**ADANI GREEN ENERGY (AGEL)** and Adani Transmission (ATL) have declared their energy compact goals as part of COP26, primarily adhering to the Sustainable Development Goal 7 (SDG 7).

AGEL, the world's largest solar power developer, and Adani Transmission, India's largest private sector power transmission & retail distribution company, have declared their energy-compact goals as part of COP26, primarily adhering to SDG

The commitment will also support the targets taken by the Government of India and its commitment to the UN Energy Compact, a statement said

7, the company said in a statement.

The SDG 7 defines a set of goals to be achieved by 2030. The companies are to ensure universal access to affordable, reliable, and modern energy services and increase substantially the share of renew-

able energy in the global energy mix, it added. Both AGEL and ATL have centred their business strategy around the achievement of SDGs across all their activities, with SDG 7 as the cornerstone.

AGEL's and ATL's commitment will also support the targets taken by the Government of India and its commitment to the UN Energy Compact, it stated.

India has committed to increasing the installed capacity of renewable energy to 450 GW by 2030 and to the production-linked incentive scheme to add 10 GW solar PV manufacturing capacity by 2025.
