounting policies during the year and that the same have been disclosed in the notes to the financial statements; and
 - c) There have been no instances of significant fraud of which we have become aware, involving management or an employee having a significant role in the Company's internal control system over financial reporting.

The Company has also initiated for publication of separate Sustainability Report and is targeting to publish the said report from FY2019-20 onwards.

Section E: Principle-Wise Performance

Principle 1: Business should conduct and govern themselves with Ethics, Transparency and Accountability

1. Does the policy relating to ethics, bribery and corruption cover only the Company? Yes / No. Does it extend to the Group / Joint Ventures / Suppliers / Contractors / NGOs / Others?

The Company has adopted a Code of Conduct for its Directors and Senior Management. Additionally, the Policy on Code of Conduct for Employees applies to all employees of Adani Group companies. These do not extend to other entities.

2. How many stakeholder complaints have been received in the past financial year and what percentage was satisfactorily resolved by the management?

No stakeholder complaints pertaining to the above Codes were received in the past financial year.

Principle 2: Business should provide goods and services that are safe and contribute to sustainability throughout their life cycle

1. List up to 3 of your products or services whose design has incorporated social or environmental concerns, risks and/or opportunities.

The Company builds, owns and operates power plants powered by renewable sources of energy like solar and wind. In today's world, electricity acts as central nervous system that powers modern day society. Access to reliable electric power is now considered as one of the basic necessity for society and human development. Environmental concerns have been incorporated in the design and business by adopting criteria for site selection and conducting Environmental Impact Assessment. At all the project sites of the Company, conformance to environmental norms, safety, occupational health of the employees (permanent / contract) is considered a priority. The Company is working towards zero incidents across all plants. The Company also has Risk Identification and management framework across all operations and corporate office.

2. For each such product, provide the following details in respect of resource use (energy, water, raw material, etc.) per unit of product (optional)

I. Reduction during sourcing / production / distribution achieved since the previous year through the value chain:

The Company is engaged in the business of generating power using renewable sources of energy. This helps the Company to continue its business using the minimal of resources. In alignment with India's mission to reduce carbon emissions, the Company has generated 38,96,344 MWH of energy which have reduced CO2 emission by 35,84,636 tonnes.

II. Reduction during usage by consumers (energy, water) achieved since the previous year?

Not Applicable.

3. Does the Company have procedures in place for sustainable sourcing (including transportation)?

Yes, the Company conforms to responsible sourcing with respect to environment, safety, human rights and ethics, apart from the economic considerations as part of the sourcing procedure. To promote sustainable sourcing, Company has built the sustainability concern into its processes for vendor development and procurement

management. Starting from the vendor on boarding process, applicant vendors are evaluated based on comprehensive criteria that include vendor's capability and performance on environmental, occupational health and safety, labour practices and quality management. After on boarding of the vendor, there is a system of periodical evaluation of vendor on comprehensive criteria that includes compliance with environmental, social and occupational health and safety parameters Vis-a-vis job execution as per quality criteria. This system fosters and promotes the sustainability concerns among vendors of the company. Besides, Company believes in adopting new technologies in all fields of its operation to gain maximum efficiency and reduce resources consumption.

4. Has the Company undertaken any steps to procure goods and services from local and small producers, including communities surrounding their place of work? If yes, what steps have been taken to improve the capacity and capability of local and small vendors?

Power Projects of the Company are spread in 11 states across India. Most of the employee based is Indian and most of the services are provided by Indian workmen and professionals. The Company also engages the community in its neighbourhood at various sites as indirect workforce through business associates and contractors based on relevant skill set and nature of job. The Company contributes to capability building of the contractors and their workforce to ensure that the workforce is adequately trained to safely perform the job efficiently with higher productivity, safety and quality standards.

5. Does the company have a mechanism to recycle products and waste? If yes, what is the percentage of recycling of products and waste? (Separately as < 5%, 5-10%, >10%). Also, provide details thereof, in about 50 words or so?

Waste generated at various power plants of the Company includes used oil, cotton waste, wires, solar modules and other general waste. A significant portion of these wastes are disposed through disposing agencies in the region. Hazardous waste like used oils are disposed through authorized recyclers. The Company doesn't have any other wastes that may impact environment adversely.

Business Responsibility Report (Contd.)

Principle 3: Business should promote the wellbeing of all employees

1 Please indicate total number of employees	The Company has a total of 334 employees as on March 31, 2019.
2 Please indicate total number of employees hired on temporary / contractual / casual basis	The Company has a total of 546 employees hired on contractual basis as on March 31, 2019.
3 Please indicate the number of permanent women employees	The Company has no women employee as on March 31, 2019.
4 Please indicate the number of permanent employees with disabilities	The Company has no permanent employee with disabilities as on March 31, 2019
5 Do you have an employee association that is recognized by the Management?	The Company does not have an employee association recognized by the management.
6 What Percentage of permanent employees who are members of this recognized employee association?	Not Applicable

6. Please indicate the number of complaints relating to child labor, forced labor, involuntary labor, sexual harassment in the last financial year and those pending as on the end of the financial year

Category	No. of complaints filed during the financial year	No. of complaints pending as on end of the financial year
Child labour / forced labour / involuntary labour	NIL	NIL
Sexual harassment	NIL	NIL

7. What Percentage of under mentioned employees were given safety and skill up-gradation training in the last year?

Employee training and skills development is an integral aspect of the Company's human resource strategy. The Company's training programs extend to all permanent and contractual employees, which are rolled out as per the annual training calendar and individual employee training needs. All contractual employees are given mandatory safety training on induction as well as on the job skills related training through the Contractors and the Company.

Total Training	33,708 Manhours
Out of which, Safety Training	16,966 Manhours

regulatory agencies and especially local communities around its sites of operations.

2. Out of the above, has the company identified the disadvantaged, vulnerable and marginalized stakeholders?

Yes, the Company has identified the disadvantaged, vulnerable and the marginalized sections within the local communities around its sites of operations.

3. Special initiatives taken by the Company to engage with the disadvantaged, vulnerable and marginalized stakeholders:

The company firmly believes in enabling sustainable and inclusive development of the marginalized and underserved communities. It undertakes these endeavours through Adani Foundation, the CSR, sustainability and community outreach arm of Adani Group.

Principle 4: Business should respect the interest of, and be responsive towards all stakeholders, especially those who are disadvantaged, vulnerable and marginalized

1. Has the company mapped its internal and external stakeholders?

Yes, Stakeholders of the company have been mapped through a formal process of consultations at all operations. The Company's key stakeholders include employees, suppliers, customers, business partners,

Adani Foundation has been working across 2,250 villages in 18 States of India, creating meaningful impact in the lives of 3.2 million individuals a year. Its core areas of focus have been on Education, Community Health, Sustainable Livelihood Development and Community Infrastructure Development. Here are a summary

of the major development initiative undertaken by the company through Adani Foundation.

Education:

Adani Vidya Mandir, schools are providing completely cost-free quality education to 2,100 meritorious students from economically weaker section of the society and are operational in Ahmedabad (Gujarat), Bhadrashwar (Gujarat) and Surguja (Chhattisgarh). The students are provided with free of cost transportation, uniform, textbooks, notebooks and meals.

Adani Foundation introduced 'Coding Sandpit' in AVM, Ahmedabad in partnership with Cambridge University Press, UK. This is the first time in India that a structured coding curriculum is being launched in schools.

NABET under Quality Council of India (QCI) certifies Adani Vidya Mandir, Ahmedabad (AVMA) as the 'NABET Accredited School' thus making AVMA the first costfree school in India and the first private school in Ahmedabad city to achieve this fete.

In Raigarh region, Merit Scholarship Distribution and Free Coaching Classes were conducted. Five additional trained teachers were also added in Government Schools to help students do well in challenging subjects like Science, Mathematics and English.

Study kits in 18 villages from 14 Panchayats in Raigarh district. Each kit included bag, child-centric books and slates, benefiting 675 kids in 44 Anganwadi centres. Parents, Anganwadi workers, women & child welfare dept., ICDS Dept. applauded our effort to encourage enrollment of kids as well to retain them in the Anganwadi centers.

In the tribal hinterland of Godda district in Jharkhand, Adani Foundation in partnership with the District Administration and Eckovation Solutions Pvt. Ltd. launched Gyanodaya project in August 2018. The objective was to promote e-learning through Smart Classes. Gyanodaya project covers 157 Government Schools of Godda district covering 200 villages in 9 blocks, reaching 65,000 students of 8th to 12th standards.

Raincoats were distributed to children in 20 schools, benefiting 4800 students from 15 villages. The objective of the distribution programme was to encourage students to attend schools regularly even on a rainy day.

'Apna School' Programme, to provide Competitive Classes & Coaching, was initiated in the tribal villages of Nayabad, Gangta, Petbi and Baliakitta benefitting 233 students.

On requests from the community, Adani Foundation has provided seven experienced and skilled teachers in Government Schools. This initiative aims to improve the quality of education in schools by improving student-teacher ratio and concept building of students in subjects like Science and Mathematics benefitting over 1611 students.

Adani supported Ekal Vidyalaya envisages integrated and holistic development of rural India, and to take education to last of the rural & tribal children. Adani supported, Shree Sankar Shewa Shamiti, Jharkhand run Ekal Vidyalaya have commenced classes in 120 schools in far reached tribal villages of Sunderpahari and Poraayahat blocks benefitting over 3000 students.

Community Health:

In Riagarh, our Mobile Healthcare Unit (MHCU) has providing free primary healthcare to 18 villages at their doorsteps, benefitting mostly the poor and vulnerable, especially women, elders, disabled and children.

Mega Health Check-up Camp at Khamaria Panchayat included five specialists in the fields of Pediatric, Gynecology, MBBS and Dermatology. Doctors from JMJ Hospital & Wockhardt Foundation treated 374 patients. Free medicine was dispensed as per prescriptions and 18 patients were referred further to the City Hospital. In another Health Camp, 109 women were attended by a specialized doctor from JMJ Hospital.

Free artificial limbs and calipers were presented to especially abled villagers through a function organized at village Karwahi of Tamanar Block. Specialists from Jaipur Foot organization supported Adani Foundation in conducting the camp wherein another 35 people received free hearing aids.

Sustainable Livelihood Development:

In order to help acquire modern farming skills and harvesting techniques, 25 farmers from Khamaria, Dholnara, Karwahi, Milupara and Mudagaon villages were taken for a two-day training and exposure visit to PNB Farmers welfare Trust Raipur. Experts and agroscientists from the Indira Gandhi Krishi Vidyalaya were the resource persons and mentors during the visit.

A special veterinary camp was organized by Adani Foundation in collaboration with Government Veterinary Department in village Milupara. As many as 658 animals, that included Goats, cows, bullocks, buffaloes, were provided with free medicines after proper health check-up.

Business Responsibility Report (Contd.)

Nation Building through Sports

Sports kits comprising of football, volley ball, cricket, carom board, rope and disc throw etc. were distributed to more than 50 youth groups & clubs in the villages in Godda district.

A Cricket Tournament was held during the year where eight village teams participated. More than 5,000 villagers attended the final match.

Five football tournaments were held at Bangama- Borio, Dumarhil- Rajabhittha, Nayabad, Railway Siding villages where 16 teams participated in each tournament.

The Godda District Net Ball Association was supported to organize a championship that the local MLA inaugurated.

On the request of many local youth, a 10-day badminton tournament was organized at Khantnai village with 32 participants and thousands of spectators.

On the Occasion of Major Dhyanchand's birth anniversary, National Sports Day (29th August) was celebrated. Race, Kabaddi, Tug of War, Jalebi Race etc. were organized with much enthusiasm and participation.

Kabaddi Tournament for Men and Women were organized at Tamnar block in Raigarh. During the three day event, over 320 men and women participants from 18 different villages and showcased their talent with an average of 6,000 spectators.

Adani T-10 Cricket Premier League 2019 was held at Dholnara village, Raigarh dist. This year, the villagers had formed a "Cricket Organizing Committee" and taken the responsibility of running the tournament. All the teams had received cricket kits, uniforms, shoes and all other facilities from Adani Foundation.

Community Infrastructure Development

At time, lack of toilet facilities can deter students, especially girls, from attending school. Three toilet blocks in Baksara Middle School, Motia High School, and Basantpur Middle School were built and handed over, benefitting 1200 students. Promoting and facilitating a culture of cleanliness was also the other objective. Further, 25 water recharge pits have been dug near the hand pumps and wells in 12 villages.

Renovation and maintenance of hand pumps in the area were taken up with an aim of ensuring 100% functioning. In total 210 hand pumps were restored, serving 1866 households. Additionally, 14 deep bore-wells were installed for providing drinking water round the year.

Principle 5: Business Should Respect and Promote Human Rights

1. Does the Company's policy on human rights cover only the company or extend to the Group / Joint Ventures / Suppliers / Contractors / NGOs / others?

We believe in protecting the human rights of our people, recognising their need for respect and dignity. We also ensure that stakeholders are protected against abuses and are given the opportunity needed to realise their full potential without any bias. We are committed to fair employment practices and freedom of expression, supported by a strong, company-wide value system. We provide every avenue to our workforce for voicing their opinion. We ensure that all our practices are aligned with our Human Rights Policy.

Our policies on human capital management aim to eliminate discrimination at the workplace. We have comprehensive disciplinary and grievance procedures in place that meet all requirements in terms of fairness as defined in the applicable legislation. We are committed to the labour rights principles provided in the International Labour Organisation core conventions, including eradication of child or forced labour and harassment or intimidation in the workplace

We do not have any collective bargaining agreements with our workforce. However, our engagement activities provide sufficient avenues to our employees as well as contract workers to voice their opinions.

Good health and safety practices ensure effective performance of our workforce. We realised that we are functioning in a sector which exposes our employees and local communities to health and safety hazards. We have policies and procedures in place to identify and control the safety risks.

Our OH&S policies have been formulated with due consultation. Dedicated Safety team monitors the safety performance of all project sites. The OH&S function facilitates effective implementation of all policies and protocols.

On-site emergency plan and safety operating procedures are in place at all our locations. We monitor various lead and lag safety indicators to measure our safety performance at all sites. It is ensured that labels, indicators, posters, tags and signages related to safety aspects are displayed for awareness.

Workforce at all operating locations is motivated to achieve excellence in all aspects of safety.

2. How many stakeholder complaints have been received in the past financial year and what percent was satisfactorily resolved by the Management?

No stakeholder complaints were received during the last financial year.

Principle 6: Business should respect, protect, and make effort to restore the environment

1. Does the policy pertaining to this Principle cover only the Company or extends to the Group / Joint Ventures / Suppliers / Contractors / NGOs / others?

The Company has adopted an Environment Policy as these aspects are integral to the Company's business at operating locations. All subsidiaries, joint ventures, suppliers and contractors are required to abide by the Company's Environment Policy and work procedures at sites.

2. Does the company have strategies / initiatives to address global environmental issues such as climate change, global warming, etc.? Y / N. If yes, please give hyperlink for web page, etc.

Yes, the Company is committed to addressing global environmental issues such as climate change and global warming in a socially, ecologically and economically responsible manner through adoption of energy and resource efficiency initiatives at all project sites. 100% of the power generated at the project sites of the Company are from sources like wind and solar. Details of various project sites of the Company are available on the website of the Company i.e. www.adanigreenenergy.com.

3. Does the Company identify and assess potential environmental risks? Y/N

Yes, the Company regularly identifies and assesses environmental risk during all stages of its existing and planned projects. At the time of planning of new projects, environmental impacts are assessed through structured process and management plans are prepared.

4. Does the Company have any project related to Clean Development Mechanism (CDM)? If so provide details thereof, in about 50 words or so. Also, If Yes, whether any environmental compliance report is filed?

All the project sites of the Company are set up for generation of power using Renewable Sources of Energy, which are clean in the nature and doesn't affect the environment adversely.

5. Has the Company undertaken any other initiatives on - clean technology, energy efficiency, renewable energy, etc.?

All the project sites of the Company are set up for generation of power using Renewable Sources of Energy.

Some efforts by the Company under technology absorption, adaptation and innovation are:

- The Company earlier used to clean its solar panels using 1 litre water per module per cycle, however, after improving SOPs, the Company is able to reduce the water consumption to 0.9 litre water per module per cycle. The Company aims to further reduce the water consumption to 0.7 litre water per module per cycle after improvising technology to use correct mixture of compressed air and water, which is under testing stages.
- In addition, the Company is also exploring water less cleaning by robots.
- The Company is also experimenting growing small height shrubs/grass so as to reduce intensity of soiling.

6. Are the Emissions / Waste generated by the Company within the permissible limits given by CPCB / SPCB for the financial year being reported?

Yes, the Company is in compliance with the prescribed permissible limits as per Central Pollution Control Board (CPCB) / State Pollution Control Board (SPCB) for discharge of solid and hazardous waste generation and disposal. The nature of business being carried out by the Company is such that air emissions and effluent quality are not applicable.

7. Number of show cause / legal notices received from CPCB / SPCB which are pending as of end of financial year.

There are no pending or unresolved show cause / legal notices received from CPCB / SPCB as on end of Financial Year 2018-19.

Principle 7: Business, when engaged in influencing public and regulatory policy, should do so in a responsible manner

1. Is your Company a member of any trade and chambers of association? If Yes, name only those major ones that your business deals with.

Yes, the Company is a member of the following key associations, either directly or through its Group companies:

Business Responsibility Report (Contd.)

- National Solar Energy Federation of India (NSEFI)
- Solar Power Developers Association (SPDA)
- Tamilnadu Solar Power Generators' Association

2. Have you advocated / lobbied through above associations for the advancement or improvement of public good? Yes/No; If yes specify the broad areas (Governance and Administration, Economic Reform, Inclusive Development Policies, Energy security, Water, Food Security, Sustainable Business Principles, Others)

Yes, through membership in the above associations, the Company has advocated on the key issues impacting energy security including but not limited to power sale, financial health of discoms, transmission evacuation & logistics, grant of clearances, environment, financing, taxation and fiscal benefits.

The Company does not engage in any form of lobbying activities. Advocacy Policy is in place to enhance competitiveness, effectiveness and positively contribute to the development of the Power sector. The broad areas under the purview of Advocacy Policy are energy security, governance and administration, enhancing competition and transparency in power sector, structural changes for facilitating capacity addition, electricity distribution reforms and promotion of renewable energy etc.

Principle 8: Business should support inclusive growth and equitable development

1. Does the company have specified programme / initiatives / projects in pursuit of the policy related to principle 8? If yes, details thereof.

The company has formulated and implemented a Corporate Social Responsibility Policy (CSR). Adani Foundation is the Corporate Social Responsibility (CSR) wing of Adani Group and is dedicated to undertake various activities for the sustainable development of communities around the sites of operations of the Group companies. The Foundation works in four core areas - Quality Education, Community Health, Sustainable Livelihood Development and Rural Infrastructure Development. It lays special focus upon the marginalized sections of the communities. The Foundation presently operates across 2250 villages & towns in 18 Indian states creating meaningful impact in the lives of 3.2 million individuals a year. The list of major initiatives is given in response to question 3 of principle 4.

2. Are the programmes / projects undertaken through in-house team / own foundation / external NGO / Govt. structure / any other organisation?

Adani Foundation is the well-structured Corporate Social Responsibility (CSR) arm of Adani Group. It is registered under Bombay Public Charity Trust act, 1950 and Society's Registration Act 1860. The CSR programs are carried out by and large through Adani Foundation (AF) which has a dedicated experienced team of professionals that comprises of experts in domains of education, healthcare, infrastructure development, livelihood and other fields to carry out the development work for the communities. CSR projects and activities are carried out by the Adani foundation and as and when required ADANI FOUNDATION has entered few resource & knowledge partnerships with several government agencies, governmental supported organizations and non-governmental organizations.

3. Have you done any impact assessment of your initiative?

Yes, regular impact assessment studies are carried out by the foundation to evaluate its various ongoing programs and to analyse the quantum of transformation the program are able to make on the lives of the communities. There are monthly, quarterly and yearly reviews of the programs carried out by the different levels of management to continually improve the program implementation and outcomes. A third party objective impact Assessment and additional Need Assessments are carried out by competent agencies too.

4. What is the Company's direct monetary contribution to community development projects and details of projects undertaken?

The monetary contribution made by the Company's subsidiaries to community development projects in FY2018-19 was ₹ 33.00 Lakhs.

5. Have you taken steps to ensure that community development initiative is successfully adopted by the community? Please explain in 50 words.

Community members are included in the process of need assessment, inception, execution and utilization of services related to any development initiative. In addition, efforts are made to involve relevant government agencies and suitable non-government organizations. These inclusive approach help make our initiatives become more sustainable and being adopted by the community.

Principle 9: Business should engage with and provide value to their customers and consumers in a responsible manner

1. What Percentage of customer complaints / consumer cases are pending as on the end of financial year?

There are no customer complaints / consumer cases pending as on March 31, 2019.

2. Does the company display product information on the product label, over and above what is mandated as per local laws? Yes / No / N. A. / Remarks (additional information)

The Company produces electricity, for which product labelling is not required. However, Electricity being the product, it requires utmost safety in handling and precautions while using. The Company has displayed safety signage at prominent locations including the sub-stations.

3. Is there any case filed by any stakeholder against the Company regarding unfair trade practices, irresponsible advertising and/or anti-competitive behaviour during the last five years and pending as of end of Financial Year?

There are no cases pending with regard to unfair trade practices, irresponsible advertising and / or anticompetitive behaviour as on March 31, 2019.

4. Did your company carry out any consumer survey consumer satisfaction trends?

The Company develop, build, own, operate and maintain utility scale grid connected solar and wind farm projects and generate revenue through the sale of electricity to central and state government entities and government-backed corporations. The Company has long term PPAs of 25 years with central and state government entities out of which nearly 60% of the PPAs are with central government entities (viz. NTPC and SECI). Hence, undertaking consumer survey may not be relevant for the Company. However, the Company strives for continuous improvement process through which periodic feedback taken on a regular basis from stakeholders and an immediate action is taken on any issues that they are facing.

Independent Auditors' Report

To
The Members of
Adani Green Energy Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of Adani Green Energy Limited ("the Company"), which comprise of the Standalone Balance Sheet as at 31 March 2019, the Standalone Statement of Profit and Loss (including other comprehensive income), Standalone Statement of Changes in Equity and Standalone Statement of Cash Flows for the year then ended, and notes to the standalone financial statements, including a summary of the significant accounting policies and other explanatory information, (herein after referred to as "standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2019, and loss

and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Standalone Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Description of Key Audit Matters

Taxation – Deferred Tax Assets

The key audit matter	How the matter was addressed in our audit
<p>As at 31 March 2019, the Company has recognized deferred tax assets aggregating to ₹ 1,013.13 lakhs towards deductible temporary differences.</p> <p>The Company has recognized deferred tax assets to the extent that it is probable that the future taxable profits will be available against which such deductible temporary differences can be utilized. Accordingly, deferred tax assets on unused tax losses aggregating to ₹ 9,982.50 lakhs have not been recognized as at 31 March 2019.</p> <p>We have determined this to be a key audit matter due to the significant judgment involved in preparing forecasts of future taxable profits which will result in utilization of the recognized deferred tax assets.</p> <p>The Company's disclosure with respect to deferred tax is included in Note 7 of the standalone financial statements.</p>	<p>As part of our audit procedures in this area:</p> <ul style="list-style-type: none"> we obtained the management's calculations of future taxable profits; we tested the reasonableness of the future taxable profits in light of the Company's current financial performance, operating model and contractual arrangements; we evaluated the Company's ability to avail deduction of temporary differences and unused tax losses from such projected future taxable profits within the time limit before the relevant entitlements expire; we examined the disclosures in Note 7 of the standalone financial statements for adequacy and appropriateness including around the disclosure of judgment applied in estimating recognized and unrecognized deferred tax assets.

Business combinations – significant one – off common control transaction

With respect to accounting policies applied, please refer to Note 2 to the standalone financial statements.

The key audit matter

During the year, the Company acquired the Solar business from a related party which was a significant one – off common control transaction with the appointed date of 1 April 2018.

The accounting for the acquisition of the Solar business was complex as it required the Company to restate prior year figures in accordance with requirements of Ind AS 103 – “Business Combinations” along with explanatory disclosures. This also resulted in significant amount of audit effort.

Accordingly, we have determined this to be a key audit matter.

The disclosures with respect to the business combination are included in Notes 42 and 43 of the standalone financial statements.

How the matter was addressed in our audit

As part of our audit procedures in this area:

- we examined the Scheme of Arrangement pursuant to which the business acquisition was carried out along with the regulatory approvals required for the Scheme of Arrangement to take effect;
- we evaluated the appropriateness of the accounting treatment followed by the Company in this regard, with reference to the requirements of the accounting principles generally accepted in India, including Ind AS;
- we assessed the methodology applied in determining the transaction price;
- we examined the disclosures in Notes 42 and 43 of the standalone financial statements for adequacy and appropriateness, including disclosures of the impact of restatement of prior year figures.

Other Information

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the financial statements and our auditors' report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the state of affairs, loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance

with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are

considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

- 1) As required by the Companies (Auditors' Report) Order, 2016 ("the Order") issued by the Central Government in terms of section 143 (11) of the Act, we give in the "Annexure-A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
 - A) As required by Section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Standalone Balance Sheet, the Standalone Statement of Profit and Loss (including other comprehensive income), the Standalone Statement of Changes in Equity and the Standalone Statement of Cash Flows dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under section 133 of the Act.
 - e) On the basis of the written representations received from the directors as on 31 March 2019 taken on record by the Board of Directors, none of the directors is disqualified

- as on 31 March 2019 from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure-B".
- B) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i) The Company has disclosed the impact of pending litigations as at 31 March 2019 on its financial position in its financial statements – Refer note 33 to the standalone financial statement.
- ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
- iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company during the year ended 31 March 2019.
- C) With respect to the matter to be included in the Auditors' Report under Section 197(16):
- In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) which are required to be commented upon by us.

Annexure A to the Independent Auditors' Report

on Standalone Financial Statements - Year Ended 31 March 2019

(Referred to in Paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

- i. (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) The Company has a regular programme of physical verification of its fixed assets by which all fixed assets are verified by the management in a phased manner over a period of three years. In accordance with this programme, certain fixed assets were verified during the year and no material discrepancies were noticed on such verification. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets.
- (c) According to the information and explanations given to us and the records examined by us and based on the examination of the registered sale deed / transfer deed / conveyance deed provided to us, we report that, the title deeds of immovable properties are held in the name of the Company.
- ii. The inventory has been physically verified by the management during the year. In our opinion, the frequency of verification is reasonable. The discrepancies noticed on verification between the physical stock and the book records were not material and have been appropriately dealt with in the books of accounts.
- iii. According to the information and explanations given to us, the Company has granted unsecured loans to companies covered in the register maintained under Section 189 of the Act. The Company has not granted any loans, secured or unsecured, to firms, Limited Liability Partnerships or other parties.
 - (a) In our opinion, the rate of interest and other terms and conditions on which the loans has been granted to the Companies listed in the register maintained under Section 189 of the Act were not prejudicial to the Company's interest.
 - (b) According to the information and explanations given to us, the loans granted to Companies listed in the register maintained under Section 189 of the Act are repayable within 365 days. The borrowers have been regular in repaying the principal amounts as and when demanded and in the payment of interest.
- (c) There is no overdue amount in respect of loans granted to the companies listed in the register maintained under Section 189 of the Act.
- iv. In our opinion and according to the information and explanations given to us, the Company has complied with provision of section 185 of the Act with respect to loans, guarantees and investments. According to the information and explanations given to us, the Company is engaged in the business of providing infrastructural facilities and accordingly the provisions of section 186 (except subsection (1) of Section 186) of the Act are not applicable to the Company. In our opinion, and according to the information and explanations given to us, the Company has made investment referred in Section 186(1) of the Act and have complied with the provisions of Section 186 of the Act.
- v. In our opinion, and according to the information and explanations given to us, the Company has not accepted deposits as per the directives issued by the Reserve Bank of India and the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed there under. Accordingly, paragraph 3(v) of the Order is not applicable to the Company.
- vi. The Central Government has not prescribed the maintenance of cost records under Section 148(1) of the Act for any of the products manufactured or services rendered by the Company. Accordingly, the provisions of clause 3(vi) of the Order are not applicable.
- vii. (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, amounts deducted/ accrued in the books of account in respect of undisputed statutory dues including Provident fund, Income-Tax, Service Tax, Goods and Service Tax and other material statutory dues have generally been regularly deposited during the year by the Company with the appropriate authorities. As explained to us, Company did not have any dues on account of Employees' state insurance, Sales tax, Value added tax, duty of excise, duty of customs and cess during the current year.

According to the information and explanations given to us, no undisputed amounts payable in respect of Income-Tax, Service Tax, Goods and Service Tax and other material statutory dues were in arrears as at 31 March 2019 for a period of more than six months from the date they became payable.

In respect of Provident Fund, as explained in Note 33 to the standalone financial statements, pending clarity on the matter, the Company is currently unable to determine the extent of arrears of such Provident Fund outstanding as at 31 March 2019 for a period of more than six months from the date they become payable and hence, we are unable to comment on such Provident Fund arrears, if any.

- (b) According to the information and explanations given to us, there are no dues of Income-tax, Sales tax, Service tax, Goods and Service tax, duty of excise, Value Added tax and duty of customs as at 31 March 2019, which have not been deposited with the appropriate authorities on account of any dispute.

viii. In our opinion and according to the information and explanations given to us, the Company has not defaulted in repayment of dues to its bankers and financial institutions. The Company did not have any outstanding debentures or dues to government during the year.

ix. According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) during the year. In our opinion and according to the information and explanations given to us, the term loans taken by the Company have been applied for the purpose for which they are raised.

x. During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanation given to us, we have neither come across any instance of material fraud by the Company or on the Company by its officers or employees, notices or reported during the year, nor have we been informed of any such case by the management.

xi. According to the information and explanations given to us and based on our examination of the records of the Company, the Company has paid/provided for managerial remuneration in accordance with the requisite approvals mandated by the provision of Section 197 read with Schedule V of the Act.

xii. In our opinion and according to the information and explanations given to us, the Company is not a Nidhi company as prescribed under section 406 of the Act. Accordingly, paragraph 3(xii) of the Order is not applicable to the Company.

xiii. According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with the provisions of Sections 177 and 188 of the Act where applicable. The details of such related party transactions have been disclosed in the standalone financial statements as required by the applicable Indian Accounting Standards.

xiv. According to the information and explanations given to us and based on the examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, paragraph 3 (xiv) of the order is not applicable to the Company.

xv. According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into any non-cash transactions, within the meaning of Section 192 of the Act, with directors or persons connected with them. Accordingly, paragraph 3(xv) of the Order is not applicable to the Company.

xvi. In our opinion and according to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, paragraph 3(xvi) of the Order is not applicable to the Company.

Annexure B to the Independent Auditors' Report

on Standalone Financial Statements - Year Ended 31 March 2019

Report on the internal financial controls with reference to the aforesaid standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (Referred to in paragraph 1(A)(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to standalone financial statements of Adani Green Energy Limited ("the Company") as of 31 March 2019 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2019, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("the Guidance Note").

Management's Responsibility for Internal Financial Controls

The Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical

requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to standalone financial statements.

Meaning of Internal Financial controls with Reference to Standalone Financial Statements

A company's internal financial controls with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to standalone financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or

disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial controls with Reference to Standalone Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because

of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Notes to Financial Statements

as at and for the year ended on 31st March, 2019

1 Reporting entity

Adani Green Energy Limited ("the Company"), is a public limited company domiciled in India and incorporated on 23rd January, 2015 as a subsidiary of Adani Enterprises Limited under the provisions of Indian Companies Act, 2013 and forms part of the Adani group. The Company is a holding company of several subsidiaries carrying business of renewable power generation within the Group. The Company is primarily involved in renewable power generation and other ancillary activities.

The Board of Directors of Adani Enterprises Limited (hereinafter referred as "AEL") and the Board of Directors of the Company had approved the Scheme of Arrangement ("the Scheme") among AEL and the Company and their respective shareholders and creditors. The Scheme was sanctioned by National Company Law Tribunal ("NCLT"), bench at, Ahmedabad vide its order dated 16th February, 2018. Pursuant to the sanction of the Scheme, the Renewable Power Undertaking of AEL has been transferred to the Company with appointed date of 1st April, 2018.

2 Significant accounting policies

2.1 Statement of compliance

The Financial Statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under section 133 of the Companies Act, 2013, read with the Companies (Indian Accounting Standards) Rules, 2015 amended from time to time and other accounting principles generally accepted in India.

2.2 Basis of preparation and presentation

2.2 Basis of measurement

The Financial Statements have been prepared on a going concern basis under the historical cost convention except for Investments in mutual funds and certain financial assets and liabilities that are measured at fair values whereas net defined benefit (asset)/ liability are valued at fair value of plan assets less defined benefit obligation at the end of each reporting period, as explained in the accounting policies below.

2.3 Summary of significant accounting policies

a Property, plant and equipment

i. Recognition and measurement

Property, plant and equipment are stated at acquisition cost less accumulated depreciation and accumulated impairment losses, if any. All costs, including borrowing costs incurred up to the date the asset is ready for its intended use, are capitalised along with respective asset.

Cost of an item of property, plant and equipment comprises its purchase price, including import

duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use. The cost of a self-constructed item of property, plant and equipment comprises the cost of materials and direct labor, any other costs directly attributable to bringing the item to working condition for its intended use, and estimated costs of dismantling and removing the item and restoring the site on which it is located.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

ii. Subsequent measurement

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Company.

iii. Depreciation

Depreciation is recognised so as to expense the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using the Written Down Value method. The useful life of property, plant and equipment is considered based on life prescribed in Schedule II to the Companies Act, 2013, except in case of the Plant and Equipment, where the life of the assets has been estimated at 25 years based on technical assessment taking into account the nature of assets, the estimated usage of the assets, the operating condition of the assets, anticipated technical changes, manufacturer warranties and maintenance support. In case of major components identified, depreciation is provided based on the useful life of each such component based on technical assessment, if materially different from that of the main asset.

iv. Derecognition

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in statement of profit and loss.

Notes to Financial Statements

as at and for the year ended on 31st March, 2019

b Intangible Assets

i. Recognition and measurement

Intangible assets acquired separately are carried at cost less accumulated amortisation and any accumulated impairment losses.

ii. Amortisation

Amortisation is recognised on a Written Down Value basis over their estimated useful lives. Estimated useful life of the Computer Software is 5 years.

iii. Derecognition

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition are recognised in statement of profit and loss.

c Capital Work in Progress

Expenditure related to and incurred during implementation of capital projects to get the assets ready for intended use is included under "Capital Work in Progress". The same is allocated to the respective items of property, plant and equipment on completion of construction/ erection of the capital project/ property, plant and equipment.

d Financial Instruments

Trade receivables and debt securities issued are initially recognised when they originated. All other financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

A financial asset and financial liability is initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit and loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit and loss are recognised immediately in statement of profit and loss.

e Financial assets

Initial recognition and measurement

All financial assets, except investment in subsidiaries and associates are recognised initially at fair value.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified based on assessment of business model in which they are held. This assessment is done for portfolio of the financial assets. The relevant categories are as below:

i) At amortised cost

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and which are not classified as financial assets at fair value through profit and loss or for-sale fair value through profit and loss. Subsequently, these are measured at amortized cost using the effective interest method less any impairment losses. These include trade receivables, finance receivables, balances with banks, short-term deposits with banks, other financial assets and investments with fixed or determinable payments. These assets are held for the purpose of collecting contractual cashflows which represent solely payment of principal and interest.

ii) At fair value through Other comprehensive income (FVOCI)

A financial asset is measured at FVOCI if it meets both of the following conditions and is not designated as FVTPL:

- the asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

iii) At fair value through profit and loss (FVTPL)

Financial assets which are not measured at amortised cost and are held for trading are measured at FVTPL. Fair value changes related to such financial assets including derivative contracts are recognised in the statement of profit and loss.

Business Model Assessment

The Company makes an assessment of the objectives of the business model in which a financial asset is held because it best reflects the way business is managed and information is provided to management.

The assessment of business model comprises the stated policies and objectives of the financial assets,

Notes to Financial Statements

as at and for the year ended on 31st March, 2019

management strategy for holding the financial assets, the risk that affects the performance etc. Further, management also evaluates whether the contractual cash flows are solely payment of principal and interest considering the contractual terms of the instrument.

Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in statement of profit and loss if such gain or loss would have otherwise been recognised in statement of profit and loss on disposal of that financial asset.

Impairment of Financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, trade receivables and other contractual rights to receive cash or other financial asset.

Expected credit losses rate the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate. The Company estimates cash flows by considering all contractual terms of the financial instrument through the expected life of that financial instrument.

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Company uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the Company compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the

financial instrument as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are expedient as permitted under Ind AS 109. Expected credit loss allowance on trade receivables is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward looking information. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.

f Financial liabilities and equity instruments

Classification as debt or equity

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

Financial liabilities

All financial liabilities are measured at amortised cost using the effective interest method or at FVTPL.

Financial liabilities at amortised cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly

Notes to Financial Statements

as at and for the year ended on 31st March, 2019

discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

Trade and other payables are recognised at the transaction cost, which is its fair value, and subsequently measured at amortised cost.

Financial liabilities at FVTPL

A financial liability may be designated as at FVTPL upon initial recognition if:

- such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise;
- the financial liability whose performance is evaluated on a fair value basis, in accordance with the Company's documented risk management;

Fair value changes related to such financial liabilities are recognised in the statement of profit and loss.

Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in statement of profit and loss.

Derivative Financial Instruments

Initial recognition and subsequent measurement

The Company uses derivative financial instruments, such as forward currency contracts and options to hedge its foreign currency risk. Derivatives are initially measured at fair value. Subsequent to initial recognition, derivatives are measured at fair value, and changes therein are generally recognised in statement of profit and loss as Foreign Exchange (Gain) / Loss except those relating to borrowings, which are separately classified under Finance Cost. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

g Inventories

Inventories are carried at the lower of the cost and net realisable value after providing for obsolescence and other losses where considered necessary. Cost of Inventories comprises all cost of purchase and other cost incurred in bringing inventories to their present location and condition. In determining the cost, weighted average cost method is used.

h Current and non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle or
- Held primarily for the purpose of trading or
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle or
- It is held primarily for the purpose of trading or
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities respectively.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company- has identified twelve months as its operating cycle.

Notes to Financial Statements

as at and for the year ended on 31st March, 2019

i Functional currency

These financial statements are presented in Indian Rupees (INR), which is also the Company's functional currency. All amounts have been rounded-off to the nearest lakhs with two decimals, unless otherwise indicated.

Foreign currencies

Transactions in foreign currencies are initially recorded by the Company at its functional currency spot rates at the date the transaction first qualifies for recognition.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions.

Exchange differences are recognized in the statement of profit and loss except exchange differences on foreign currency borrowings relating to assets under construction for future productive use, which are included in the cost of those assets when they are regarded as an adjustment to interest costs on those foreign currency borrowings.

j Revenue recognition

Effective 1st April, 2018, the Company has adopted Ind AS 115 - Revenue from Contracts with Customers (Ind AS 115, the standard), using the cumulative effect method for transition. Accordingly, the Company applied Ind AS 115 to contracts that were not completed as of 1 April, 2018 but the comparative periods have not been adjusted. The adoption of the standard did not have any material impact to the financial statements.

Revenue from the sale of goods is recognised at the point in time when control is transferred to the customer, which generally coincides with the delivery of goods to customers, based on contracts entered into with the customers.

Revenue from services rendered is recognised when services are rendered.

Revenue is measured based on the transaction price, which is the consideration, adjusted for discounts and other incentives, if any, as specified in the contract with the customer. Revenue also excludes taxes or other amounts collected from customers in its capacity as an agent. If the consideration in a contract

includes a variable amount, the Company estimates the amount of consideration to which it will be entitled in exchange for transferring the goods to the customer. The variable consideration is estimated at contract inception and constrained until it is highly probable that a significant revenue reversal in the amount of cumulative revenue recognised will not occur when the associated uncertainty with the variable consideration is subsequently resolved.

The accounting policies for the specific revenue streams of the Company as summarized below:

- i) Revenue from Power Supply is recognised in terms of the Power Purchase Agreements (PPA) entered with Central and State Distribution Companies and is measured at the value of the consideration received or receivable, net of discounts if any.
- ii) Interest income is recognised on Effective Interest Rate (EIR) basis taking into account the amount outstanding and the applicable interest rate. Dividend income is accounted for when the right to receive income is established.
- iii) Delayed payment charges and interest on delayed payment for power supply are recognized based on reasonable certainty regarding ultimate collection.

Contract Balances

Contract assets

A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Company performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional.

Trade receivables

A receivable represents the Company's right to an amount of consideration that is unconditional i.e. only the passage of time is required before payment of consideration is due.

Contract liabilities

A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. Contract liabilities are recognised as revenue when the Company performs under the contract.

Notes to Financial Statements

as at and for the year ended on 31st March, 2019

k Borrowing costs

Borrowing costs are interest and other costs incurred in connection with the borrowing of funds. Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in statement of profit and loss in the period in which they are incurred.

l Employee benefits

i) Defined benefit plans:

The Company operates a defined benefit gratuity plan in India, which requires contributions to be made to a separately administered fund. The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method.

Re-measurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Re-measurements are not reclassified to profit and loss in subsequent periods.

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Company recognises the following changes in the net defined benefit obligation as an expense in the statement of profit and loss:

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non routine settlements; and
- Net interest expense or income

ii) Defined contribution plan:

Retirement benefit in the form of Provident Fund and Family Pension Fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognizes contribution payable

to the provident fund scheme as a charge to the capital work-in-progress till the capitalisation otherwise the same is charged to the Statement of Profit and Loss for the period in which the contributions to the respective funds accrue.

iii) Compensated Absences:

Provision for Compensated Absences and its classifications between current and non-current liabilities are based on independent actuarial valuation. The actuarial valuation is done as per the projected unit credit method.

iv) Short term employee benefits:

Short-term employee benefit obligations are recognised at an undiscounted amount in the Statement of Profit and Loss for the year in which the related services are received.

m Taxation

Tax on Income comprises current and deferred tax. It is recognised in statement of profit and loss except to the extent that it relates to a business combination, or items recognised directly in equity or in other comprehensive income.

Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date. Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

Deferred tax

Deferred tax is recognized for the future tax consequences of deductible temporary differences between the carrying values of assets and liabilities and their respective tax bases at the reporting date, using the tax rates and laws that are enacted or substantively enacted as on reporting date. The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities. Deferred tax is also recognised in respect of carried forward tax losses and tax credits

Notes to Financial Statements

as at and for the year ended on 31st March, 2019

subject to the assessment of reasonable certainty of recovery.

Deferred tax relating to items recognized outside the statement of profit and loss is recognized outside with the underlying items i.e either in the statement of other comprehensive income or directly in equity as relevant.

n Earnings per share

Basic earnings per share is computed by dividing the profit / (loss) after tax by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit / (loss) after tax as adjusted for the effects of dividend, interest and other charges relating to the dilutive potential equity shares by weighted average number of shares plus dilutive potential equity shares.

o Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. Provisions are determined by discounting the expected future cash flows (representing the best estimate of the expenditure required to settle the present obligation at the balance sheet date) at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

The unwinding of the discount is recognised as finance cost. Expected future operating losses are not provided for.

Contingent liabilities are not recognised but are disclosed in the notes. Contingent assets are not recognised but are disclosed in the notes where an inflow of economic benefits is probable.

p Impairment of non-financial assets

At the end of each reporting period, the Company reviews the carrying amounts of non-financial assets,

other than inventories and deferred tax assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit ("CGU") to which the asset belongs. Each CGU represents the smallest group of assets that generates cash inflows that are largely independent of the cash inflows of other assets or CGUs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or CGU for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised immediately in statement of profit and loss. Impairment loss recognised in respect of a CGU is allocated to reduce the carrying amounts of the other assets of the CGU (or group of CGUs) on a pro rata basis.

q Leases

i. Assets held under lease

Leases of property, plant and equipment that transfer to the Company substantially all the risks and rewards of ownership are classified as finance leases. The leased assets are measured initially at an amount equal to the lower of their fair value and the present value of the minimum lease payments. Subsequent to initial recognition, the assets are accounted for in accordance with the accounting policy applicable to similar owned assets.

Assets held under leases that do not transfer to the Company substantially all the risks and rewards of ownership (i.e. operating leases) are not recognized in the Company's Balance Sheet.

Notes to Financial Statements

as at and for the year ended on 31st March, 2019

ii. Lease payments

Payments made under operating leases are generally recognised in profit and loss on a straight-line basis over the term of the lease unless such payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

r Cash and Cash Equivalents

Cash and cash equivalents in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

Cash and cash equivalents for the purpose of Statement of Cash Flow comprise cash and cheques in hand, bank balances, demand deposits with banks where the original maturity is three months or less.

s Government Grant

Grants from the government are recognised when there is reasonable assurance that

- (i) the Company will comply with the conditions attached to them, and
- (ii) the grant will be received.
When the grant relates to revenue, it is recognised as income on a systematic basis in the statement of profit and loss over the periods necessary to match them with the related costs, which they are intended to compensate. Where the grant relates to an asset, it is recognised as deferred income and released to income on systematic basis over the expected useful life of the related asset.

3.1 Use of estimates and judgements

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures including contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Key Sources of Estimation uncertainty:

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. Existing circumstances and assumptions about

future developments may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

i) Fair value measurement of financial instruments

In estimating the fair value of financial assets and financial liabilities, the Company uses market observable data to the extent available. Where such Level 1 inputs are not available, the Company establishes appropriate valuation techniques and inputs to the model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

ii) Defined benefit plans (gratuity benefits)

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

iii) Taxes

Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies and future recoverability of deferred tax assets.

iv) Useful lives, residual value and depreciation method of property, plant and equipment

In case of the power plant assets, in whose case the life of the assets has been estimated at 25 years for wind power generation projects based on technical assessment, taking into account the nature of the assets, the estimated usage of the asset, the operating condition of the asset, anticipated technological changes, manufacturer warranties and maintenance support, except for major some components identified during the year, depreciation on the same is provided based on the useful life of each such component based on technical assessment, if materially different from

Notes to Financial Statements

as at and for the year ended on 31st March, 2019

that of the main asset. Depreciation is recognized on written down value based on the pattern in which the future economic benefits are expected to be consumed of the related assets.

v) Impairment of Non Financial Assets

Impairment exists when the carrying value of an asset or cash generating unit exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use.

The fair value less costs of disposal calculation is based on available data for similar assets or observable market prices less incremental costs for disposing of the asset. The value in use calculation is based on a Discounted Cash Flow (DCF) model. The recoverable amount is sensitive to the discount rate used for the DCF model as well as the expected future cash-inflows and the growth rate used.

The Honourable Supreme Court of India vide its order dated 28th February, 2019 held that 'Basic Wages' for the contribution towards Provident Fund (PF) should only exclude [in addition to specific exclusions under Section 2(b)(ii) of the Employees Provident Fund Act, 1952]:

- amounts that are payable to the employee for undertaking work beyond the normal work which he/she is otherwise required to put in and
- allowances which are either variable or linked to any incentive for production resulting in greater output by an employee and that the allowances are not paid across the board to all employees in a particular category or were being paid especially to those who avail the opportunity.

With reference to the above mentioned judgment, the Company's Management is of the view that there is considerable uncertainty around the timing, manner and extent in which the judgment will be interpreted and applied by the regulatory authorities. Management is of the view that any incremental outflow in this regard can only be determined once the position being taken by the regulatory authorities in this regard is known and the Management is able to evaluate all possible courses of action available.

Accordingly, no provision has been currently recognized in these Financial Statements in this regard.

34 Financial Instruments and Risk Review:

The Company's risk management activities are subject to the management direction and control under the framework of Risk Management Policy as approved by the Board of Directors of the Company. The Management ensures appropriate risk governance framework for the Company through appropriate policies and procedures and that risks are identified, measured and managed in accordance with the Company's policies and risk.

The Company's financial liabilities comprise mainly of borrowings, trade and other payables. The Company's financial assets comprise mainly of investments, cash and cash equivalents, other balances with banks, loans, trade receivables and other receivables.

The Company has exposure to the following risks arising from financial instruments:

- Market risk
- Credit risk;
- Liquidity risk; and

Notes to Financial Statements

as at and for the year ended on 31st March, 2019

Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and commodity risk.

i) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with fixed and floating interest rates.

The Company manages its interest rate risk by having a mixed portfolio of fixed and variable rate loans and borrowings. The Company's borrowings from banks are at floating rate of interest and borrowings from related parties are at fixed rate of interest.

The sensitivity analysis have been carried out based on the exposure to interest rates for instruments not hedged against interest rate fluctuations at the end of the reporting period. The said analysis has been carried on the amount of floating rate non - current liabilities outstanding at the end of the reporting period. A 50 basis point increase or decrease represents the management's assessment of the reasonably possible change in interest rates.

	₹ in Lakhs	
	For the year ended 31st March, 2019	For the year ended 31st March, 2018
Impact on loss before tax for the year	1,164.77	1,204.81

ii) Foreign currency risk

Foreign Currency risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Company is exposed to the effects of fluctuation in the prevailing foreign currency exchange rates on its financial position and cash flows. Exposure arises primarily due to exchange rate fluctuations between the functional currency and other currencies from the Company's operating and financing activities. The Company hedges at least 25% of its total exposure for 12 months as per the policy.

Every 1% point depreciation / appreciation in the exchange rate between the Indian rupee and U.S.dollar on the exposure of \$ 0.03 million and 0.03 million EURO as on 31st March, 2019 and 0.08 million EURO as on 31st March, 2018, would have decreased / increased the Company's loss for the year as follows:

	₹ in Lakhs	
	For the year ended 31st March, 2019	For the year ended 31st March, 2018
Impact on loss before tax for the year	0.46	0.64

iii) Price risk

The Company's exposure to price risk in the investment in mutual funds and classified in the balance sheet as fair value through profit or loss. Management monitors the prices closely to mitigate its impact on profit and cash flows. Since these investments are insignificant, the exposure to price changes is minimal.

Credit risk

Trade Receivable:

Total receivables of the company are from its related entities and State Electricity Distribution Company (DISCOM) which are Government undertaking. The Company is regularly receiving its dues from its related entities and DISCOM. Delayed payments carries interest as per the terms of agreements. Trade receivables are generally due for lesser than one year, accordingly in relation to these dues, the Company does not foresee any Credit Risk.

Notes to Financial Statements

as at and for the year ended on 31st March, 2019

Other Financial Assets:

This comprises mainly of deposits with banks, investments in mutual funds and other intercompany receivables. Credit risk arising from these financial assets is limited and there is no collateral held against these because the counterparties are group companies, banks and recognised financial institutions. Banks and recognised financial institutions have high credit ratings assigned by the international credit rating agencies.

Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company monitors its risk of shortage of funds using cash flow forecasting models. These models consider the maturity of its financial investments, committed funding and projected cash flows from operations. The Company's objective is to provide financial resources to meet its business objectives in a timely, cost effective and reliable manner and to manage its capital structure. A balance between continuity of funding and flexibility is maintained through continued support from lenders, trade creditors as well as through issue of equity shares.

The Company has understanding from related parties to extend repayment terms of borrowings as required.

Maturity profile of financial liabilities:

The table below provides details regarding contractual maturities of financial liabilities at the reporting date based on contractual undiscounted payments:

	₹ in Lakhs			
As at 31st March, 2019	Less than 1 year	1 to 5 year	More than 5 Years	Total

As at 31st March, 2018	Less than 1 year	1 to 5 year	More than 5 Years	Total
Borrowings	1,22,031.13	2,23,682.02	2,938.94	3,48,652.09
Trade Payables	7,685.83	-	-	7,685.83
Other Financial Liabilities	31,112.19	-	-	31,112.19

Capital Management

The Company's objectives for managing capital is to safeguard continuity and healthy capital ratios in order to support its business and provide adequate return to shareholders through continuing growth. The Company's overall strategy remains unchanged from previous year.

The Company sets the amount of capital required on the basis of annual business and long-term operating plans which include capital and other strategic investments.

The funding requirements are met through a mixture of equity, internal fund generation, and other non - current/current borrowings. The Company's policy is to use current and non - current borrowings to meet anticipated funding requirements. The Company monitors capital on the basis of the net debt to equity ratio.

The Company believes that it will be able to meet all its current liabilities and interest obligation on timely manner.

Notes to Financial Statements

as at and for the year ended on 31st March, 2019

No changes were made in the objectives, policies or processes for managing capital during the years ended as at 31st March, 2019 and as at 31st March, 2018.

	Note	₹ in Lakhs

Total	45.57	45.57

Notes

- (i) The fair values of investments in mutual fund units is based on the net asset value ('NAV') as stated by the issuers of these mutual fund units in the published statements as at Balance Sheet date. NAV represents the price at which the issuer will issue further units of mutual fund and the price at which issuers will redeem such units from the investors. Accordingly it is representation of the fair value.
- (ii) The fair values of the derivative financial instruments has been determined using valuation techniques with market observable inputs as at reporting date. The models incorporate various inputs including the credit quality of counter-parties and foreign exchange rates.

Attrition Rate	12.00%	12.00%

Notes to Financial Statements

as at and for the year ended on 31st March, 2019

vii. Sensitivity Analysis

Significant actuarial assumptions for the determination of the defined benefit obligation are discount rate, expected salary increase and mortality. The sensitivity analysis below have been determined based on reasonably possible changes of the assumptions occurring at the end of the reporting period, while holding all other assumptions constant. The results of sensitivity analysis is given below:

Particular	₹ in Lakhs	
	As at 31st March, 2019	As at 31st March, 2018
Defined Benefit Obligation (Base)	526.47	89.84

	₹ in Lakhs			
	As at 31st March, 2019		As at 31st March, 2018	
	Decrease	Increase	Decrease	Increase
Discount Rate (- / + 1%)	556.86	499.20	95.48	84.71
(% change compared to base due to sensitivity)	5.8%	(5.20)%	6.3%	(5.70)%
Salary Growth Rate (- / + 1%)	499.06	556.45	84.67	95.42
(% change compared to base due to sensitivity)	(5.20)%	5.7%	(5.70)%	6.2%
Attrition Rate (- / + 50%)	546.42	509.76	94.95	85.36
(% change compared to base due to sensitivity)	3.8%	(3.20)%	5.7%	(5.00)%
Mortality Rate (- / + 10%)	526.47	526.47	89.83	89.84
(% change compared to base due to sensitivity)	0.0%	0.0%	0.0%	0.0%

viii. Asset Liability Matching Strategies

The Company has purchased insurance policy, which is basically a year-on-year cash accumulation plan in which the interest rate is declared on yearly basis and is guaranteed for a period of one year. The insurance Company as part of the policy rules, makes payment of all gratuity outgoes happening during the year (subject to sufficiency of funds under the policy). The policy, thus, mitigates the liquidity risk. However, being a cash accumulation plan, the duration of assets is shorter compared to the duration of liabilities. Thus, the Company is exposed to movement in interest rate (in particular, the significant fall in interest rates, which should result in an increase in liability without corresponding increase in the asset).

ix. Effect of Plan on Entity's Future Cash Flows

a) Funding arrangements and Funding Policy

The Company has purchased an insurance policy to provide for payment of gratuity to the employees. Every year, the insurance company carries out a funding valuation based on the latest employee data provided by the Company. Any deficit in the assets arising as a result of such valuation is funded by the Company.

b) Expected Contribution during the next annual reporting period

The Company's best estimate of Contribution during the next year is ₹ 618.61 lakhs (as at 31st March, 2018 ₹ 107.06 lakhs)

c) Maturity Profile of Defined Benefit Obligation

Weighted average duration (based on discounted cashflows) - 5 years

Expected cash flows over the next (valued on undiscounted basis):	(₹ in Lakhs)
1 year	120.53
2 to 5 years	251.07
6 to 10 years	199.23
More than 10 years	310.19

xi. The Company has defined benefit plans for Gratuity to eligible employees, the contributions for which are made to Life Insurance Corporation of India who invests the funds as per Insurance Regulatory Development Authority guidelines. The discount rate is based on the prevailing market yields of Government of India's securities as at the balance sheet date for the estimated term of the obligations.

Notes to Financial Statements

as at and for the year ended on 31st March, 2019

The expected contributions for Defined Benefit Plan for the next financial year will be in line with FY 2018-19.

The actuarial liability for compensated absences as at the year ended 31st March, 2019 is ₹ 498.47 lakhs (Previous Year ₹ 93.96 lakhs).

Defined Contribution Plan

Contribution to Defined Contribution Plans for the year is as under:

	₹ in Lakhs	
	For the year ended 31st March, 2019	For the year ended 31st March, 2018
Employer's Contribution to Provident Fund	311.42	75.67
Employer's Contribution to Superannuation Fund	1.00	-

		Adani Enterprises Limited and Adani Properties Private Limited (Jointly and Severally)	-	5,544.00

Notes to Financial Statements

as at and for the year ended on 31st March, 2019

- 40** The Company publishes the unconsolidated financial statements of the Company along with the consolidated financial statements of the company. In accordance with Ind AS 108 – Operating Segments, the Company has disclosed the segment information in the consolidated financial statements.
- 41** Previous year's figures have been recast, regrouped and rearranged, wherever necessary to confirm to this year's classification.
- 42** The Board of Directors of Adani Enterprises Limited (hereinafter referred as "AEL") and the Board of Directors of the Company had approved the Scheme of Arrangement ("the Scheme") among AEL and the Company and their respective shareholders and creditors. The Scheme was sanctioned by National Company Law Tribunal ("NCLT"), bench at, Ahmedabad vide its order dated 16th February, 2018. Pursuant to the sanction of the Scheme, the Renewable Power Undertaking of AEL has been transferred to the Company with appointed date of 1st April, 2018. Accordingly following effects are given in the books of accounts of the Company:
- (i) The existing 64,96,89,000 equity shares of ₹ 10 each held by AEL in the Company stand cancelled, against which the Company has allotted 83,69,55,473 equity shares of ₹ 10 each to the shareholders of AEL in swap ratio of 761 equity shares of the Company for every 1,000 equity shares held by shareholders of AEL.
 - (ii) The transfer and vesting of the Renewable Power Undertaking is accounted for in the books of accounts of the Company as per the "Pooling of Interest Method" prescribed under Indian Accounting Standard 103 - "Business Combinations" notified under Section 133 of the Companies Act, 2013 (the 'Act') read with relevant rules issued thereunder and other applicable accounting standards prescribed under the Act.
 - (iii) The excess of the value of equity shares allotted over the book value of assets and liabilities transferred has been recorded as reduction from capital reserve.

43 Business Combination

Since the scheme of demerger described in note no 42 above qualifies as common control business combinations under Ind AS 103 - "Business Combinations", the previous period comparative figures have been restated as if the business combination had occurred with effect from 1st April, 2017 and accordingly, Capital reserve is calculated based on the net assets as on 1st April, 2017.

Details of the purchase consideration, the net assets acquired and goodwill are as follows:

		₹ in Lakhs
Particulars		Amount
Total Investment of AEL in the Company		64,968.90
Net Assets of Renewable undertaking in books of AEL as on 1st April, 2017		18,435.69
Total Net Assets (A)		83,404.59
Total Purchase consideration (New shares) (B)		83,695.55
Reduction from Capital Reserve on acquisition (C) = (B) - (A)		290.96

Notes to Financial Statements

as at and for the year ended on 31st March, 2019

45 During the year, the Company has converted the loan of ₹ 74,914.24 Lakhs from Adani Properties Private Limited (APPL) into Unsecured Perpetual Debt. This debt is perpetual in nature with no maturity or redemption and is repayable only at the option of the borrower. The distribution on this debt is cumulative and at the discretion of the borrower at the rate of 11% p.a. where the borrower has an unconditional right to defer the same. As this debt is perpetual in nature and ranked senior only to the Share Capital of the borrower and the borrower does not have any redemption obligation, this is considered to be in the nature of equity instruments. This Unsecured Perpetual Debt have been presented as Instruments entirely equity in nature.

46 Due to micro, small and medium enterprises

Under the Micro Small and Medium Enterprises Development Act, 2006, (MSMED) which came in to force from 2nd October, 2006, certain disclosures are required to be made relating to Micro, Small and Medium enterprises. On the basis of the information and records available with management, outstanding dues to the Micro and Small enterprise as defined in the MSMED Act, 2006 are disclosed as below.

Particular	₹ in Lakhs	
	As at 31st March, 2019	As at 31st March, 2018
Principal amount remaining unpaid to any supplier as at the year end.	8.23	-
Interest due thereon	-	-
Amount of interest paid by the Company in terms of section 16 of the MSMED, along with the amount of the payment made to the supplier beyond the appointed day during the accounting year.	-	-
Amount of interest due and payable for the period of delay in making payment (which have been paid but beyond the appointed day during the period) but without adding the interest specified under the MSMED.	-	-
Amount of interest accrued and remaining unpaid at the end of the accounting year.	-	-
Amount of further interest remaining due and payable even in succeeding years.	-	-

The disclosure in respect of the amount payable to enterprises which have provided goods and services to the Company and which qualify under the definition of micro and small enterprises, as defined under Micro, Small and Medium Enterprises Development Act, 2006 has been made in the Financial statement as at 31st March, 2019 based on the information received and available with the Company. On the basis of such information, no interest is payable to any micro, small and medium enterprises.

47 Ind AS 115 Revenue from contracts with customers was issued on 28th March, 2018 and supersedes Ind AS 11 Construction Contracts and Ind AS 18 Revenue and it applies, with limited exception, to all revenue arising from contracts with its customers. Under Ind AS 115, revenue is recognised when a customer obtains control of goods or services. The Company has adopted Ind AS 115 using the cumulative effect method (without practical expedients) with the effect of initially applying this standard recognised at the date of initial application i.e. 1st April, 2018. Accordingly, the comparative information i.e. information for the year ended 31st March 2018, has not been restated. The adoption of the standard did not have any material impact on the financial statements of the company. Additionally, the disclosure requirements in Ind AS 115 have not generally been applied to comparative information.

Contract balances:

(a) The following table provides information about receivables, contract assets and contract liabilities from the contracts with customers.

Particular	₹ in Lakhs	
	As at 31st March, 2019	As at 31st March, 2018
Trade receivables (refer note 11)	31,495.12	88,793.74
Contract assets (refer note 16)	105.90	102.88
Contract liabilities (refer note 24)	51,307.20	539.00

The contract assets primarily relate to the Company's right to consideration for work completed but not billed at the reporting date. The contract assets are transferred to receivables when the rights become unconditional. This usually occurs when the company issues an invoice to the Customer.

Notes to Financial Statements

as at and for the year ended on 31st March, 2019

The contract liabilities primarily relate to the advance consideration received from the customers.

The Trade receivables primarily relate to the Company's right to consideration for work completed at the reporting date.

(b) Significant changes in contract assets and liabilities during the period:

Particular	₹ in Lakhs
	For the year ended 31st March, 2019
Contract assets reclassified to receivables	102.88
Contract liabilities recognised as revenue during the year	539.00

Reconciliation the amount of revenue recognised in the statement of profit and loss with the contracted price:

Particular	₹ in Lakhs
	For the year ended 31st March, 2019
Revenue as per contracted price	31,812.67
Adjustments	
Discounts	-
Revenue from contract with customers	31,812.67

48 Recent Indian Accounting Standards (Ind AS)

Standards issued but not yet effective

Ind AS 116 – Leases (effective from 1st April, 2019)

Ind AS 116 Leases replaces existing lease accounting guidance i.e. Ind AS 17 Leases. It sets out principles for the recognition, measurement, presentation and disclosure of leases and requires lessees to account for all leases, except short-term leases and leases for low-value items, under a single on-balance sheet lease accounting model. A lessee recognises a right-of-use asset representing its right to use the underlying asset and a lease liability representing its obligation to make lease payments. Lessor accounting largely unchanged from the existing standard – i.e. lessors continue to classify leases as finance or operating leases.

Based on the preliminary assessment, the Company does not expect any significant impacts on transition to Ind AS 116 on its Net worth. The management is under process of its assessment is based on currently available information and may be subject to changes arising from further reasonable and supportable information when the standard will be adopted. The quantitative impacts would be finalized based on a detailed assessment which has been initiated to identify the key impacts along with evaluation of appropriate transition options.

49 Events occurring after the Balance sheet Date

The Company evaluates events and transactions that occur subsequent to the balance sheet date but prior to approval of the financial statements to determine the necessity for recognition and/or reporting of any of these events and transactions in the financial statements. There are no subsequent events to be recognized or reported that are not already disclosed.

50 Approval of financial statements

The financial statements were approved for issue by the board of directors on 15th May, 2019.

Independent Auditors' Report

To
The Members of
Adani Green Energy Limited

Report on the Audit of Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of Adani Green Energy Limited (hereinafter referred to as "the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group") and its joint venture, which comprise of the Consolidated Balance Sheet as at 31 March 2019, Consolidated Statement of Profit and Loss (including other comprehensive income), Consolidated Statement of Changes in Equity and Consolidated Statement of Cash Flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of reports of one of the joint auditors Dharmesh Parikh & Co., Chartered Accountants and other auditors on separate financial statements of such subsidiaries and joint venture as were audited by one of the joint auditors Dharmesh Parikh & Co., Chartered Accountants and the other auditors, the aforesaid consolidated financial statements give the information required by the Companies

Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group and its joint venture as at 31 March 2019, of its consolidated loss and other comprehensive income, consolidated changes in equity and consolidated cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Group including its joint venture in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India, and we have fulfilled our other ethical responsibilities in accordance with the provisions of the Act. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Description of Key Audit Matters

Taxation – Deferred Tax Assets

With respect to accounting policies applied, please refer to Note 2 to the Consolidated financial statements.

The key audit matter	How the matter was addressed in our audit
As at 31 March 2019, the Group has recognized deferred tax assets (net) aggregating to ₹ 37,590.08 lakhs towards deductible temporary differences and tax losses.	As part of our audit procedures in this area:
The Group has recognized deferred tax assets to the extent that it is probable that the future taxable profits will be available against which such deductible temporary differences and unused tax losses can be utilized. Accordingly, deferred tax assets on unused tax losses aggregating to ₹ 50,308.06 lakhs and on unused tax credits aggregating to ₹ 669.11 lakhs have not been recognized as at 31 March 2019.	<ul style="list-style-type: none"> we obtained the management's calculations of future taxable profits; we tested the reasonableness of the future taxable profits in light of the Group's current financial performance, operating model and contractual arrangements; we evaluated the Group's ability to avail deduction of temporary differences and unused tax losses from such projected future taxable profits within the time limit before the relevant entitlements expire;
We have determined this to be a key audit matter due to the significant judgment involved in preparing forecasts of future taxable profits which will result in utilization of the recognized deferred tax assets.	<ul style="list-style-type: none"> we examined the disclosures in Note 8 of the consolidated financial statements for adequacy and appropriateness including around the disclosure of judgment applied in estimating recognized and unrecognized deferred tax assets.
The Group's disclosure with respect to deferred tax is included in Note 8 of the consolidated financial statements.	

Business combinations – significant one – off common control transaction

With respect to accounting policies applied, please refer to Note 2 to the Consolidated financial statements.

The key audit matter	How the matter was addressed in our audit
<p>During the year, the Group acquired the Solar business from a related party which was a significant one – off common control transaction with the appointed date of 1 April 2018.</p> <p>The accounting for the acquisition of the Solar business was complex as it required the Group to restate prior year figures in accordance with requirements of Ind AS 103 – “Business Combinations” along with explanatory disclosures. This also resulted in significant amount of audit effort.</p> <p>Accordingly, we have determined this to be a key audit matter.</p> <p>The disclosures with respect to the business combination are included in Notes 47 and 48 of the consolidated financial statements.</p>	<p>As part of our audit procedures in this area:</p> <ul style="list-style-type: none"> • we examined the Scheme of Arrangement pursuant to which the business acquisition was carried out along with the regulatory approvals required for the Scheme of Arrangement to take effect; • we evaluated the appropriateness of the accounting treatment followed by the Company in this regard, with reference to the requirements of the accounting principles generally accepted in India, including Ind AS; • we assessed the methodology applied in determining the transaction price; • we examined the disclosures in Notes 47 and 48 of the consolidated financial statements for adequacy and appropriateness, including disclosures of the impact of restatement of prior year figures.

Other Information

The Holding Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Holding Company's annual report, but does not include the financial statements and our auditors' report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed and based on the work done / audit report of other auditors, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's management and Board of Directors are responsible for the preparation and presentation of these consolidated financial statements in term of the requirements of the Act that give a true and fair view of the consolidated state of affairs, consolidated loss and other comprehensive income, consolidated statement of changes

in equity and consolidated cash flows of the Group including its joint venture in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. The respective Board of Directors of the companies included in the Group and of its joint venture are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of each company and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective management and Board of Directors of the companies included in the Group and of its joint venture are responsible for assessing the ability of each company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and of its joint venture are responsible for overseeing the financial reporting process of each company.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting in preparation of consolidated financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the appropriateness of this assumption. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion.

Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group (company and subsidiaries) as well as its joint venture to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of such entities or business activities within the Group and its joint venture to express an opinion on the consolidated financial statements, of which we are the independent auditors. We are responsible for the direction, supervision and performance of the audit of financial information of such entities. For the other entities included in the consolidated financial statements, which have been audited by one of the joint auditors Dharmesh Parikh & Co., Chartered Accountants or other auditors, one of the joint auditors Dharmesh Parikh & Co., Chartered Accountants and such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion. Our responsibilities in this regard are further described in para (1) of the section titled 'Other Matters' in this audit report.

We believe that the audit evidence obtained by us along with the consideration of audit reports of the one of the joint auditors Dharmesh Parikh & Co., Chartered Accountants and other auditors referred to in 'Other Matters' paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

We communicate with those charged with governance of the Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key

audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

- 1) The consolidated financial statements include the financial statements / financial information of 33 subsidiaries, whose financial statements / financial information reflect total assets of ₹ 570,919.67 Lakhs as at 31 March 2019, total revenues of ₹ 59,029.19 Lakhs and net cash inflows amounting to ₹ 656.28 Lakhs for the year ended on that date. These financial statements / financial information have been audited by one of the joint auditors, Dharmesh Parikh & Co., Chartered Accountants, whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and our report in terms of Section 143(3) of the Act, insofar as it relates to the aforesaid subsidiaries is based solely on the reports of one of the joint auditors, Dharmesh Parikh & Co., Chartered Accountants.
2. We did not audit the financial statements / financial information of 6 subsidiaries whose financial statements / financial information reflect total assets of ₹ 11,390.65 Lakhs as at 31 March 2019, total revenue of NIL and total cash inflows of ₹ 43.19 Lakhs for the year ended on that date. These financial statements / financial information have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, and our report in terms of sub-section (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries is based solely on the audit reports of the other auditors.

These subsidiaries are located outside India whose financial statements and other financial information have been prepared in accordance with accounting principles generally accepted in their respective countries and which have been audited by other auditors under generally accepted auditing standards applicable in their respective countries. The Company's management has converted the financial statements of such subsidiaries located outside India from accounting principles generally accepted in their respective countries to accounting principles generally

accepted in India. We have audited these conversion adjustments made by the Company's management. Our opinion in so far as it relates to the balances and affairs of such subsidiaries located outside India is based on the report of other auditors and the conversion adjustments prepared by the management of the Company and audited by us.

3. The consolidated financial statements also include the Group's share of net loss (and other comprehensive income) of ₹ 356.37 Lakhs for the year ended 31 March, 2019, as considered in the consolidated financial statements, in respect of a joint venture whose financial statements / financial information have not been audited by us. These financial statements / financial information have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of its joint venture and our report in terms of Section 143(3) of the Act, insofar as it relates to the aforesaid joint venture is based solely on the reports of the other auditors.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of one of the joint auditors Dharmesh Parikh & Co., Chartered Accountants and the other auditors referred above.

Report on Other Legal and Regulatory Requirements

- 1) As required by Section 143(3) of the Act, based on our audit and on the consideration of reports of one of the joint auditors Dharmesh Parikh & Co., Chartered Accountants and other auditors on separate financial statements of such subsidiaries and joint venture, as were audited by them, as noted in the 'Other Matters' paragraph, we report, to the extent applicable, that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements;
 - b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of one of the joint auditors Dharmesh Parikh & Co., Chartered Accountants and other auditors;

- c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including other comprehensive income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements;
- d) In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under section 133 of the Act;
- e) On the basis of the written representations received from the directors of the Holding Company as on 31 March 2019 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiaries and joint venture incorporated in India, none of the directors of the Group and its joint venture incorporated in India is disqualified as on 31 March 2019 from being appointed as a director in terms of Section 164(2) of the Act; and
- f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Holding Company, its subsidiaries and its joint venture incorporated in India, and the operating effectiveness of such controls, refer to our separate Report in 'Annexure-A'.
- 2) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of one of the joint auditors Dharmesh Parikh & Co., Chartered Accountants and other auditors on separate financial statements of the subsidiaries and joint venture, as noted in the 'Other Matters' paragraph:
- i. The consolidated financial statements disclose the impact of pending litigations as at 31 March 2019 on the consolidated financial position of the Group and its joint venture. Refer Note 36 to the consolidated financial statements.
- ii. Provision has been made in the consolidated financial statements, as required under the applicable law or Ind AS, for material foreseeable losses, on long-term contracts including derivative contracts. Refer Note 22 to the consolidated financial statements in respect of such items as it relates to the Group and its joint venture.
- iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company during the year ended 31 March 2019.
- 3) With respect to the matter to be included in the Auditors' Report under section 197(16):
- In our opinion and according to the information and explanations given to us and based on the reports of the statutory auditors of subsidiaries and a joint Venture incorporated in India which were not audited by us, the remuneration paid during the current year by the Holding Company, its subsidiaries and its joint venture incorporated in India, to its directors is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director by the Holding Company, its subsidiaries and its joint venture incorporated in India, is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) which are required to be commented upon by us.

Annexure A to the Independent Auditors' Report on the Consolidated Financial Statements

of Adani Green Energy Limited for the year ended 31 March 2019

Report on the internal financial controls with reference to the aforesaid consolidated financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended 31 March 2019, we have audited the internal financial controls with reference to consolidated financial statements of Adani Green Energy Limited (hereinafter referred to as 'the Holding Company') and such companies incorporated in India under the Companies Act, 2013 which are its subsidiary companies and joint venture as of that date.

In our opinion, the Holding Company and such companies incorporated in India which are its subsidiary companies and joint venture, have, in all material respects, adequate internal financial controls with reference to consolidated financial statements and such internal financial controls were operating effectively as at 31 March 2019, based on the internal financial controls with reference to consolidated financial statements criteria established by such companies considering the essential components of such internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the 'Guidance Note').

Management's Responsibility for Internal Financial Controls

The respective company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls with reference to consolidated financial statements based on the criteria established by the respective company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as 'the Act').

Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, specified under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to consolidated financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of the internal controls based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by one of the joint auditors Dharmesh Parikh & Co., Chartered Accountants and other auditors of the relevant subsidiaries and joint venture in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to consolidated financial statements.

Meaning of Internal Financial controls with Reference to Consolidated Financial Statements

A company's internal financial controls with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial

statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial controls with Reference to Consolidated Financial Statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal

financial controls with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Other Matter

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to consolidated financial statements in so far as it relates to 24 subsidiaries which are companies incorporated in India, is based on the corresponding reports of one of the joint auditors, Dharmesh Parikh & Co., Chartered Accountants and for one joint venture is based on the corresponding report of the auditor of such company incorporated in India.

Notes to Consolidated Financial Statements

as at and for the year ended on 31st March, 2019

1 Corporate information

Adani Green Energy Limited ('the Holding Company or Company'), is a public limited company domiciled in India and incorporated on 23rd January, 2015 as a subsidiary of Adani Enterprises Limited under the provisions of Indian Companies Act, 2013 and forms part of the Adani group. The Company is a holding company of several subsidiaries carrying business of renewable power generation within the Group. These consolidated financial statements comprise the Company and its subsidiaries (referred to collectively as the 'Group') and the Group's interest in joint ventures. The Group is primarily involved in renewable power generation and other ancillary and related activities.

The Board of Directors of Adani Enterprises Limited (hereinafter referred as "AEL") and the Board of Directors of the Company had approved the Scheme of Arrangement ("the Scheme") among AEL and the Company and their respective shareholders and creditors. The Scheme was sanctioned by National Company Law Tribunal ("NCLT"), bench at, Ahmedabad vide its order dated 16th February, 2018. Pursuant to the sanction of the Scheme, the Renewable Power Undertaking of AEL has been transferred to the Company with appointed date of 1st April, 2018.

2 Significant accounting policies

2.1 Statement of compliance

The Consolidated Financial Statements of the Group have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under section 133 of the Companies Act, 2013, read with the Companies (Indian Accounting Standards) Rules, 2015 amended from time to time and other accounting principles generally accepted in India.

Basis of preparation and presentation

The Consolidated Financial Statements have been prepared on a going concern basis under the historical cost convention except for Investments in mutual funds and certain financial assets and liabilities that are measured at fair values whereas net defined benefit (asset)/ liability are valued at fair value of plan assets less defined benefit obligation at the end of each reporting period, as explained in the accounting policies below.

2.2 Basis of Consolidation

The Consolidated Financial Statements incorporate the Consolidated Financial Statements of the Group and entities (including structured entities) controlled by

the Company and its subsidiaries. Control is achieved when the Company:

- has power over the investee;
- is exposed, or has rights, to variable returns from its involvement with the investee; and
- has the ability to use its power to affect its returns.

The Company reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

When the Company has less than a majority of the voting rights of an investee, it has power over the investee when the voting rights are sufficient to give it the practical ability to direct the relevant activities of the investee unilaterally. The Company considers all relevant facts and circumstances in assessing whether or not the Company's voting rights in an investee are sufficient to give it power, including:

- the size of the Company's holding of voting rights relative to the size and dispersion of holdings of the other vote holders;
- potential voting rights held by the Company, other vote holders or other parties;
- rights arising from other contractual arrangements; and
- any additional facts and circumstances that indicate that the Company has, or does not have, the current ability to direct the relevant activities at the time that decisions need to be made, including voting patterns at previous shareholders' meetings.

Consolidation of a subsidiary begins when the Company obtains control over the subsidiary and ceases when the Company loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated statement of profit and loss from the date the Company gains control until the date when the Company ceases to control the subsidiary.

A joint venture is an arrangement in which the Group have joint control and has rights to the net assets of the joint arrangement, rather than rights to its assets and obligations for its liabilities. Interest in joint venture are accounted using equity method. They are initially recognised at cost which includes transaction costs. Subsequent to initial recognition, the consolidated financial statements include the Group's share of profit

Notes to Consolidated Financial Statements

as at and for the year ended on 31st March, 2019

or loss and OCI of equity accounted investees until the date on which joint control ceases.

Profit or loss and each component of other comprehensive income are attributed to the owners of the Group and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of the Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

When necessary, adjustments are made to the consolidated financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies.

Intra-group balances and transactions, and any unrealised income and expenses arising from intra-group transactions, are eliminated. Unrealised gains arising from transactions with equity accounted investees are eliminated against the investment to the extent of the Group's interest in the investee. Unrealised losses are eliminated in the same way as unrealised gains, but only to the extent that there is no evidence of impairment.

The list of Companies included in consolidation, relationship with Adani Green Energy Limited (AGEL) and Adani Green Energy Limited's shareholding therein are as under. The reporting date for all the entities is 31st March, 2019 except otherwise specified.

The Group has sold investment in above mentioned (*marked) subsidiaries/joint venture, accordingly these (*marked) companies cease to be subsidiary/joint venture of the Group as at 31st March, 2019 and 31st March, 2018 respectively.

Changes in the Group's ownership interests in existing subsidiaries

Changes in the Group's ownership interests in subsidiaries that do not result in the Group losing control over the subsidiaries are accounted for as equity transactions. The carrying amounts of the Group's interests and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiaries. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to owners of the group.

When the Group loses control of a subsidiary, a gain or loss is recognised in profit or loss and is calculated as the difference between (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest and (ii) the previous carrying amount of the assets (including goodwill), and liabilities of the subsidiary and any non-controlling interests. All

amounts previously recognised in other comprehensive income in relation to that subsidiary are accounted for as if the Group had directly disposed of the related assets or liabilities of the subsidiary (i.e. reclassified to profit or loss or transferred to another category of equity as specified/permitted by applicable Ind AS). The fair value of any investment retained in the former subsidiary at the date when control is lost is regarded as the fair value on initial recognition for subsequent accounting under Ind AS 109, or, when applicable, the cost on initial recognition of an investment in a joint venture.

2.3 Summary of significant accounting policies

a Property, plant and equipment

i. Recognition and measurement

Property, plant and equipment are stated at acquisition cost less accumulated depreciation and accumulated impairment losses, if any. All costs, including borrowing costs incurred up to

Notes to Consolidated Financial Statements

as at and for the year ended on 31st March, 2019

the date the asset is ready for its intended use, are capitalised along with respective asset.

Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use. The cost of a self-constructed item of property, plant and equipment comprises the cost of materials and direct labor, any other costs directly attributable to bringing the item to working condition for its intended use, and estimated costs of dismantling and removing the item and restoring the site on which it is located.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

ii. Subsequent measurement

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Group.

iii. Depreciation

Depreciation is recognised so as to expense the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives. The Group uses Written down Value method of depreciation except two subsidiaries (viz. AWE(Gujarat)L and KSPPL) which uses Straight Line method of depreciation. The useful life of property, plant and equipment is considered based on life prescribed in Schedule II to the Companies Act, 2013, except in case of the Plant and equipment, in whose case the life of the assets has been estimated at 25 years in case of wind power generation and at 30 years in case of solar power generation based on technical assessment taking into account the nature of assets, the estimated usage of the assets, the operating condition of the assets, anticipated technical changes, manufacturer warranties and maintenance support. In case of major components identified, depreciation is provided based on the useful life of each such component based on technical assessment, if materially different from that of the main asset.

iv. Derecognition

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in statement of profit and loss.

b Intangible assets

i. Recognition and measurement

Intangible assets acquired separately are carried at cost less accumulated amortisation and any accumulated impairment losses.

ii. Amortisation

Amortisation is recognised on a Written Down Value basis over their estimated useful lives. Estimated useful life of the Computer Software is 5 years.

iii. Derecognition

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition are recognised in statement of profit and loss.

c Capital Work in Progress

Expenditure related to and incurred during implementation of capital projects to get the assets ready for intended use is included under "Capital Work in Progress". The same is allocated to the respective items of property, plant and equipment on completion of construction/ erection of the capital project/ property plant and equipment.

d Financial Instruments

Trade receivables and debt securities issued are initially recognised when they originated. All other financial assets and financial liabilities are recognised when the Group becomes a party to the contractual provisions of the instruments.

A financial asset and financial liability is initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit and loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly

Notes to Consolidated Financial Statements

as at and for the year ended on 31st March, 2019

attributable to the acquisition of financial assets or financial liabilities at fair value through profit and loss are recognised immediately in statement of profit and loss.

e Financial assets

Initial recognition and measurement

All financial assets, except investment in subsidiaries and joint ventures are recognised initially at fair value.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified based on assessment of business model in which they are held. This assessment is done for portfolio of the financial assets. The relevant categories are as below:

i) At amortised cost

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and which are not classified as financial assets at fair value through profit and loss or for-sale fair value through profit and loss. Subsequently, these are measured at amortised cost using the effective interest method less any impairment losses. These include trade receivables, finance receivables, balances with banks, short-term deposits with banks, other financial assets and investments with fixed or determinable payments. These assets are held for the purpose of collecting contractual cash flows which represent solely payment of principal and interest.

ii) At fair value through Other comprehensive income (FVOCI)

A financial asset is measured at FVOCI if it meets both of the following conditions and is not designated as FVTPL:

- the asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

iii) At fair value through profit and loss (FVTPL)

Financial assets which are not measured at amortised cost and are held for trading are measured at FVTPL.

Fair value changes related to such financial assets including derivative contracts are recognised in the statement of profit and loss.

Business Model Assessment

The Group makes an assessment of the objectives of the business model in which a financial asset is held because it best reflects the way business is managed and information is provided to management.

The assessment of business model comprises the stated policies and objectives of the financial assets, management strategy for holding the financial assets, the risk that affects the performance etc. Further management also evaluates whether the contractual cash flows are solely payment of principal and interest considering the contractual terms of the instrument.

Derecognition of financial assets

The Group derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Group neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in statement of profit and loss if such gain or loss would have otherwise been recognised in statement of profit and loss on disposal of that financial asset.

Impairment of Financial asset

The Group applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, trade receivables and other contractual rights to receive cash or other financial asset.

Expected credit losses rate the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the Group expects to receive

Notes to Consolidated Financial Statements

as at and for the year ended on 31st March, 2019

(i.e. all cash shortfalls), discounted at the original effective interest rate. The Group estimates cash flows by considering all contractual terms of the financial instrument through the expected life of that financial instrument.

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Group uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the Group compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are expedient as permitted under Ind AS 109. Expected credit loss allowance on trade receivables is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward looking information. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.

f Financial liabilities and equity instruments

Classification as debt or equity

Debt and equity instruments issued by the Group are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Group are recognised at the proceeds received, net of direct issue costs.

Financial liabilities

All financial liabilities are measured at amortised cost using the effective interest method or at FVTPL.

Financial liabilities at amortised cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

Trade and other payables are recognised at the transaction cost, which is its fair value, and subsequently measured at amortised cost.

Financial liabilities at FVTPL

A financial liability may be designated as at FVTPL upon initial recognition if:

- such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise;
- the financial liability whose performance is evaluated on a fair value basis, in accordance with the Group's documented risk management;

Fair value changes related to such financial liabilities are recognised in the statement of profit and loss.

Derecognition of financial liabilities

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or have expired. An exchange between with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability

Notes to Consolidated Financial Statements

as at and for the year ended on 31st March, 2019

and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in statement of profit and loss.

Derivative Financial Instruments

Initial recognition and subsequent measurement

The Group uses derivative financial instruments, such as forward currency contracts and options to hedge its foreign currency risk. Derivatives are initially measured at fair value. Subsequent to initial recognition, derivatives are measured at fair value, and changes therein are generally recognised in statement of profit and loss as Foreign Exchange (Gain) / Loss except those relating to borrowings, which are separately classified under Finance Cost. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

g Inventories

Inventories which comprise consumables, stores and spares are carried at the lower of the cost and net realisable value after providing for obsolescence and other losses where considered necessary. Cost of Inventories comprises all cost of purchase including all non refundable duties and other cost incurred in bringing inventories to their present location and condition. In determining the cost, weighted average cost method is used.

h Current and non-current classification

The Group presents assets and liabilities in the balance sheet based on current/non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle or
- Held primarily for the purpose of trading or
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle or
- It is held primarily for the purpose of trading or
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Group classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities respectively.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Group has identified twelve months as its operating cycle.

i Functional currency

These financial statements are presented in Indian Rupees (INR), which is also the Group's functional currency. All amounts have been rounded-off to the nearest lakhs with two decimals, unless otherwise indicated.

Foreign currencies

Transactions in foreign currencies are initially recorded by the Group at its functional currency spot rates at the date the transaction first qualifies for recognition.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions.

Exchange differences are recognized in the statement of profit and loss except exchange differences on foreign currency borrowings relating to assets under construction for future productive use, which are included in the cost of those assets when they are regarded as an

Notes to Consolidated Financial Statements

as at and for the year ended on 31st March, 2019

adjustment to interest costs on those foreign currency borrowings.

The Group has elected to continue the policy adopted for accounting for exchange differences arising from translation of long-term foreign currency monetary items outstanding and recognised in the financial statements for the period ending immediately before the beginning of the first Ind AS financial reporting period as per the previous GAAP.

j Revenue recognition

Effective 1st April, 2018, the Group has adopted Ind AS 115 - Revenue from Contracts with Customers (Ind AS 115, the standard), using the cumulative effect method for transition. Accordingly, the Group applied Ind AS 115 to contracts that were not completed as of 1st April, 2018 but the comparative periods have not been adjusted. The adoption of the standard did not have any material impact to the financial statements.

Revenue from the sale of goods is recognised at the point in time when control is transferred to the customer, which generally coincides with the delivery of goods to customers, based on contracts entered into with the customers.

Revenue from services rendered is recognised when services are rendered.

Revenue is measured based on the transaction price, which is the consideration, adjusted for discounts and other incentives, if any, as specified in the contract with the customer. Revenue also excludes taxes or other amounts collected from customers in its capacity as an agent. If the consideration in a contract includes a variable amount, the Group estimates the amount of consideration to which it will be entitled in exchange for transferring the goods to the customer. The variable consideration is estimated at contract inception and constrained until it is highly probable that a significant revenue reversal in the amount of cumulative revenue recognised will not occur when the associated uncertainty with the variable consideration is subsequently resolved.

The accounting policies for the specific revenue streams of the Group as summarized below:

- i) Revenue from Power Supply is recognised in terms of the Power Purchase Agreements

(PPA) entered with Central and State Distribution Companies and is measured at the value of the consideration received or receivable, net of discounts if any.

- ii) Interest income is recognised on Effective Interest Rate (EIR) basis taking into account the amount outstanding and the applicable interest rate. Dividend income is accounted for when the right to receive income is established.
- iii) Delayed payment charges and interest on delayed payment for power supply are recognized based on reasonable certainty regarding ultimate collection.

Contract Balances

Contract assets

A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Group performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional.

Trade receivables

A receivable represents the Group's right to an amount of consideration that is unconditional i.e. only the passage of time is required before payment of consideration is due.

Contract liabilities

A contract liability is the obligation to transfer goods or services to a customer for which the Group has received consideration (or an amount of consideration is due) from the customer. Contract liabilities are recognised as revenue when the Group performs under the contract.

k Borrowing costs

Borrowing costs are interest and other costs incurred in connection with the borrowing of funds. Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

Notes to Consolidated Financial Statements

as at and for the year ended on 31st March, 2019

All other borrowing costs are recognised in statement of profit and loss in the period in which they are incurred.

I Employee benefits

i) Defined benefit plans:

The Group operates a defined benefit gratuity plan in India, which requires contributions to be made to a separately administered fund. The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method.

Re-measurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Re-measurements are not reclassified to profit and loss in subsequent periods.

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Group recognises the following changes in the net defined benefit obligation as an expense in the statement of profit and loss:

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non routine settlements; and

- Net interest expense or income

ii) Defined contribution plan:

Retirement benefit in the form of Provident Fund and Family Pension Fund is a defined contribution scheme. The Group has no obligation, other than the contribution payable to the provident fund. The Group recognizes contribution payable to the provident fund scheme as a charge to the capital work-in-progress till the capitalisation otherwise the same is charged to the Statement of Profit and Loss for the period in which the contributions to the respective funds accrue.

iii) Compensated Absences:

Provision for Compensated Absences and its classifications between current and non-current liabilities are based on

independent actuarial valuation. The actuarial valuation is done as per the projected unit credit method.

iv) Short term employee benefits:

Short-term employee benefit obligations are recognised at an undiscounted amount in the Statement of Profit and Loss for the year in which the related services are received.

m Taxation

Tax on Income comprises current and deferred tax. It is recognised in statement of profit and loss except to the extent that it relates to a business combination, or items recognised directly in equity or in other comprehensive income.

Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

Deferred tax

Deferred tax is recognized for the future tax consequences of deductible temporary differences between the carrying values of assets and liabilities and their respective tax bases at the reporting date, using the tax rates and laws that are enacted or substantively enacted as on reporting date. The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Group expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities. Deferred tax is also recognised in respect of carried forward tax losses and tax credits subject to the assessment of reasonable certainty of recovery.

Deferred tax relating to items recognized outside the statement of profit and loss is recognized outside with the underlying items i.e. either in

Notes to Consolidated Financial Statements

as at and for the year ended on 31st March, 2019

the statement of other comprehensive income or directly in equity as relevant.

n Earnings per share

Basic earnings per share is computed by dividing the profit / (loss) after tax by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit / (loss) after tax as adjusted for the effects of dividend, interest and other charges relating to the dilutive potential equity shares by weighted average number of shares plus dilutive potential equity shares.

o Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. Provisions are determined by discounting the expected future cash flows (representing the best estimate of the expenditure required to settle the present obligation at the balance sheet date) at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. When the Group expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

The unwinding of the discount is recognised as finance cost. Expected future operating losses are not provided for.

Contingent liabilities are not recognised but are disclosed in the notes. Contingent assets are not recognised but are disclosed in the notes where an inflow of economic benefits is probable.

p Impairment of non-financial assets

At the end of each reporting period, the Group reviews the carrying amounts of non-financial

assets, other than inventories and deferred tax assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit (CGU) to which the asset belongs. Each CGU represents the smallest group of assets that generates cash inflows that are largely independent of the cash inflows of other assets or CGUs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or CGU for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised immediately in statement of profit and loss. Impairment loss recognised in respect of a CGU is allocated to reduce the carrying amounts of the other assets of the CGU (or group of CGUs) on a pro rata basis.

Assets (other than goodwill) for which impairment loss has been recognised in prior periods, the Group reviews at each reporting date whether there is any indication that the loss has decreased or no longer exists. When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment

Notes to Consolidated Financial Statements

as at and for the year ended on 31st March, 2019

loss is recognised immediately in statement of profit and loss.

Goodwill represents the excess of the consideration paid to acquire a business over underlying fair value of the identified assets acquired. Goodwill is carried at cost less accumulated impairment losses, if any. Goodwill is deemed to have an indefinite useful life and is tested for impairment annually or when events or circumstances indicate that the implied fair value of goodwill is less than its carrying amount.

For the purposes of impairment testing, goodwill is allocated to each of the Company's cash-generating units (CGUs) that is expected to benefit from the synergies of the combination. Where goodwill has been allocated to a cash-generating unit and part of the operation within that unit is disposed of, the goodwill associated with the disposed operation is included in the carrying amount of the operation when determining the gain or loss on disposal. Goodwill disposed in these circumstances is measured based on the relative values of the disposed operation and the portion of the cash-generating unit retained.

q Leases

i. Assets held under lease

Leases of property, plant and equipment that transfer to the Group substantially all the risks and rewards of ownership are classified as finance leases. The leased assets are measured initially at an amount equal to the lower of their fair value and the present value of the minimum lease payments. Subsequent to initial recognition, the assets are accounted for in accordance with the accounting policy applicable to similar owned assets.

Assets held under leases that do not transfer to the Group substantially all the risks and rewards of ownership (i.e. operating leases) are not recognized in the Group's Balance Sheet.

ii. Lease payments

Payments made under operating leases are generally recognised in profit and loss on a straight-line basis over the term of the lease unless such payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

r Cash and Cash Equivalents

Cash and cash equivalents in the balance sheet comprise cash at banks and on hand, cheques

in hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

Cash and cash equivalents for the purpose of Statement of Cash Flow comprise cash and cheques in hand, bank balances, demand deposits with banks where the original maturity is three months or less.

s Government Grant

Government grants are not recognised until there is reasonable assurance that the Group will comply with the conditions attaching to them and that the grants will be received.

Government grants are recognised in profit and loss on a systematic basis over the periods in which the Group recognises as expenses the related costs for which the grants are intended to compensate. Specifically, Government grants whose primary condition is that the Group should purchase, construct or otherwise acquire non-current assets are recognised as deferred revenue in the consolidated balance sheet and transferred to profit and loss on a systematic and rational basis over the useful lives of the related assets.

Government grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Group with no future related costs are recognised in profit and loss in the period in which they become receivable.

The benefit of a government loan at a below-market rate of interest is treated as a government grant, measured as the difference between proceeds received and the fair value of the loan based on prevailing market interest rates.

3 Use of estimates and judgements

The preparation of the Group's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures including contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

Notes to Consolidated Financial Statements

as at and for the year ended on 31st March, 2019

Key Sources of Estimation uncertainty:

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. Existing circumstances and assumptions about future developments may change due to market changes or circumstances arising that are beyond the control of the Group. Such changes are reflected in the assumptions when they occur.

i) Useful lives, residual value and depreciation method of property, plant and equipment

In case of the power plant assets, in whose case the life of the assets has been estimated at 25 years for wind power generation and 30 years for solar power generation projects based on technical assessment, taking into account the nature of the assets, the estimated usage of the asset, the operating condition of the asset, anticipated technological changes, manufacturer warranties and maintenance support, except for major some components identified during the year, depreciation on the same is provided based on the useful life of each such component based on technical assessment, if materially different from that of the main asset. Depreciation is recognized on written down value except two subsidiaries which use straight line method of depreciation based on the pattern in which the future economic benefits are expected to be consumed of the related assets.

ii) Fairvalue measurement of financial instruments

In estimating the fair value of financial assets and financial liabilities, the Group uses market observable data to the extent available. Where such Level 1 inputs are not available, the Group establishes appropriate valuation techniques and inputs to the model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

iii) Defined benefit plans (gratuity benefits)

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

iv) Impairment of Non Financial Assets

Impairment exists when the carrying value of an asset or cash generating unit exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data for similar assets or observable market prices less incremental costs for disposing of the asset. The value in use calculation is based on a discounted cash flow ("DCF") model. The recoverable amount is sensitive to the discount rate used for the DCF model as well as the expected future cash-inflows and the growth rate used.

v) Taxes

Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies and future recoverability of deferred tax assets.

vi) Government Grant

Significant management judgment is required to determine the timing and extent of recognition of any grants received from Government. They can only be recognized upon reasonable assurance that the entity will comply with the conditions attached to the grant.

Aggregate value of unquoted investments	3,671.97	4,175.55

Notes:

- i) During the year, the Company has acquired balance 51% equity shares of Kodangal Solar Parks Private Limited (KSPPL) and accordingly KSPPL has become a wholly owned subsidiary of the Company. The total purchase consideration of ₹ 293.76 lakhs has been paid in cash (including the amount aggregating to ₹ 150.64 lakhs paid in earlier years). The Company has accounted for the transaction under Ind AS 103, "Business Combinations", and has allocated the aggregate purchase consideration to identifiable assets acquired and liabilities assumed based on purchase price allocation. The aggregate amount of Goodwill recognized in the consolidated financial statements on account of the said transaction is ₹ 297.76 lakhs. Since, KSPPL was a joint venture earlier, the share of loss from the joint operations and the investment in equity earlier recognized in the consolidated financial statements has been derecognized and KSPPL has been accounted for as a wholly owned subsidiary in the consolidated financial statements for 31st March, 2019. The previous year's figures to that extent are not comparable.

Notes to Consolidated Financial Statements

as at and for the year ended on 31st March, 2019

The Group has entered into long term power purchase agreement with State and Central Distribution Companies for period of 25 years, pursuant to this management is reasonably certain that the unabsorbed depreciation and unused tax losses (to the extent on which Deferred Tax asset has been recognized) will be utilized. Unabsorbed depreciation can be utilised at any time without any restriction or time-frame.

Unused tax losses and tax credits:

Deductible temporary differences, unused tax losses for which no deferred tax assets have been recognised are attributable to the following:

(a) Unused Tax Credit

	₹ in Lakhs	
	As at 31st March, 2019	As at 31st March, 2018
Unused Tax Credit	669.11	151.75
Total	669.11	151.75

Out of which unused tax credit will expire as per below table

Assessment year	₹ in Lakhs
2032-2033	124.32
2033-2034	544.79

(b) Unused Tax Losses

	₹ in Lakhs	
	As at 31st March, 2019	As at 31st March, 2018
Unused tax losses (revenue in nature)	50,308.06	39,540.49
Total	50,308.06	39,540.49

Out of which unused tax losses will expire as per below table

Assessment year	₹ in Lakhs
2024-2025	7,033.84
2025-2026	31,094.49
2026-2027	9,511.16
2027-2028	2,668.57
Total	50,308.06

No deferred tax asset has been recognised on the above unutilised tax losses and tax credits as there is no evidence that sufficient taxable profit will be available in the future against which they can be utilised by the Group.

(i) Contingent Liabilities:

		₹ in Lakhs	
		As at 31st March, 2019	As at 31st March, 2018
The Group has received demand for liquidated damages for projects completed beyond the contractually agreed dates. In some of the cases, the Group has filed appeal and in remaining cases, the Group is in process of filing appeal against such demands with appellant authorities. The management believes the reason for delay were not attributable to the Group and the facts underlying the Group's position, it believes that the probability that it will ultimately be found liable for these assessments currently seems low and accordingly has not accrued any amount with respect to these matters in its financial statements. The Group does not expect the impact of these demands to have a material adverse effect on its financial position and financial results.		5,222.13	3,088.00
In case of Prayatna Developers Private Limited, the Company has filled an appeal against demands from Income Tax department for AY 2016-17. The appeal has been filed to CIT(A). The Company does not expect the impact of these demands to have a material adverse effect on its financial position and financial results.		34.50	

Notes to Consolidated Financial Statements

as at and for the year ended on 31st March, 2019

The Honourable Supreme Court of India vide its order dated 28th February, 2019 held that 'Basic Wages' for the contribution towards Provident Fund (PF) should only exclude [in addition to specific exclusions under Section 2(b) (ii) of the Employees Provident Fund Act, 1952]:

a) amounts that are payable to the employee for undertaking work beyond the normal work which he/she is otherwise required to put in and

b) allowances which are either variable or linked to any incentive for production resulting in greater output by an employee and that the allowances are not paid across the board to all employees in a particular category or were being paid especially to those who avail the opportunity.

With reference to the above mentioned judgment, the Group's Management is of the view that there is considerable uncertainty around the timing, manner and extent in which the judgment will be interpreted and applied by the regulatory authorities. Management is of the view that any incremental outflow in this regard can only be determined once the position being taken by the regulatory authorities in this regard is known and the Management is able to evaluate all possible courses of action available.

Accordingly, no provision has been currently recognized in these Consolidated Financial Statements in this regard.

(ii) Commitments:

	₹ in Lakhs

For a period not later than one year	1,731.11	377.61
For a period later than one year and not later than five years	7,931.53	2,413.66
For a period later than five years	69,370.28	20,713.17

38 Financial Instruments, Financial Risk and Capital Management:

The Group's risk management activities are subject to the management direction and control under the framework of Risk Management Policy as approved by the Board of Directors of the Group. The Management ensures appropriate risk governance framework for the Group through appropriate policies and procedures and these risks are identified, measured and managed in accordance with the Group's policies and risk.

The Group's financial liabilities comprise mainly of borrowings, trade and other payables. The Group's financial assets comprise mainly of investments, cash and cash equivalents, other balances with banks, loans, trade receivables and other receivables.

The Group has exposure to the following risks arising from financial instruments:

- Market risk
- Credit risk;
- Liquidity risk

Notes to Consolidated Financial Statements

as at and for the year ended on 31st March, 2019

Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and commodity risk.

i) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group's exposure to the risk of changes in market interest rates relates primarily to the Group's long-term debt obligations with floating interest rates.

The Group manages its interest rate risk by having a mixed portfolio of fixed and variable rate loans and borrowings. The Group's borrowings from banks are at floating rate of interest and borrowings from related parties are at fixed rate of interest.

The sensitivity analysis have been carried out based on the exposure to interest rates for instruments not hedged against interest rate fluctuations at the end of the reporting period. The said analysis has been carried on the amount of floating rate non - current liabilities outstanding at the end of the reporting period. A 50 basis point increase or decrease represents the management's assessment of the reasonably possible change in interest rates.

In case of fluctuation in interest rates by 50 basis points and all other variable were held constant, the Group's loss before tax for the year would increased / decreased as follows:.

	₹ in Lakhs	
	For the year ended 31st March, 2019	For the year ended 31st March, 2018
Impact on loss before tax for the year	4,235.90	3,620.54

ii) Foreign Currency risk

Foreign currency risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Group is exposed to the effects of fluctuation in the prevailing foreign currency exchange rates on its financial position and cash flows. Exposure arises primarily due to exchange rate fluctuations between the functional currency and other currencies from the Group's operating and financing activities. The Company hedges at least 25% of its total exposure for 12 months as per the policy.

Every 1% depreciation / appreciation in the exchange rate between the Indian rupee and U.S.dollar and other currencies on the exposure of \$ 12.79 million as on 31st March, 2019 and \$ 128.56 million as on 31st March, 2018, would have increased/ decreased the Group's loss before tax for the year as follows:

	₹ in Lakhs	
	For the year ended 31st March, 2019	For the year ended 31st March, 2018
Impact on loss before tax for the year	88.47	838.09

iii) Price risk

The Group's exposure to price risk in the investment in mutual funds and classified in the balance sheet as fair value through profit or loss. Management monitors the prices closely to mitigate its impact on profit and cash flows. Since these investments are insignificant, the exposure to equity price changes is minimal.

Credit risk

Trade Receivable:

Total receivables of the Group are from its related entities and State and Central Electricity Distribution Companies (DISCOM) which are Government undertaking. The Group is regularly receiving its dues from its related entities and DISCOM. Delayed payments carries interest as per the terms of agreements. Trade receivables are generally due for lesser than one year, accordingly in relation to these dues, the Group does not foresee any Credit Risk.

Notes to Consolidated Financial Statements

as at and for the year ended on 31st March, 2019

Other Financial Assets:

This comprises mainly of deposits with banks, investments in mutual funds and other intercompany receivables. Credit risk arising from these financial assets is limited and there is no collateral held against these because the counterparties are group companies, banks and recognised financial institutions. Banks and recognised financial institutions have high credit ratings assigned by the international credit rating agencies.

Liquidity risk

Liquidity risk is the risk that the Group will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Group monitors its risk of shortage of funds using cash flow forecasting models. These models consider the maturity of its financial investments, committed funding and projected cash flows from operations. The Group's objective is to provide financial resources to meet its business objectives in a timely, cost effective and reliable manner and to manage its capital structure. A balance between continuity of funding and flexibility is maintained through continued support from lenders, trade creditors as well as through issue of equity shares.

The Group has undrawn borrowing facilities and is in the process of raising the funds to increase its liquidity requirements. The Group has understanding from related parties to extend repayment terms of borrowings as required.

Maturity profile of financial liabilities:

The table below provides details regarding contractual maturities of financial liabilities at the reporting date based on contractual undiscounted payments

	₹ in Lakhs			
As at 31st March, 2019	Less than 1 year	1 to 5 year	More than 5 Years	Total
Borrowings	1,19,438.32	4,15,380.25	5,79,431.20	11,14,249.77

Other Financial Liabilities	4,36,914.93	631.49	-	4,37,546.42

Capital Management

The Group's objectives for managing capital is to safeguard continuity and healthy capital ratios in order to support its business and provide adequate return to shareholders through continuing growth. The Group's overall strategy remains unchanged from previous year.

The Group sets the amount of capital required on the basis of annual business and long-term operating plans which include capital and other strategic investments.

The funding requirements are met through a mixture of equity, internal fund generation, debt securities and other long term/short term borrowings. The Group's policy is to use short-term and long-term borrowings to meet anticipated funding requirements. The Group monitors capital on the basis of the net debt to equity ratio.

No changes were made in the objectives, policies or processes for managing capital during the years ended as at 31st March, 2019 and as at 31st March, 2018.

		₹ in Lakhs

Total	26,840.15	26,840.15

Notes:

- (i) The fair values of investments in mutual fund units is based on the net asset value ('NAV') as stated by the issuers of these mutual fund units in the published statements as at Balance Sheet date. NAV represents the price at which the issuer will issue further units of mutual fund and the price at which issuers will redeem such units from the investors.
- (ii) The fair values of the derivative financial instruments has been determined using valuation techniques with market observable inputs as at reporting date. The models incorporate various inputs including the credit quality of counter-parties and foreign exchange rates.

(% change compared to base due to sensitivity)	3.80%	(3.20%)	3.89%	(3.27%)
Mortality Rate (- / + 10%)	707.70	707.70	559.88	559.88
(% change compared to base due to sensitivity)	0.0%	0.0%	0.0%	0.0%

Notes to Consolidated Financial Statements

as at and for the year ended on 31st March, 2019

viii. Asset Liability Matching Strategies

The Group has purchased Insurance policy, which is basically a year-on-year cash accumulation plan in which the interest rate is declared on yearly basis and is guaranteed for a period of one year. The Insurance Company, as part of the policy rules, makes payment of all gratuity outgoes happening during the year (subject to sufficiency of funds under the policy). The policy, thus, mitigates the liquidity risk. However, being a cash accumulation plan, the duration of assets is shorter compared to the duration of liabilities. Thus, the Group is exposed to movement in interest rate (in particular, the significant fall in interest rates, which should result in an increase in liability without corresponding increase in the asset).

ix. Effect of Plan on Entity's Future Cash Flows

a) Funding arrangements and Funding Policy

The Group has purchased Insurance policy to provide for payment of gratuity to the employees. Every year, the Insurance Company carries out a funding valuation based on the latest employee data provided by the Group. Any deficit in the assets arising as a result of such valuation is funded by the Group.

b) Expected Contribution during the next annual reporting period

The Company's best estimate of Contribution during the next year is ₹ 790.62 Lakhs (As at 31st March, 2018 is ₹ 545.47 Lakhs)

c) Maturity Profile of Defined Benefit Obligation

Weighted average duration (based on discounted cashflows) - 20 years

a. Expected cash flows over the next (valued on undiscounted basis):

	₹ in Lakhs
1 year	127.37
2 to 5 years	295.00
6 to 10 years	259.73
More than 10 years	815.13

xi. The Group has defined benefit plans for Gratuity to eligible employees, the contributions for which are made to Life Insurance Corporation of India who invests the funds as per Insurance Regulatory Development Authority guidelines.

The discount rate is based on the prevailing market yields of Government of India's securities as at the balance sheet date for the estimated term of the obligations.

The expected contributions for Defined Benefit Plan for the next financial year will be in line with FY 2018-19

The actuarial liability for compensated absences as at the year ended 31st March, 2019 is ₹ 653.65 Lakhs (as at 31st March, 2018 ₹ 504.96 Lakhs).

b. Defined Contribution Plan

Contribution to Defined Contribution Plans for the year is as under:

	₹ in Lakhs	
	As at 31st March, 2019	As at 31st March, 2018
Employer's Contribution to Provident Fund	426.97	337.69
Employer's Contribution to Superannuation Fund	2.00	3.34

45 The Group's activities during the year revolve around renewable power generation. Considering the nature of Group's business, as well as based on reviews by the chief operating decision maker to make decisions about resource allocation and performance measurement, there is only one reportable segment in accordance with the requirements of Ind AS - 108 - "Operating Segments", prescribed under Companies (Indian Accounting Standards) Rules, 2015. As the Group's all revenue is from domestic sales, no separate geographical segment is disclosed. Revenue is mainly derived from customers A, B, C and D which account for 33.34% (Previous Year: 46.38%), 24.69% (Previous Year: Nil), 18.46% (Previous Year: Nil) and Nil (Previous Year: 30.12%) of the Group's revenue respectively during the year ended 31st March, 2019.

Notes to Consolidated Financial Statements

47 The Board of Directors of Adani Enterprises Limited (hereinafter referred as "AEL") and the Board of Directors of the Company had approved the Scheme of Arrangement ("the Scheme") among AEL and the Company and their respective shareholders and creditors. The Scheme was sanctioned by National Company Law Tribunal ("NCLT"), bench at, Ahmedabad vide its order dated 16th February, 2018. Pursuant to the sanction of the Scheme, the Renewable Power Undertaking of AEL has been transferred to the Company with appointed date of 1st April, 2018.

Accordingly following effects are given in the books of accounts of the Company:

- The existing 64,96,89,000 equity shares of ₹ 10 each held by AEL in the Company stand cancelled, against which the Company has allotted 83,69,55,473 equity shares of ₹ 10 each to the shareholders of AEL in swap ratio of 761 equity shares of the Company for every 1,000 equity shares held by shareholders of AEL.
- The transfer and vesting of the Renewable Power Undertaking is accounted for in the books of accounts of the Company as per the "Pooling of Interest Method" prescribed under Indian Accounting Standard 103 - "Business Combinations" notified under Section 133 of the Companies Act, 2013 (the 'Act') read with relevant rules issued thereunder and other applicable accounting standards prescribed under the Act.
- The excess of the value of equity shares allotted over the book value of assets and liabilities transferred to the Company has been recorded as reduction from capital reserve..

48 Business Combination

Since the scheme of demerger described in note no 47 above qualifies as common control business combinations under Ind AS 103 - "Business Combinations", the previous period comparative figures have been restated as if the business combination had occurred with effect from 1st April, 2017 and accordingly, Capital reserve is calculated based on the net assets as on 1st April, 2017.

During the year, the Company has also acquired 100% equity shares of Adani Renewable Energy Park Limited and Adani Green Energy Pte Limited. Since both the above acquisition also qualify as common control business combinations under Ind AS 103 - "Business Combinations", the previous period comparative figures have been restated as if the business combination had occurred with effect from 1st April, 2017.

Details of the purchase consideration, the net assets acquired and goodwill are as follows:

Particulars	₹ in Lakhs Amount
Total Investment of AEL in the Company	78,639.90
Net Assets of Renewable undertaking in books of AEL as on 1st April, 2017	19,243.70
Total Net Assets (A)	97,883.60
Total Purchase consideration (New shares) (B)	97,366.55
Reduction from Capital Reserve on acquisition (C) = (B) - (A)	(517.05)

Following is the impact on Consolidated Balance Sheet, Consolidated Statement of Profit and Loss account and Consolidated Cash flow statement of the Company, due to restatement of previous period reporting numbers.

49 Due to micro, small and medium enterprises

Under the Micro Small and Medium Enterprises Development Act, 2006, (MSMED) which came in to force from 2nd October, 2006, certain disclosures are required to be made relating to Micro, Small and Medium enterprises. On the basis of the information and records available with management, outstanding dues to the Micro and Small enterprise as defined in the MSMED Act, 2006 are disclosed as below.

₹ in Lakhs		
Particular	As at 31st March, 2019	As at 31st March, 2018
Principal amount remaining unpaid to any supplier as at the year end.	63.21	-
Interest due thereon	-	-
Amount of interest paid by the Group in terms of section 16 of the MSMED, along with the amount of the payment made to the supplier beyond the appointed day during the accounting year.	-	-
Amount of interest due and payable for the period of delay in making payment (which have been paid but beyond the appointed day during the period) but without adding the interest specified under the MSMED.	-	-
Amount of interest accrued and remaining unpaid at the end of the accounting year.	-	-
Amount of further interest remaining due and payable even in succeeding years.	-	-

Notes to Consolidated Financial Statements

as at and for the year ended on 31st March, 2019

The disclosure in respect of the amount payable to enterprises which have provided goods and services to the Company and which qualify under the definition of micro and small enterprises, as defined under Micro, Small and Medium Enterprises Development Act, 2006 has been made in the Financial statement as at 31st March, 2019 based on the information received and available with the Company. On the basis of such information, no interest is payable to any micro, small and medium enterprises.

50 Ind AS 115 Revenue from contracts with customers was issued on 28th March, 2018 and supersedes Ind AS 11 Construction Contracts and Ind AS 18 Revenue and it applies, with limited exception, to all revenue arising from contracts with its customers. Under Ind AS 115, revenue is recognised when a customer obtains control of goods or services. The Company has adopted Ind AS 115 using the cumulative effect method (without practical expedients) with the effect of initially applying this standard recognised at the date of initial application i.e. 1st April, 2018. Accordingly, the comparative information i.e. information for the year ended 31st March 2018, has not been restated. The adoption of the standard did not have any material impact on the financial statements of the company. Additionally, the disclosure requirements in Ind AS 115 have not generally been applied to comparative information.

Contract balances:

(a) The following table provides information about receivables, contract assets and contract liabilities from the contracts with customers.

Particulars	₹ in Lakhs	
	As at 31st March, 2019	As at 31st March, 2018
Trade receivables (refer note 12)	75,789.22	84,821.95
Contract assets (refer note 16)	20,386.50	12,717.43
Contract liabilities (refer note 28)	527.48	541.44

The contract assets primarily relate to the Company's right to consideration for work completed but not billed at the reporting date. The contract assets are transferred to receivables when the rights become unconditional. This usually occurs when the company issues an invoice to the Customer. The contract liabilities primarily relate to the advance consideration received from the customers.

The Trade receivables primarily relate to the Company's right to consideration for work completed at the reporting date.

(b) Significant changes in contract assets and liabilities during the period:

Particulars	₹ in Lakhs
	For the year ended 31st March, 2019
Contract assets reclassified to receivables	12,717.43
Contract liabilities recognised as revenue during the year	541.44

Reconciliation the amount of revenue recognised in the statement of profit and loss with the contracted price:

Particulars	₹ in Lakhs
	For the year ended 31st March, 2019
Revenue as per contracted price	2,07,499.82
Adjustments	
Discounts	2,435.79
Revenue from contract with customers	2,05,064.03

51 The Group has converted the loan of ₹ 1,09,333.68 lakhs from Adani Properties Private Limited (APPL) into Unsecured Perpetual Debt. This debt is perpetual in nature with no maturity or redemption and are repayable only at the option of the borrower. The distribution on this debt is cumulative and at the discretion of the borrower at the rate ranging from 10.50% to 11.00% p.a. where the borrower has an unconditional right to defer the same. As this debt is perpetual in nature and ranked senior only to the Share Capital of the borrower and the borrower does not have any redemption obligation, this is considered to be in the nature of equity instruments.

Notes to Consolidated Financial Statements

as at and for the year ended on 31st March, 2019

52 Additional Information as required by para 2 of the General Instructions for preparation of Consolidated Financial Statements to Schedule III to the Companies Act, 2013:

Notes to Consolidated Financial Statements

as at and for the year ended on 31st March, 2019

54 Recent Indian Accounting Standards (Ind AS)

Standards issued but not yet effective

Ind AS 116 – Leases (effective from 1st April, 2019)

Ind AS 116 Leases replaces existing lease accounting guidance i.e. Ind AS 17 Leases. It sets out principles for the recognition, measurement, presentation and disclosure of leases and requires lessees to account for all leases, except short-term leases and leases for low-value items, under a single on-balance sheet lease accounting model. A lessee recognises a right-of-use asset representing its right to use the underlying asset and a lease liability representing its obligation to make lease payments. Lessor accounting largely unchanged from the existing standard – i.e. lessors continue to classify leases as finance or operating leases.

Based on the preliminary assessment, the Group does not expect any significant impacts on transition to Ind AS 116 on its Net worth. The management is under process of its assessment is based on currently available information and may be subject to changes arising from further reasonable and supportable information when the standard will be adopted. The quantitative impacts would be finalized based on a detailed assessment which has been initiated to identify the key impacts along with evaluation of appropriate transition options.

55 Previous year figures have been regrouped and rearranged wherever necessary to confirm to this year's classification.

56 Events occurring after the Balance sheet Date

The Group evaluates events and transactions that occur subsequent to the balance sheet date but prior to approval of the financial statements to determine the necessity for recognition and/or reporting of any of these events and transactions in the financial statements. As of 15th May, 2019, there are no subsequent events to be recognized or reported that are not already disclosed.

57 Approval of financial statements

The financial statements were approved for issue by the board of directors on 15th May, 2019

The notes referred above are an integral part of these consolidated financial statements.

Notice

226 Notice

Notice

NOTICE is hereby given that the 4th Annual General Meeting of Adani Green Energy Limited will be held on Wednesday, August 07, 2019 at 10.30 a.m. at H. T. Parekh Hall, AMA Complex, ATIRA, Dr. Vikram Sarabhai Marg, Ahmedabad - 380 015 to transact the following businesses:

ORDINARY BUSINESS

1. To receive, consider and adopt the audited financial statements (including audited consolidated financial statements) for the financial year ended on March 31, 2019 and the Reports of the Board of Directors and Auditors thereon.
2. To appoint a Director in place of Mr. Rajesh S. Adani (DIN: 00006322), who retires by rotation and being eligible offers, himself for re-appointment.

SPECIAL BUSINESS

3. To consider and if thought fit, to pass, with or without modification(s), the following resolution as an **Ordinary Resolution**:

"RESOLVED THAT pursuant to the provisions of Sections 149, 152 and other applicable provisions, if any, of the Companies Act, 2013 ("Act") and the rules made thereunder (including any statutory modification(s) or re-enactment thereof, for the time being in force), read with Schedule IV of the Act and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended from time to time, Mr. Sandeep Singhi (DIN: 01211070), who was appointed as an Additional Director pursuant to the provisions of Section 161 of the Act and Articles of Association of the Company and who holds office up to the date of this Annual General Meeting and in respect of whom the Company has received notice in writing under Section 160 of the Act from a member proposing his candidature for the office of Director, be and is hereby appointed as an Independent Director (Non-Executive) of the Company to hold office for a period of 5 (five) consecutive years w.e.f October 29, 2018."

4. To consider and if thought fit, to pass, with or without modification(s), the following resolution as an **Ordinary Resolution**:

"RESOLVED THAT Mr. Sagar R. Adani (DIN: 07626229), who was appointed by the Board of Directors as an Additional Director of the Company w.e.f October 31, 2018 pursuant to the provisions of Section 161 of the Companies Act, 2013 and Articles of Association of the Company and whose term of office expires at this Annual General Meeting and in respect of whom the Company has received a notice in writing under Section 160 of the Companies Act, 2013 from a member

proposing his candidature for the office of Director, be and is hereby appointed as a Director of the Company."

5. To consider and if thought fit, to pass, with or without modification(s), the following resolution as an **Special Resolution**:

"RESOLVED THAT in accordance with the provisions of Sections 196, 197 and 203 read with Schedule V and other applicable provisions, if any, of the Companies Act, 2013 and the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 (including any statutory modification(s) or re-enactment thereof for the time being in force) and subject to the requisite approvals, if any required, approval of the Company be and is hereby accorded to the appointment of Mr. Sagar R. Adani (DIN: 07626229) as an Executive Director of the Company, for a period of five years w.e.f. October 31, 2018 on the terms and conditions including terms of remuneration as set out in the explanatory statement attached hereto and forming part of this notice with a liberty to the Board of Directors (hereinafter referred to as "the Board" which term shall be deemed to include the Nomination and Remuneration Committee of the Board) to alter and vary the terms and conditions of the said appointment and/or remuneration so as the total remuneration payable to him shall not exceed the limits specified in Schedule V of the Companies Act, 2013 including any statutory modification or re-enactment thereof, for the time being in force and as agreed by and between the Board and Mr. Sagar R. Adani.

RESOLVED FURTHER THAT notwithstanding anything contained to the contrary in the Companies Act, 2013, wherein any financial year the Company has no profits or inadequate profit, Mr. Sagar R. Adani will be paid minimum remuneration within the ceiling limit prescribed under Schedule V of the Companies Act, 2013 or any modification or re-enactment thereof.

RESOLVED FURTHER THAT in the event of any statutory amendment or modification by the Central Government to Schedule V of the Companies Act, 2013, the Board be and is hereby authorized to vary and alter the terms of appointment including salary, perks and other benefits payable to Mr. Sagar R. Adani within such prescribed limit or ceiling as agreed by and between the Board and Mr. Sagar R. Adani without any further reference to the Company in General Meeting.

RESOLVED FURTHER THAT the Board of Directors or Committee thereof or Company Secretary be and is hereby authorised to take all such steps as may be deemed necessary, proper or expedient to give effect to this resolution."

6. To consider and if thought fit, to pass, with or without modification(s), the following resolution as an **Ordinary Resolution**:

"RESOLVED THAT pursuant to the provisions of Section 197 and other applicable provisions, if any, of the Companies Act, 2013 ("Act") read with rules made thereunder (including any statutory modification(s) or re-enactment thereof for the time being in force), the provisions of the Memorandum and Articles of Association, consent of the members of the Company be and is hereby accorded to the Board of Directors of the Company for payment of commission to the non-executive director(s) including Independent Director(s) of the Company who is/are neither in the whole time employment nor Managing Director, in addition to sitting fees being paid to them for attending the meeting of the Board and its Committees, a sum not exceeding 1% of the net profits of the Company per annum, calculated in accordance with the provisions of Section 198 of the Act, for a period of 5 years from the financial year commencing from April 01, 2019 in such manner and up to such extent as the Board of Directors of the Company may, from time to time, determine.

RESOLVED FURTHER THAT for the purpose of giving effect to this resolution, the Board be and is hereby authorized to take all actions and do all such deeds, matters and things, as it may in its absolute discretion deem necessary, proper or desirable and to settle any question, difficulty or doubt that may arise in this regard."

7. To consider and if thought fit, to pass, with or without modification(s), the following resolution as a **Special Resolution**:

"RESOLVED THAT pursuant to the provisions of Section 42, 62 and all other applicable provisions, if any, of the Companies Act, 2013 and the rules framed thereunder (including any statutory modification(s) or re-enactment thereof, for the time being in force) (the "Companies Act"), the Foreign Exchange Management Act, 1999, as amended or restated ("FEMA"), the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009, as amended or restated (the "ICDR Regulations"), the Issue of Foreign Currency Convertible Bonds and Ordinary Shares (Through Depository Receipt Mechanism) Scheme, 1993, as amended or restated, the Foreign Exchange Management (Transfer or Issue of Security by a Person Resident Outside India) Regulations 2017, as amended or restated, and subject to all other applicable laws, statutes, rules, circulars, notifications, regulations and guidelines of the Government of India, the Securities and Exchange Board of India (the "SEBI"), the Reserve

Bank of India (the "RBI"), the relevant stock exchanges where the equity shares of the Company are listed (the "Stock Exchanges") and all other appropriate statutory and regulatory authorities, as may be applicable or relevant, whether in India or overseas (hereinafter collectively referred to as the "Appropriate Authorities"), the enabling provisions of the Memorandum and Articles of Association of the Company, as amended, and the listing agreements to be entered into / entered into by the Company with the Stock Exchanges where the equity shares of the Company are being listed / listed and subject to requisite approvals, consents, permissions and sanctions, if any, of the Appropriate Authorities and subject to such conditions and modifications as may be prescribed by any of them in granting any such approvals, consents, permissions, and sanctions (hereinafter referred as the "Requisite Approvals") which may be agreed to by the Board of Directors of the Company (hereinafter referred as the "Board" which term shall be deemed to include any committee constituted or to be constituted by the Board to exercise its powers including the powers conferred by this resolution, or any person(s) authorised by the Board or its committee for such purposes), consent of the Company be and is hereby accorded to the Board in its absolute discretion, to create, offer, issue and allot, from time to time in either one or more international offerings, in one or more foreign markets, in one or more tranches and/or in the course of one or more domestic offering(s) in India, such number of equity shares and/or any securities linked to, convertible into or exchangeable for equity shares including without limitation through Global Depository Receipts ("GDRs") and/ or American Depository Receipts ("ADRs") and/ or convertible preference shares and/or convertible debentures (compulsorily and/or optionally, fully and/ or partly) and/or Commercial Papers and/or warrants with a right exercisable by the warrant holder to exchange or convert such warrants with equity shares of the Company at a later date simultaneously with the issue of non-convertible debentures and/or Foreign Currency Convertible Bonds ("FCCBs") and/or Foreign Currency Exchangeable Bonds ("FCEBs") and/or any other permitted fully and/or partly paid securities/ instruments/ warrants, convertible into or exchangeable for equity shares at the option of the Company and/or holder(s) of the security(ies) and/or securities linked to equity shares (hereinafter collectively referred to as "Securities"), in registered or bearer form, secured or unsecured, listed on a recognized stock exchange in India or abroad whether rupee denominated or denominated in foreign currency, to such investors who are eligible to acquire such Securities in accordance with all applicable laws, rules, regulations, guidelines and approvals, through public issue(s), rights issue(s), preferential issue(s), private placement(s) and / or

qualified institutions placement in terms of Chapter VIII of the ICDR Regulations or any combinations thereof, through any prospectus, offer document, offer letter, offering circular, placement document or otherwise, at such time or times and at such price or prices subject to compliance with all applicable laws, rules, regulations, guidelines and approvals, at a discount or premium to market price or prices in such manner and on such terms and conditions including as regards security, rate of interest, etc., as may be deemed appropriate by the Board in its absolute discretion, subject to compliance with all applicable laws, rules, regulations, guidelines and approvals, for an aggregate amount, not exceeding ₹ 5,000 Crores (Rupees Five Thousand Crores Only) or foreign currency equivalent thereof, at such premium as may from time to time be decided by the Board and the Board shall have the discretion to determine the categories of eligible investors to whom the offer, issue and allotment shall be made to the exclusion of all other categories of investors at the time of such offer, issue and allotment considering the prevailing market conditions and all other relevant factors and where necessary, in consultation with advisor(s), lead manager(s), and underwriter(s) appointed by the Company.

RESOLVED FURTHER THAT without prejudice to the generality of the above, the issue(s) of Securities may, subject to compliance with all applicable laws, rules, regulations, guidelines and approvals, have all or any terms, or combination of terms, in accordance with domestic and/or international practice, including, but not limited to, conditions in relation to payment of interest, additional interest, premium on redemption, prepayment and any other debt service payments whatsoever and all other such terms as are provided in offerings of such nature including terms for issue of additional equity shares or variation of the conversion price of the Securities during the duration of the Securities.

RESOLVED FURTHER THAT in case of any offering of Securities, including without limitation any GDRs/ ADRs/ FCCBs/ FCEBs/ other securities convertible into equity shares, consent of the shareholders be and is hereby given to the Board to issue and allot such number of equity shares as may be required to be issued and allotted upon conversion, redemption or cancellation of any such Securities referred to above in accordance with the terms of issue/ offering in respect of such Securities and such equity shares shall rank pari passu with the existing equity shares of the Company in all respects, except as may be provided otherwise under the terms of issue/ offering and in the offer document and/or offer letter and/or offering circular and / or listing particulars.

RESOLVED FURTHER THAT the Board be and is hereby authorised to engage, appoint and to enter into and execute all such agreement(s)/ arrangement(s)/ MoUs/ placement agreement(s)/ underwriting agreement(s) / deposit agreement(s) / trust deed(s)/ subscription agreement / payment and conversion agency agreement / any other agreements or documents with any consultants, lead manager(s), co-lead manager(s), manager(s), advisor(s), underwriter(s), guarantor(s), depository(ies), custodian(s), registrar(s), agent(s) for service of process, authorised representatives, legal advisors/ counsels, trustee(s), banker(s), merchant banker(s) and all such advisor(s), professional(s), intermediaries and agencies as may be required or concerned in such offerings of Securities and to remunerate them by way of commission, brokerage, fees and such other expenses as it deems fit, listing of Securities in one or more Indian/ International Stock Exchanges, authorizing any director(s) or any officer(s) of the Company, severally, to sign for and on behalf of the Company offer document(s), arrangement(s), application(s), authority letter(s), or any other related paper(s)/ documents(s), give any undertaking(s), affidavit(s), certification(s), declaration(s) including without limitation the authority to amend or modify such document(s).

RESOLVED FURTHER THAT for the purpose of giving effect to the above resolution, consent of the members of the Company be and is hereby accorded to the Board to do all such acts, deeds, matters and/or things, in its absolute discretion and including, but not limited to finalization and approval of the preliminary as well as final document(s), determining the form, terms, manner of issue, the number of the Securities to be allotted, timing of the issue(s)/ offering(s) including the investors to whom the Securities are to be allotted, issue price, face value, number of equity shares or other securities upon conversion or redemption or cancellation of the Securities, premium or discount on issue /conversion/ exchange of Securities, if any, rate of interest, period of conversion or redemption, listing on one or more stock exchanges in India and / or abroad and any other terms and conditions of the issue, including any amendments or modifications to the terms of the Securities and any agreement or document (including without limitation, any amendment or modification, after the issuance of the Securities), the execution of various transaction documents, creation of mortgage/ charge in accordance with the provisions of the Companies Act and any other applicable laws or regulations in respect of any Securities, either on a pari passu basis or otherwise, fixing of record date or book closure and related or incidental matters as the Board in its

absolute discretion deems fit and to settle all questions, difficulties or doubts that may arise in relation to the issue, offer or allotment of the Securities, accept any modifications in the proposal as may be required by the Appropriate Authorities in such issues in India and / abroad and subject to applicable law, for the utilization of the issue proceeds as it may in its absolute discretion deem fit without being required to seek any further consent or approval of the members or otherwise to the end and intent and that the members shall be deemed to have given their approval thereto for all such acts, deeds, matters and/ or things, expressly by the authority of this resolution.

RESOLVED FURTHER THAT for the purpose of giving effect to the above resolution, the Board is authorised on behalf of the Company to take all actions and to do all such deeds, matters and things as it may, in its absolute discretion, deem necessary, desirable or expedient to the issue or allotment of aforesaid Securities and listing thereof with the stock exchange(s) as appropriate and to resolve and settle all questions and difficulties that may arise in the proposed issue, offer and allotment of any of the Securities, utilization of the issue proceeds and to do all acts, deeds and things in connection therewith and incidental thereto as the Board in its absolute discretion deem fit, without being required to seek any further consent or approval of the members or otherwise to the end and intent that they shall be deemed to have given their approval thereto expressly by the authority of this resolution.

RESOLVED FURTHER THAT the Company and/ or any agency or body authorised by the Company may, subject to compliance with all applicable laws, rules, regulations, guidelines and approvals, issue certificates and/ or depository receipts including global certificates representing the Securities with such features and attributes as are prevalent in international and/ or domestic capital markets for instruments of such nature and to provide for the tradability or transferability thereof as per the international and/ or domestic practices and regulations, and under the forms and practices prevalent in such international and/ or domestic capital markets.

RESOLVED FURTHER THAT the Company may enter into any arrangement with any agency or body for the issue, upon conversion of the Securities, of equity shares of the Company in registered or bearer form with such features and attributes as are prevalent in international capital markets for instruments of this nature and to provide for the tradability or free transferability thereof as per the international practices and/ or domestic

practices and regulations, and under the forms and practices prevalent in international and/ or domestic capital markets.

RESOLVED FURTHER THAT the Securities may be redeemed and/ or converted into and/ or exchanged for the equity shares of the Company (or exchanged for equity shares of another company as permitted under applicable law), subject to compliance with all applicable laws, rules, regulations, guidelines and approvals, in a manner as may be provided in the terms of their issue.

RESOLVED FURTHER THAT in case of a qualified Institutions placement ("QIP") pursuant to Chapter VIII of the ICDR Regulations, the allotment of eligible securities within the meaning of Chapter VIII of the ICDR Regulations shall only be made to qualified institutional buyers ("QIBs") within the meaning of Chapter VIII of the ICDR Regulations, such securities shall be fully paid-up and the allotment of such securities shall be completed within 12 months from the date of the resolution approving the proposed issue by the members of the Company or such other time as may be allowed by ICDR Regulations from time to time and that the securities be applied to the National Securities Depository Limited and/ or Central Depository Services (India) Limited for admission of the eligible securities to be allotted as per Chapter VIII of the ICDR Regulations.

RESOLVED FURTHER THAT the relevant date for the purpose of pricing of the Securities by way of QIP/GDRs/ ADRs/FCCBs/FCEBs or by way of any other issue(s) shall be the date as specified under the applicable law or regulation or it shall be the date of the meeting in which the Board decides to open the issue.

RESOLVED FURTHER THAT the Board and other designated officers of the Company be and are hereby severally authorised to make all filings including as regards the requisite listing application/ prospectus/ offer document /registration statement, or any draft(s) thereof, or any amendments or supplements thereof, and of any other relevant documents with the Stock Exchanges (in India or abroad), the RBI, the concerned ministry in respect of foreign investment under the Foreign Exchange Management Act, 1999, and the regulations and circulars issued thereunder, the SEBI, the Registrar of Companies and such other authorities or institutions in India and/ or abroad for this purpose and to do all such acts, deeds and things as may be necessary or incidental to give effect to the resolutions above and the Common Seal of the Company be affixed wherever necessary.

RESOLVED FURTHER THAT such of these Securities as are not subscribed may be disposed off by the Board in its absolute discretion in such manner, as the Board may deem fit and as permissible by law.

RESOLVED FURTHER THAT the Board be and is hereby authorised to delegate all or any of its powers conferred by this resolution on it, to any Committee of directors or Directors or any other officer of the Company, in order to give effect to the above resolutions.

RESOLVED FURTHER THAT all actions taken by the Board in connection with any matter referred to or contemplated in any of the foregoing resolutions are hereby approved, ratified and confirmed in all respects."

Pragnesh Darji

Company Secretary

NOTES:

1. A MEMBER ENTITLED TO ATTEND AND VOTE AT THE MEETING IS ENTITLED TO APPOINT A PROXY TO ATTEND AND VOTE INSTEAD OF HIMSELF/ HERSELF. THE PROXY NEED NOT BE A MEMBER.

A person can act as proxy on behalf of members not exceeding fifty (50) and holding in the aggregate not more than ten percent of the total share capital of the Company. A member holding more than ten percent of the total share capital of the Company carrying voting rights may appoint a single person as proxy and such person shall not act as a proxy for any other person or shareholder.

2. THE INSTRUMENT APPOINTING PROXY SHOULD HOWEVER BE DEPOSITED AT THE REGISTERED OFFICE OF THE COMPANY NOT LATER THAN 48 HOURS BEFORE THE COMMENCEMENT OF THE MEETING.

3. Information regarding appointment/re-appointment of Directors and Explanatory Statement in respect of special businesses to be transacted pursuant to Section 102 of the Companies Act, 2013 is annexed hereto.

4. The Register of members and share transfer books of the Company will remain closed from Wednesday, July 31, 2019 to Wednesday, August 07, 2019 (both days inclusive) for the purpose of Annual General Meeting.

5. Shareholders seeking any information with regard to accounts are requested to write to the Company atleast 10 days before the meeting so as to enable the management to keep the information ready.

6. All documents referred to in the accompanying notice and explanatory statement will be kept open for inspection at the Registered Office of Company on all working days between 11.00 a.m. to 1.00 p.m. prior to date of Annual General Meeting.

7. Members are requested to bring their copy of Annual Report at the meeting.

8. Members holding the shares in physical mode are requested to notify immediately the change of their address and bank particulars to the R & T Agent of the Company. In case shares held in dematerialized form, the information regarding change of address and bank particulars should be given to their respective Depository Participant.

9. In terms of Section 72 of the Companies Act, 2013, nomination facility is available to individual shareholders holding shares in the physical form. The shareholders who are desirous of availing this facility, may kindly write to Company's R & T Agent for nomination form by quoting their folio number.

10. The route map showing directions to reach the venue of the fourth AGM is annexed.

11. Process and manner for members opting for voting through Electronic means:

i. In compliance with the provisions of Section 108 of the Act read with Rule 20 of the Companies (Management and Administration) Rules, 2014 as amended and Regulation 44 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Company is pleased to offer the facility of voting through electronic means and the business set out in the Notice above may be transacted through such electronic voting. The facility of voting through electronic means is provided through the e-voting platform of National Securities Depository Limited ("remote e-voting").

ii. Members whose names are recorded in the Register of Members or in the Register of Beneficial Owners maintained by the Depositories as on the Cut-off date i.e. Wednesday, July 31, 2019, shall be entitled to avail the facility of remote e-voting as well as

voting at the AGM. Any recipient of the Notice, who has no voting rights as on the Cut-off date, shall treat this Notice as intimation only.

- iii. A person who has acquired the shares and has become a member of the Company after the despatch of the Notice of the AGM and prior to the Cut-off date i.e. Wednesday, July 31, 2019, shall be entitled to exercise his/her vote either electronically i.e. remote e-voting or through the Poll Paper at the AGM by following the procedure mentioned in this part.
- iv. The remote e-voting will commence on Saturday, August 03, 2019 at 9.00 a.m. and will end on Tuesday, August 06, 2019 at 5.00 p.m. During this period, the members of the Company holding shares either in physical form or in demat form as on the Cut-off date i.e. Wednesday, July 31, 2019, may cast their vote electronically. The members will not be able to cast their vote electronically beyond the date and time mentioned above and the remote e-voting module shall be disabled for voting by NSDL thereafter.
- v. Once the vote on a resolution is cast by the member, he/ she shall not be allowed to change it subsequently or cast the vote again.
- vi. The facility for voting through Ballot Paper would be made available at the AGM and the members attending the meeting who have not already cast their votes by remote e-voting shall be able to exercise their right at the meeting through Poll Paper. The members who have already cast their vote by remote e-voting prior to the meeting, may also attend the Meeting, but shall not be entitled to cast their vote again.
- vii. The voting rights of the members shall be in proportion to their share in the paid up equity share capital of the Company as on the Cut-off date i.e. Wednesday, July 31, 2019.
- viii. The Company has appointed CS Chirag Shah, Practising Company Secretary (Membership No. FCS: 5545; CP No: 3498), to act as the Scrutinizer for conducting the remote e-voting process as well as the voting through Poll Paper at the AGM, in a fair and transparent manner.

- ix. The procedure and instructions for remote e-voting are, as follows:

Step 1: Visit the e-Voting website of NSDL. Open web browser by typing the following URL: <https://www.evoting.nsdl.com/> either on a Personal Computer or on a mobile.

Step 2: Once the home page of e-Voting system is launched, click on the icon "Login" which is available under 'Shareholders' section.

Step 3: A new screen will open. You will have to enter your User ID, your Password and a Verification Code as shown on the screen.

Alternatively, if you are registered for NSDL eservices i.e. IDEAS, you can log-in at <https://eservices.nsdl.com/> with your existing IDEAS login. Once you log-in to NSDL eservices after using your log-in credentials, click on e-Voting and you can proceed to Step 2 i.e. Cast your vote electronically.

Step 4: Your User ID details are given below:

Manner of holding shares i.e. Demat (NSDL or CDSL) or Physical		Your User ID is:
a) For Members who hold shares in demat account with NSDL.		8 Character DP ID followed by 8 Digit Client ID For example if your DP ID is IN300*** and Client ID is 12***** then your user ID is IN300***12*****.
b) For Members who hold shares in demat account with CDSL.		16 Digit Beneficiary ID For example if your Beneficiary ID is 12***** then your user ID is 12*****.
c) For Members holding shares in Physical Form.		EVEN Number followed by Folio Number registered with the company For example if folio number is 001*** and EVEN is 101456 then user ID is 101456001***.

Step 5: Your password details are given below:

- (a) If you are already registered for e-Voting, then you can use your existing password to login and cast your vote.
- (b) If you are using NSDL e-Voting system for the first time, you will need to retrieve the 'initial password' which was communicated to you. Once you retrieve your 'initial password', you need to enter the 'initial password' and the system will force you to change your password.
- (c) How to retrieve your 'initial password'?
 - (i) If your email ID is registered in your demat account or with the company, your 'initial password' is communicated to you on your email ID. Trace the email sent to you from NSDL from your mailbox. Open the email and open the attachment i.e. a .pdf file. Open the .pdf file. The password to open the .pdf file is your 8 digit client ID for NSDL account, last 8 digits of client ID for CDSL account or folio number for shares held in physical form. The .pdf file contains your 'User ID' and your 'initial password'.
 - (ii) If your email ID is not registered, your 'initial password' is communicated to you on your postal address.

Step 6: If you are unable to retrieve or have not received the "Initial password" or have forgotten your password:

- a) Click on **"Forgot User Details/Password?"** (If you are holding shares in your demat account with NSDL or CDSL) option available on www.evoting.nsdl.com.

b) **Physical User Reset Password?"**
(If you are holding shares in physical mode) option available on www.evoting.nsdl.com.

c) If you are still unable to get the password by aforesaid two options, you can send a request at evoting@nsdl.co.in mentioning your demat account number/folio number, your PAN, your name and your registered address.

Step 7: After entering your password, tick on Agree to "Terms and Conditions" by selecting on the check box.

Step 8: Now, you will have to click on "Login" button.

Step 9: After you click on the "Login" button, Home page of e-Voting will open.

Step 10: After click on Active Voting Cycles, you will be able to see all the companies "EVEN" in which you are holding shares and whose voting cycle is in active status.

Step 11: Select "EVEN" of company for which you wish to cast your vote.

Step 12: Now you are ready for e-Voting as the Voting page opens.

Step 13: Cast your vote by selecting appropriate options i.e. assent or dissent, verify/modify the number of shares for which you wish to cast your vote and click on "Submit" and also "Confirm" when prompted.

Step 14: Upon confirmation, the message "Vote cast successfully" will be displayed.

Step 15: You can also take the printout of the votes cast by you by clicking on the print option on the confirmation page.

Step 16: Once you confirm your vote on the resolution, you will not be allowed to modify your vote.

- x. The results declared along with the Scrutinizer's Report shall be placed on the Company's website www.adanigreenenergy.com within three days of the passing of the Resolutions at the 4th Annual General Meeting of the Company and shall also be

communicated to the Stock Exchanges where the shares of the Company are listed.

- xi. In case of any queries, you may refer the Frequently Asked Questions (FAQs) for Shareholders and e-voting user manual for Shareholders available at the download section of www.evoting.nsdl.com or call on toll free no.: 1800-222-990 or send a request at evoting@nsdl.co.in.

ANNEXURE TO NOTICE**EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013****For Item No. 3:**

The Board of Directors vide circular resolution dated October 29, 2018 appointed Mr. Sandeep Singhi (DIN: 01211070) as an Additional Director of the Company. According to the provisions of Section 161 of the Companies Act 2013, he holds office as Director only up to the date of the ensuing Annual General Meeting. As required under Section 160 of the Companies Act, 2013, a notice has been received from a member signifying its intention to propose the appointment of Mr. Sandeep Singhi as a Director.

Mr. Sandeep Singhi is Science Graduate and Law Graduate by qualification and is a Senior Partner of Singhi & Co., Advocates & Notary, Ahmedabad. He has over 27 years of experience in legal field. He is enrolled as an Advocate with the Bar Council of Gujarat since 1989 and also as a member of the International Bar Association.

Mr. Sandeep Singhi has given a declaration to the Board that he meets the criteria of independence as provided under Section 149(6) of the Act and Regulation 16 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. In the opinion of the Board, he fulfils the conditions specified in the Act read with rules made thereunder for appointment as an Independent Director and he is independent of the management.

Mr. Sandeep Singhi is not disqualified from being appointed as Director in terms of Section 164 of the Act and has given his consent to act as Director.

In compliance with the provisions of Section 149 read with Schedule IV of the Act, the appointment of Mr. Sandeep Singhi as an Independent Director is now being placed before the Members for their approval.

The terms and conditions for appointment of Mr. Sandeep Singhi as an Independent Director of the Company shall be open for inspection by the members at the Registered Office of the Company during normal business hours on any working day.

Brief resume and other details of Mr. Sandeep Singhi are provided in annexure to the Notice pursuant to the provision of SEBI (Listing Obligations and Disclosure Requirements) Regulation, 2015 and the Secretarial Standard on General Meetings ("SS-2"), issued by the Institute of Company Secretaries of India.

The Board of Directors recommends the said resolution for your approval.

Mr. Sandeep Singhi is deemed to be interested in the said resolution as it relates to his appointment.

None of the other Directors or key managerial personnel or their relatives is, in anyway, concerned or interested in the said resolution.

For Item No. 4 & 5:

The Board of Directors on the recommendation of Nomination and Remuneration Committee at its meeting held on October 31, 2018, appointed Mr. Sagar R. Adani, as an Additional Director and Executive Director of the Company for a period of five years w.e.f October 31, 2018.

Brief resume and other details of Mr. Sagar R. Adani are provided in annexure to the Notice pursuant to the provision of SEBI (Listing Obligations and Disclosure Requirements) Regulation, 2015 and the Secretarial Standard on General Meetings ("SS-2"), issued by the Institute of Company Secretaries of India.

Total	42,99,99,797	27.49

The Company has not entered into any material foreign collaboration.

II. Information about the Appointee

1. Background details:

The background details and profile of Mr. Sagar R. Adani are provided in annexure to the Notice pursuant to the provision of SEBI (Listing Obligations and Disclosure Requirements) Regulation, 2015 and the Secretarial Standard on General Meetings ("SS-2"), issued by the Institute of Company Secretaries of India.

2. Past remuneration:

Mr. Sagar R. Adani was paid ₹ 50.00 Lakhs as the remuneration for the last financial year 2018-19.

3. Recognition or awards: Nil

4. Job Profile and suitability:

Mr. Sagar R. Adani is leading the Adani group's foray into Renewable Energy and is associated with the Company since its Incorporation. He is responsible for achieving the group's vision. He aims to build the group's identity around an integrated business model, backed by his sound understanding of new processes, systems and macroeconomic issues, coupled with his growing experience.

5. Remuneration Proposed:

It is proposed to pay ₹ 100.00 lakhs per annum including salary, perks and other benefits with a liberty to the Board of Directors or Nomination and Remuneration Committee to revise the remuneration without approval of Shareholders within the prescribed ceiling limit of Schedule V and other applicable

provisions of the Companies Act, 2013, as applicable from time to time.

In the event of absence or inadequacy of profits of the Company in any financial year, Mr. Sagar R. Adani will be entitled to receive the remuneration, perquisites and benefits as aforesaid, subject to the compliance with the applicable provisions of Schedule V of the Companies Act, 2013.

Mr. Sagar R. Adani shall not be paid any sitting fees for attending the meeting of the Board of Directors or Committee thereof.

6. Comparative remuneration profile with respect to industry, size of the Company, profile of the position and person:

The current remuneration being paid to the Executive Director (looking at the profile of the position and person) is lower than the remuneration being paid by the Companies of comparable size in the industry in which the Company operates.

7. Pecuniary relationship directly or indirectly with the company, or relationship with the managerial personnel, if any:

Mr. Sagar R. Adani is son of Mr. Rajesh S. Adani and nephew of Mr. Gautam S. Adani, Promoters of the Company.

III. Other Information

1. Reasons of loss or inadequate profits and steps taken or proposed to be taken for improvement:

The Industry in which the Company alongwith its Subsidiaries are operating, is very much capital intensive and involves huge amount of investment in the fixed assets. On account of this, the Company has large amount of Depreciation being accounted in its books on consolidated basis. Hence, despite making cash profits in business operations, the Company earns loss, which is notional in nature. No specific steps are required to take and proposed to be taken for improvement.

However, the Company continues to strive for minimum cost and maximum output strategy. Further, the Company on a consolidated basis, continues to participate in competitive bids, which, if won, will bring economical strength to the Company.

2. Expected increase in productivity and profits in measurable terms:

The Company participates in bids / tenders floated by various government / semi-government authorities to add the portfolio capacity on consolidated basis. However, these bids / tenders are competitive in

nature and hence, it is not possible to count how much capacity will be added in the Company's portfolio.

IV. Disclosures:

The disclosures as required on all elements of remuneration package such as salary, benefits, bonuses, pensions, details of fixed components and performance linked incentives along with performance criteria, service contract details, notice period, severance fees, etc. have been made in the Boards' Report under the heading "Corporate Governance Report" forming part of the Annual Report for 2018-19.

The Board of Directors felt that it is in interest of the Company to avail services of Mr. Sagar R. Adani as an Executive Director of the Company. He is not disqualified from being appointed as Director in terms of Section 164 of the Act.

The Board of Directors recommends the said resolution for your approval.

Except Mr. Gautam S. Adani, Mr. Rajesh S. Adani, Mr. Sagar R. Adani and their relatives, none of the other Directors or Key Managerial Personnel or their relatives is, in anyway, concerned or interested in the said resolution.

This along with the relevant resolution, may be treated as an Abstract pursuant to Section 190 of the Companies Act, 2013.

For Item No. 6:

The members may please be informed that the Non-Executive Directors have been spending considerable time and efforts in discharging their responsibilities and also contributing to the overall performance and progress made by the Company. In recognition of their contribution, the resolution proposes to seek approval of members in accordance with Section 197 of the Companies Act, 2013 ("Act") in order to pay commission to non-executive director(s). The Board of Directors will determine each year the specific amount to be paid as commission to the Non-Executive Director(s), which shall not exceed 1% of the net profits of the Company for that year, as computed in the manner referred to in Section 198 of the Act.

The payment of commission would be in addition to the sitting fees payable for attending meetings of Board and Committees thereof, if any.

The Board of Directors, therefore, recommends the resolution set out in item no. 6 for your approval as an ordinary resolution.

Save and except the Non-Executive Directors of the Company and their relatives, to the extent of their share interest, if any, in the Company, none of the Directors, Key Managerial Personnel of the Company or their relatives, is concerned or interested in the resolution set out at Item No. 6 above.

For Item No. 7:

The Company proposes to have flexibility to infuse additional capital, to tap capital markets and to raise additional long term resources, if necessary in order to sustain rapid growth in the business, for business expansion and to improve the financial leveraging strength of the Company. The proposed resolution seeks the enabling authorization of the members to the Board of Directors (hereinafter referred to as "Board" which term shall include any committee thereof) to raise funds to the extent of ₹ 5,000 Crores (Rupees Five Thousand Crores Only) or its equivalent in any one or more currencies, in one or more tranches, in such form, on such terms, in such manner, at such price and at such time as may be considered appropriate by the Board (inclusive at such premium as may be determined) by way of issuance of equity shares of the Company ("Equity Shares") and/or any instruments or securities including Global Depository Receipts ("GDRs") and/or American Depository Receipts ("ADRs") and/or convertible preference shares and/or convertible debentures (compulsorily and/or optionally, fully and/or partly) and/or non-convertible debentures (or other securities) with warrants, and/or warrants with a right exercisable by the warrant holder to exchange or convert such warrants with equity shares of the Company at a later date simultaneously with the issue of Foreign Currency Convertible Bonds ("FCCBs") and/or Foreign Currency Exchangeable Bonds ("FCEBs") and/or any other permitted fully and/or partly paid securities / instruments / warrants, convertible into or exchangeable for equity shares at the option of the Company and/or holder(s) of the security(ies) and/or securities linked to equity shares (hereinafter collectively referred to as "Securities"), in registered or bearer form, secured or unsecured, listed on a recognized stock exchange in India or abroad whether rupee denominated or denominated in foreign currency by way of private placement or otherwise.

The Special Resolution also seeks to empower the Board to undertake a qualified institutions placement ("QIP") with qualified institutional buyers ("QIBs") as defined by SEBI under Issue of Capital and Disclosure Requirements Regulations, 2009. The Board may in their discretion adopt this mechanism as prescribed under Chapter VIII of the SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2009 ("ICDR Regulations"). Further in case the Company decides to issue eligible securities within the meaning of Chapter VIII of the ICDR Regulations to QIBs, it will be subject to the provisions of Chapter VIII of the ICDR Regulations as amended from time to time. The aforesaid securities can be

issued at a price after taking into consideration the pricing formula prescribed in Chapter VIII of the ICDR Regulations. Allotment of securities issued pursuant to Chapter VIII of ICDR Regulations shall be completed within twelve months from the date of passing of the resolution under Section 42 and 62 of the Companies Act, 2013. This Special Resolution gives (a) adequate flexibility and discretion to the Board to finalise the terms of the issue, in consultation with the lead managers, underwriters, legal advisors and experts or such other authority or authorities as need to be consulted including in relation to the pricing of the issue of Securities which will be a free market pricing and may be at premium or discount to the market price in accordance with the normal practice and (b) powers to issue and market any securities issued including the power to issue such Securities in such tranche or tranches with/without voting rights or with differential voting rights.

The detailed terms and conditions for the issue of Securities will be determined in consultation with the advisors, and such Authority/Authorities as may be required to be consulted by the Company considering the prevailing market conditions and other relevant factors.

The consent of the shareholders is being sought pursuant to the provisions of Section 42, 62 and other applicable provisions of the Companies Act, 2013 and in terms of the provisions of the listing agreement to be entered into / entered into by the Company with Stock Exchanges where the Equity Shares of the Company are being listed. Since the resolution involves issue of Equity Shares to persons other than existing shareholders, special resolution in terms of Section 42 and 62 of the Companies Act, 2013 is proposed for your approval. The amount proposed to be raised by the Company shall not exceed ₹ 5,000 Crores (Rupees Five Thousand Crores Only).

The Equity shares, which would be allotted, shall rank in all respects pari passu with the existing Equity Shares of the Company, except as may be provided otherwise under the terms of issue/offering and in the offer document and/or offer letter and/or offering circular and/or listing particulars.

The Board recommends the said resolution for your approval.

None of the Directors or any key managerial personnel or any relative of any of the Directors of the Company or the relatives of any key managerial personnel is, in anyway, concerned or interested in the above resolution.
