1.1 Background

The Issuer(s) i.e. Adani Renewable Energy (RJ) Limited, Wardha Solar (Maharashtra) Private Limited and Kodangal Solar Parks Private Limited are committed to generate and provide reliable power in a sustainable manner by optimizing the use of renewable energy resources with innovative eco- friendly technologies thereby contributing to the economic development of the nation, social upliftment of the society and promoting a healthy environment.

Within the purview of the framework, the Issuers have issued USD 362.5 million green bond at a coupon of 4.625% to re-finance its eligible green projects.

1.2 Use of proceeds

The amount raised has been allocated for re-financing of “Eligible Green Projects” as defined in the Green Bond framework i.e. for solar electricity generation facilities where a 100% of electricity generated from the facility is derived from solar energy resources.

1.3 Selection of projects and monitoring of proceeds

Proceeds raised by the “Issuers” have been exclusively used for re-financing of Eligible Green Projects in the form of solar energy projects. Net proceeds from the bond after deducting fees and expenses have been deposited in an Escrow Account. The funds in the Escrow Account have been used to refinance existing external indebtedness and shareholder loan stemming from expenditures related to the eligible projects.

1.4 Impact of green bonds

The proceeds of the green bond have been utilized in augmenting solar energy capacities, with a significant impact of avoidance of emissions of carbon dioxide (CO₂) apart from other air pollutants associated with energy generation. The CO₂ emission reductions from the eligible solar projects during the Financial Year (FY) 2023-24 are shared below.

S. No.	Name of Project	Project Type	Capacity (in MW)	Annual Generation (MWh/year) during FY 2023- 24	Projected emission reductions (t CO ₂ / year) during FY 2023-24 ¹
Adani Renewable Energy (RJ) Limited					
1	1 solar project of 200 MW in Hebbal village of B.Bagewadi taluka in Vijayapur district, Karnataka	Solar	200	478,401	342,535
Wardha Solar Maharashtra Private Limited
